

# CREATING AND USING AN ACCOUNT

Creating a named user account within *Gale Presents: Peterson's Test and Career Prep* allows you to favorite pages for later use and save your progress within practice tests. Utilize this document to create your account and better understand the benefits for you.

## CREATE ACCOUNT:

Select **New User Sign Up** in the top right of the homepage.

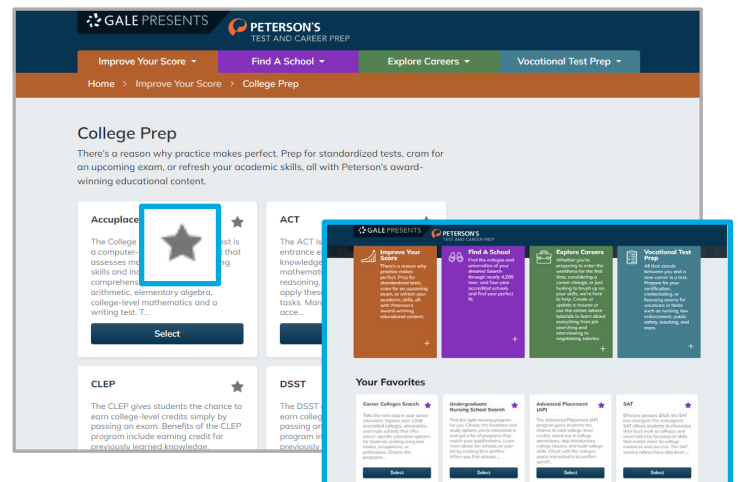

Enter your information. An email is not required, but it is the easiest way to reset your password. If you choose to add an email it will automatically become your username.

## SEARCH, BROWSE, AND CREATE FAVORITES:

While signed into your account search and browse for practice tests, colleges, scholarships, and careers.

Select the **Favorite** star to save your selections. Your favorites will appear on the homepage.

## UTILIZE THE CONTENT:

Now that you have created an account and favorited content, start to explore!

Starting a practice test when signed in will allow you to track your progress, review your grades, and save the test to continue late.

Signing into an account will also allow you to create and store a resume to use in a job search.
