COLLABORATION TOOLS

EXTEND THE REACH OF YOUR RESOURCES

G Suite for Education
- Easily integrate trusted Gale content directly into Google Classroom.
- Enable students and teachers to easily access, share, save, and download content—including highlights and notes.

Google Classroom: Chrome Apps
- Make it even easier for students and teachers to access Gale content from their mobile devices.
- Apps for many of your favorite Gale products are available for free download through the Chrome Web Store.

DISCOVERY SERVICES

IMPROVED ACCESS AND BETTER DISCOVERY

Streamlined Discovery
- Access your Gale products with just a single sign-on through popular services like Google, ClassLink, Clever, and more.
- Gale's online resources are easy to find and integrate within library discovery services, the open web, and in the classroom.

CITATION TOOLS

MAKE CITING WORK LESS WORK

Automated Citations and Resources
- Citation tools are directly integrated into the student's work flow and support MLA, APA and Chicago-style citations.
- Formatted citations can be quickly exported to EasyBib, NoodleTools, or other citation management tools from a single document or a collection of saved documents.

GALE PAGES

CUSTOMIZED RESOURCE SITE

Improve access to your library's online resources
- Drive more traffic to your valuable resources with an instant site generator.
- Custom websites are mobile responsive, easy to navigate, and student focused.
- Customize your new page anytime by visiting *support.gale.com/galepages* or work with your Gale Customer Success Manager.

ACHIEVE YOUR DESIRED OUTCOMES

Gale is dedicated to ensuring you get the most from our partnership. Together, we can provide the tools necessary to help learners thrive.

GET STARTED

Let's talk about your goals! Schedule a consultation and implementation call to establish authentication methods and resource discoverability. Increase usage and discovery with direct URLs, MARC records, icons, widgets or development of custom web pages.

GET SUPPORT

Access an online library of training resources any time and share with teachers and students. Get instant insight into system status via *support.gale.com* as well as around-the-clock technical support from our US-based team.

GET RESULTS

From curriculum alignment and lesson planning to increasing awareness and usage - improve student engagement, encourage collaboration and foster critical thinking. Let's integrate content into your day-to-day work flow.

GET CONNECTED

Contact Customer Success to ensure effective implementation and promotion of your Gale resources. Discuss best practices for analyzing or increasing usage, marketing, training, and more.
