HERSTORY

An exhaustive, collective and organizational effort by the Women's History Library, Berkeley, California, has produced one of the most comprehensive collections of publications on the evolution of modern women obtainable today. The International Women's History Periodical Archive contains journals, newspapers and newsletters of women's liberation and women's civic, religious, and professional and peace organizations from all over the world.

All materials have been donated to the Women's History Library by the groups that published them, due to the Library's lack of funding for staff or acquisitions. If any periodicals or issues have been omitted, the publishing group was unable to donate the materials, or the library was not aware of their existence.

This collection has been preserved on microfilm by the Micro Photo Division of the Bell & Howell Co. All issues have been filmed exactly as printed in order to maintain the integrity of the titles as published.

The titles, arranged chronologically by issue, appear alphabetically within three major categories:

NEWSPAPERS (P)
JOURNALS (J)
NEWSLETTERS (L)

The materials are organized this way because they constitute three separate departments in the Women's History Library, which differentiates among them because of format and characteristic intervals of publication.

NEWSLETTERS of the following national organizations are arranged chronologically by issue and alphabetically by geographic chapter location within the organization:

DAUGHTERS OF BILITIS
(DOB)

NATIONAL ORGANIZATION FOR WOMEN
(NOW)

WOMEN'S INTERNATIONAL LEAGUE
FOR PEACE AND FREEDOM
(WILPF)

WOMEN STRIKE FOR PEACE
(WSP)

The following Table of Contents indicates the titles appearing on each reel of microfilm. All titles are complete through September, 1971, with a few exceptions as indicated.

THE INTERNATIONAL WOMEN'S HISTORY PERIODICAL ARCHIVE

The International Women's History Periodical Archive, from which the HERSTORY microfilms were made, is a collection of serial literature assembled by the Women's History Research Center since 1968. This literature constitutes a detailed record of women's personal and political changes during the resurgence of the feminist movement. All the material -- dating from 1956 through June, 1974 -- was donated to the Archive by its publishers.

Northwestern University, Evanston, Illinois, took over the Archive in late 1974. The library there will continue to expand the collection, and seek funds to microfilm the materials published after June, 1974.

The HERSTORY Microfilms

The HERSTORY microfilms are issued in three sets (see chart) : the initial HERSTORY* (HERSTORY 1) covers the period 1956 through September 1971. HERSTORY Supplementary Sets I and II cover subsequent material from October 1971 through June 1974 (with exceptions as described below). Both Supplementary Sets were produced by the Women's History Research Center itself, with the technical assistance of Research Publications, Inc., of Woodbridge, Connecticut.

This is the reel guide to HERSTORY Supplementary Set I (mostly material from October 1971 through June 1973); Supplementary Set I is composed of these microfilms:

HERSTORY 1 ADDENDA REEL
HERSTORY 1 UPDATE
HERSTORY 2

HERSTORY 1 ADDENDA REEL contains fill-in issues of titles appearing on HERSTORY 1. Because they were published before October, 1971, these should have been included in HERSTORY 1, but were donated after its completion.

HERSTORY 2 contains new titles: serials from the time span October 1971 through June, 1973, virtually all of which began publication after October, 1971. (The exceptions to this are a few titles which began publishing before October, 1971, but were donated after that date. Sometimes issues dating before October 1971 were also donated for these titles).

HOW TO USE THE REEL GUIDE

HERSTORY 1 ADDENDA REEL, HERSTORY 1 UPDATE, and HERSTORY 2 are listed separately in this Reel Guide, with the serials listed in the order microfilmed. Reel numbers appear at the top of the page, and each serial is cited under the number of the reel it appears on. Where a reel ends, a line is drawn across the column.

DATES:

All issues of a particular serial are shown chronologically under that title, and each issue has a citation which indicates (where available) the volume, number, and date. On some serials, volumes, numbers, and

*HERSTORY 1 was published by Bell & Howell in 1972, and donated to Women's History Research Center, Inc., in 1975. The Reel Guide to HERSTORY 1 is currently available.

dates are given only sporadically, this is because the publications themselves have not always been consistent in giving this information.

