Missionary Correspondence

1846-1912 (bulk: 1890-1912)

28 rolls

Processed by: Archives staff at the United Methodist Church Archives of the General Commission on Archives and History, a general agency of The United Methodist Church located in Madison, New Jersey.

How to Use This Finding Aid

The following pages contain an administrative history of the agency which gives summary information about the agency's history and development; followed by a general description of the collection in the scope and content note. If more detailed information is warranted then series descriptions also appear. The container listing appears last and is the listing of material in each box, or container, of this collection.

The reel listing section is essentially a listing of file folders, or artifact items, in the collection. Each folder, or item, is listed next to the reel on which it can be found. Each folder also lists the inclusive dates of the material in the folder.

Restrictions

Denominational agency journals, reports and committee minutes are open to the public unless they have been closed in accordance with requirements specified in the *Discipline*. Denominational agency staff office records are closed for 25 years after creation. Personnel records are closed for at least 75 years. Appeals can be made to the General Commission on Archives and History, P.O. Box 127, Madison, NJ 07940.

Detailed use restrictions relating to our collections can be requested from the office of the archivist at the General Commission on Archives and History. Before using any material for publication from this collection a formal request for permission to publish is expected and required.

Source of Acquisition

This material was acquired under paragraph 1711 of the *Discipline* of The United Methodist Church which requires a normal and routine transfer of agency records to the Archives. Please contact the Archives if you have any questions about the origin or transfer procedure of an individual series, or components, of this collection.

Preferred Citation

When citing material from this collection please use the following format: *Direct reference to the item or its file folder*, Missionary Files - 1897-1940, United Methodist Church Archives - GCAH, Madison, New Jersey.

History Note

For a complete history please refer to the Agency history volume for this record group. The correspondence in this part was created under the Missionary Society of the Methodist Episcopal Church. The Missionary Society was created in 1820 and was reorganized in 1907. Prior to the 1907 reorganization the Society handled both foreign and domestic missions. The material in this subseries represents the foreign missionary concerns of the Society and its successor, the Board of Foreign Missions.

Scope and Content Note

These files are primarily incoming correspondence from missionaries in the field. See Volume One/Part Two for correspondence from the Board for this same time period. The files may also contain reference material about missionaries, or about mission stations or conferences. The filing system is arranged by geographic area and then alphabetically by name within that area (or conference). Correspondence is typically more full and complete for the files in the early subseries; for the time period of the 1890s until the 1920s. As the series progresses the files become smaller and more formal.

Organization and Arrangement

The missionary files series is composed of correspondence from missionaries in the field to the Missionary Society (or Board of Foreign Missions) and correspondence from the Society, or Board, to its missionaries. The former we refer to as "missionary correspondence," while the later is "board correspondence." The filing arrangements reflect different systems used at the Board over periods of time. No attempt has been made to alter or restructure the original filing system. Some of the files in this series are arranged by geographic area, or mission conference and then alphabetically by missionary's last name. Some of the files in this series are arranged alphabetically by missionary's last name and there may be no direct reference to the geographic area served by the missionary. The following areas are represented in this subseries: Africa; Europe; India; Malaya; Mexico; Philippines; South America; West Indies-Porto Rico. Bishops are generally listed first, followed by the rest of the missionaries.

Africa	4
Europe	8
India	10
Malaya	17
Mexico	18
Philippines	19
South America	20
West Indies: Porto Rico	23
