

### Why Digital Matters

Making learning convenient and flexible for students means empowering them to study when and how they want. With **84%** of college students preferring a blended learning environment, and **78%** agreeing that technology contributes to successful learning,<sup>1</sup> students clearly want to study online and on their mobile phones. Research shows they're right.

With Cengage Learning's Instructor Resources to accompany many of our books, preparing for class and evaluating students has never been easier!

<sup>1</sup> EDUCAUSE Student Study 2016
