

CHROME EXTENSION INSTALLATION

Enable users to view and access content from Gale's *Opposing Viewpoints In Context* within Google results. Follow the steps below to install the chrome extension (beta) to an individual computer.

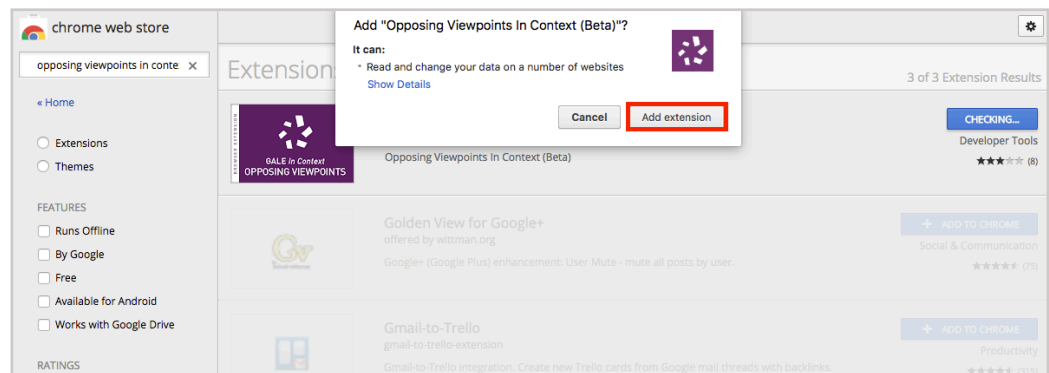

STEP ONE: Open your Chrome Browser. Execute a Google search for Chrome Web Store, or visit <https://chrome.google.com/webstore/>. In the search field, type *Opposing Viewpoints In Context*.

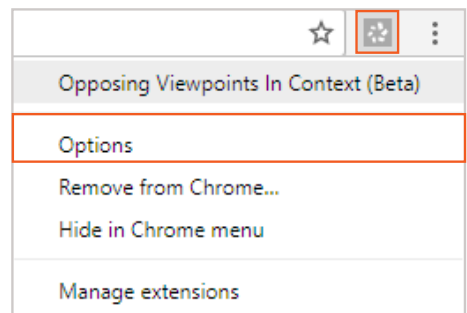

STEP TWO: Under *Extensions*, find *Opposing Viewpoints in Context* and click **+ ADD TO CHROME**.

STEP THREE: Choose **Add extension**

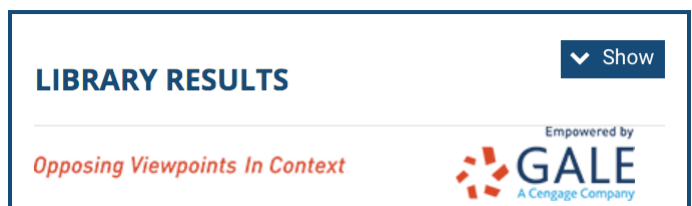

STEP FOUR: Select the *Opposing Viewpoints In Context* extension icon that is located in the upper right of the browser window and choose **Options** from the dropdown menu.

STEP FIVE: Enter the values for Library Name, Gale Library Location Id, and Gale Library Location Id Password. Click **Save** to complete the installation. A message will appear at the bottom of the window verifying that the settings have been updated. Close the Options page and refresh the search.

When successfully installed, the *Opposing Viewpoints In Context* extension will appear on the right side of your Google search results.