Any chronological gaps represent issues that were either never published or were not available for micro-filming. Titles that have ceased publication have been noted when we had definite information to that effect; former titles, cited in the Reel Guide in parentheses after the current title, are also included in the Title Index, with a cross reference to the present title.

It is important to note that where a discrepancy of any kind exists between information on the title blocks on the microfilm, and information in the Reel Guide, the Reel Guide is correct. Also, the Title Index is in alphabetical order; the Reel Guide follows the order of the periodicals on the microfilm, and reflects errors made in alphabetical order, and classification, during the filming.

NATIONAL ORGANIZATIONS

All titles are arranged alphabetically within the microfilm, except in the case of the following national organizations, where the name of the organization itself is used as the main entry for each of its serials:

Daughters of Bilitis
Modern Language Association
National Organization for Women
National Women's Political Caucus
Women's Equity Action League
Women's International League for Peace and Freedom
Women Strike for Peace*

To find a title published by one of these groups in the Reel Guide, locate the name of the main organization, followed by the specific locality of the publication. When a location is prefaced by a qualifying word, such as "Northern," "Greater," etc., it will be alphabetized under that qualifying word, under the name of the organization; e.g., National Organization for Women-Greater Kansas City, rather than National Organization for Women-Kansas City, Greater.

If the publication also has a title, the title is added in parentheses. Cross references from these distinct titles to the main entry have been provided in the Title Index.

WOMEN'S LIBERATION, WOMEN'S CENTER, and FEMALE LIBERATION NEWSLETTER:

Newsletters issued under the general headings of WOMEN'S LIBERATION, WOMEN'S CENTER, and FEMALE LIBERATION are listed in the Reel Guide under these general headings, followed by the locality or the affiliate institution of the newsletter. A newsletter from the Women's Center in Cambridge, Massachusetts, would be entered and alphabetized as WOMEN'S CENTER - CAMBRIDGE. If, however, the newsletter has a distinct title, such as JOYOUS STRUGGLE, it would be found under that title. All WOMEN'S CENTER, WOMEN'S LIBERATION, and FEMALE LIBERATION newsletters are cross referenced under their general heading in the Title Index.

ACRONYMS AND ABBREVIATIONS:

Acronyms and abbreviations have not been used as main entries; cross references from them, however, have been provided in the Title Index.

*Some chapters of this organization call themselves Women for Peace chapters. Women Strike for Peace and Women for Peace are the same organization.

TITLE INDEX

There is one Title Index for both of the HERSTORY Supplementary Set Reel Guides. It is an integrated list of every title in both sets, providing specific alphabetical access to a publication's title by its Supplementary Set number (I or II) and the page on which it appears in the Reel Guide. Thus, AKAMA! SISTER, which appears on page 1 of the Reel Guide to Supplementary Set I, will be noted I - 1.

Each publication is entered in the Title Index under the name used in its most recent issue, as of July 1974 (except in the cases of national organizations, Women's Centers, Women's Liberation and Female Liberation groups, explained above). Thus, the same publication may appear under a different title in Reel Guide I than that used in Reel Guide II; the title used in each volume will be that of the last issue in the microfilm set. The main entry in the Title Index, however, will be that of the last issue in Reel Guide II. All other titles will be alphabetized in the Title Index, with a cross reference to the main entry.

Former titles, acronyms, abbreviations, and distinct titles have been listed alphabetically in the Title Index, with cross reference to the title used as the main entry. All acronyms and abbreviations are given without periods, and alphabetized as if they were words.

LOCATION:

The location given in the Title Index is that of the last issue as of July 1974. This is also true of periodicals such as the Association of Women in Science, that change location frequently, being published from whatever university the editor is currently teaching at, or having a new editor elected from time to time.

Notes from Laura X

The following letter has been included for historical interest, for those who would like a sense of how we interacted with the women's groups whose serials appear on Herstory. As of today, April 4, 1976 portions (at least) of this microfilm series are in over 160 college, high school, public, royal, national, state, polytechnic, and historical libraries around the world; Herstory was also well reviewed in Microform Review (January, 1973).

