Use the quick tips below to get started at

BROWSE FOR INSTRUCTIONAL INSPIRATION

1. Explore the *Gale eBooks* homepage. Click any title's cover to access its **Table of Contents**.
2. Use the **View eBook** button to jump to the first page and flip through the book in print layout. Or, choose chapter links to access portions of the book as html with text and images flowing down the browser page.

SEARCH FOR ANSWERS TO TEACHING CHALLENGES

1. Use the basic search box to find relevant results across all available professional learning eBooks at the chapter level. Or, select a collection heading to search for relevant chapters within that group of titles.
2. Scroll to explore and **Filter Your Results** by subject, document type, and more. Simply click a chapter title to access and read the content.

EXTEND YOUR LEARNING

While in Text View, click and drag your mouse to select text. Then use the pop-up menu to add **Highlights and Notes**. Be sure to **Download**, **Print**, or use **Send to...** to export your work before exiting *Gale eBooks*.

To share chapters of interest, use **Get Link** to create, copy, and paste a persistent URL. Or, use **Send to...** to add a chapter to Google Drive™ or Microsoft OneDrive™ and share with colleagues from there.
