Why Digital Matters

Making learning convenient and flexible for students means empowering them to study when and how they want. With 84% of college students preferring a blended learning environment, and 78% agreeing that technology contributes to successful learning, students clearly want to study online and on their mobile phones. Research shows they're right.

MindTap for Criminal Justice provides the most applied-learning experience available, preparing students to become thoughtful decision-makers in their future as professionals faced with real-world challenges. A rich array of media assets — all of which are tagged by learning objective and Bloom’s Taxonomy level — engages students, guides them toward mastery of basic concepts, and advances their critical thinking abilities. Plus, many MindTap for Criminal Justice courses are Quality Matters Certified.

Included in every chapter:

- Learning Objectives. Chapter-opening learning outcomes spotlight what's important.
- Visual Summary. Interactive graphic captures key chapter concepts to preview and reinforce reading.
- Video Case. Timely cases based on today’s headline-making stories enhance relevancy.
- You Decide/Justify. Branching activities related to scenarios students might encounter in their future careers enable students to practice decision-making skills (rubrics provided).
- Exam. 25-question multiple choice quiz checks understanding.

Additionally, each text part closes with a Writing Skill Builder. These writing activities feature a selection of Basic Writing Aplia review exercises together with writing assignments which challenge students to utilize a unique Cengage decision-making framework in essays on key chapter concepts (rubrics provided).

Finally, MindTap for Criminal Justice also includes:

- Questia App. A 24/7 online library of 80,000 + full-text books and 9 million journal and periodical articles from top peer-reviewed sources (not easily available anywhere else on the Web) with tools and video tutorials to help students organize and cite research with ease.
- Careers in Criminal Justice App. A career rolodex, video interviews with practicing criminal justice professionals, career planning information, and much more.
- Pathbrite ePortfolio App. A canvas students can use to illustrate their knowledge, experience and accomplishments by simply dragging and dropping digital media into their ePortfolios.
- Study Skill Builder. A quick review of basic study skills – managing time, using the textbook effectively, taking notes, etc.

Cengage Testing Powered by Cognero is a flexible, online system that allows you to author, edit, and manage test bank content from multiple Cengage solutions. Create multiple test versions in an instant, and deliver tests from your LMS, your classroom or wherever you want.
