Why Digital Matters

Making learning convenient and flexible for students means empowering them to study when and how they want. With 84% of college students preferring a blended learning environment, and 78% agreeing that technology contributes to successful learning, students clearly want to study online and on their mobile phones. Research shows they’re right.

Learning Management System (LMS) Integration

LMS integration reduces the time and energy required to set up courses, sign into the system, find the right materials for the current unit or assignment, correct online assignments, and post grades. This service is designed to deliver an optimal user experience through the LMS currently in use — facilitating learning retention and contributing to better outcomes.
