Introduction

The purpose of this finding aid is to help you understand the nature of this collection and to assist you in using the microfilm. The following pages contain an administrative history of the agency which gives summary information about the agency's history and development followed by a general description of the collection in the scope and content note. The container listing appears last and is the listing of material in each roll and frame of this collection.

This correspondence was begun under the Board of Foreign Missions of Methodist Episcopal Church and continued by the Division of Foreign Missions of the Board of Missions and Church Extension of the Methodist Church.

BOARD OF FOREIGN MISSIONS (Methodist Episcopal Church) [1907-1939]

The Board of Foreign Missions was organized on January 1, 1907. Along with the Board of Home Missions and Church Extension, it replaced the Missionary Society in a reorganization of the Church's benevolent agencies. It is the successor to the Missionary Society so far as relates to foreign work. Its objectives were religious and philanthropic, designed to share the Christian faith through promotion and support of Christian Missions and educational institutions in foreign countries—and providing for their support—and also in other places not on the continent of North America. The board maintained its headquarters in New York City.

BOARD OF MISSIONS AND CHURCH EXTENSION (Methodist Church) [1939-1952]

This board, a merger of the missionary interests (both home and foreign, both general and women's) of the three uniting denominations, was organized in July 1939 and was so named until 1952. Its aim was to make the Lord Jesus Christ known to all peoples in all lands as their divine Savior, to persuade them to become his disciples, and to gather these disciples into Christian churches; to enlist them in the building of the Kingdom of God; to cooperate with these churches; to promote world Christian fellowship; and to bring to bear on all human life the spirit and principles of Christ.

DIVISION OF FOREIGN MISSIONS (Methodist Church) (Board of Missions and Church Extension of The Methodist Church)

This division administered and promoted the work of missions outside the United States and its dependencies formerly administered by the Board of Foreign Missions of the MEC, and the work outside of the United States of the Board of Missions, General Section, of the MECS, and the Board of Missions of the MPC (with the exception of the such activities of the Woman's Convention of the MPC). In cooperation with the Departments of Work in Foreign Fields of the Woman's Division, this division formulated plans and policies for the administration of Foreign Missions, considered the lines of work, fields to be occupied, and various enterprise, and made recommendations to the Board for approval. An Inter-Division Committee existed which coordinated and correlated the programs and policies for foreign fields subject to the approval of the Board.

Scope and Content

This section of the Missionary files series is composed of correspondence to missionaries from the Board and from missionaries to the Board. The incoming and out-going correspondence are filed together under each missionary's name. The files may contain reference material about missionaries, or about mission stations or conferences. The time span of the material is from 1912-1949.

The material is arranged by geographic location and then by conference or area. Within this structure the files were arranged in a haphazard fashion. There was no attempt to impose any order on the files at this level. In some cases, files, which appear to belong in the missionary administrative series, have been left in this series. This is because they were surrounded by missionary files and most of the correspondence is actually directed toward one person, rather than to the institution.
