CITATION TOOLS

MAKE CITING WORK LESS WORK

Automated Citations and Resources

- With Gale products citations tools are directly integrated into the user's work flow and support MLA, APA and Chicago-style citations. Formatted citations can be quickly exported to EasyBib, NoodleTools, or other citation management tools from a single document or a collection of saved documents.

DISCOVERY SERVICES

FEWER PASSWORDS + IMPROVED ACCESS + BETTER DISCOVERY

Single Sign-on (SSO) Capability

- Gale promotes discovery of its online products and databases within library discovery services, the open web, and in the classroom.
- Gain access to your Gale products with just a single sign-on through popular services like Google, Microsoft, ClassLink, and Clever and Clever.

COLLABORATION TOOLS

EXTEND THE REACH OF YOUR RESOURCES

G Suite for Education and Microsoft Office 365 Tools

- Many of our products are integrated with G Suite for Education and Microsoft Office 365 collaboration tools. These enable users to easily access, share, save, and download content—including highlights and notes.

Chrome Apps

- Now you can access many of your favorite Gale products via apps available for free download through the Chrome Web Store. This makes it even easier for students and instructors to access Gale content from their mobile devices.