I would also like to try to thank Bonnie Howard, Liza Flanzreich, Jeanne Fortin, Lyn Vick, Mary Greene, Jeri Mersky, Joanne Schulman, Marion Novack, Kay Snowden, Ann Zane and Sandy Berman for their tireless efforts on the microfilms, reel guide/indices, and flyers. All were overwhelming tasks. A special thanks must go to Paula Lichtenberg, a librarian who rescued the reel reading and editing work and made publication possible, and to Bobbie Kierstead, our general-manager/accountant who pulled the project together when everyone else had given up. She read reels and made title index cards. Elizabeth Snowden has been thoroughly immersed in every aspect of the project. I'm especially grateful for her stamina, wisdom and lucid prose in all our publicity and articles about the project, as well as reel reading and final editing.

We also wish to thank the Special Collections Library of Northwestern University for donating xerox copies of fill-in issues and titles for some serials which they had but WHRC did not.

(Laura is being too modest, she has devoted herself to the processes of collecting, publicizing, microfilming, proofing, editing and distributing - K.S., 11th hour typist).

If people are interested in access to these materials by subject :

1. Our Health/Mental Health and Law microfilms (also distributed by Research Publications, Inc.) contain most of this material arranged by subject with several thousand other sources.

2. Jean Barnett and Ann Pettingill of Cal State L.A. are compiling a subject index to Herstory 1.

President, WHRC

October, 1974

Dear Women's Serials Publishers:

We finally have good news for you! The International Women's History (Periodical) Archive of which you are a part, will soon open again in its new home at the Northwestern University Library (Special Collections Department), in Evanston, Illinois. This offer came only one month before storage was due! Before I had to retire due to ill health, I visited several libraries and found that Northwestern has the second largest women's periodical collection in the world, and the special facilities needed to acquire complete runs of difficult-to-get material.

People all over the country contribute material to them. We helped them set up their research files in 1970, and their staff has been marvelous to us (although they could not pay for our collection) ; for instance, they contributed copies we needed as fill-ins for our latest microfilm, *Herstory* 3, July 1973 - June 1974.

They have a new Women's Program at the university, and also, any member of the public will be able to use the women's collection in the library without charge; this is both through the door and the mails (something we've not been able to afford for almost four years)!

For you it will mean not only more readers, but also, finally, paid subscriptions at your institutional rate, and a secure future for your publications in that archive.

In return, we would like to ask you for three wishes:

1) That you continue to donate one copy so that the one-eighth of staff left can continue to be aware of events at which to publicize our microfilms of your publications (both in complete issue in the Serials microfilm, and in clippings in the Health and Law microfilms).

2) That you publicize this extraordinary event to your readers and ask them to write to Northwestern to encourage them to microfilm the update for materials published after July 1974. Above all, ask your readers to call or go to their local libraries (which can only buy in response to reader/faculty demand) to lobby them to order our microfilms. (The latest one covers the period up to June 30, 1974).

3) Last but not least, as you probably know, my money is long gone, and our grants are gone as of September 30 (1974), and the debts have piled up in the micropublishing program and the search for a new home. And so, we would like you to donate to our Recovery Fund! As a group you may not need a tax deduction this Fall, but, thanks to Ford, some of your readers might.

For Women's Serials information write Wendy Garfield; for Health - Sheryn Sofia; and Law - Joanne Schulman. Great credit is due the 1971-74 Women's Serials Microfilm Department Heads, Dee Dee Lipscomb, Mary Regan, Fran Tornabene, Sharon Hileman, Marlene Hevia, Deborah Spring, and Bonnie Howard. I myself may see you if I'm well enough to be hired as a consultant to a library near you. Thanks for all your past support, please continue.

THE INTERNATIONAL WOMEN'S HISTORY PERIODICAL ARCHIVE

The International Women's History Periodical Archive, from which the HERSTORY microfilms were made, is a collection of serial literature assembled by the Women's History Research Center since 1968. This literature constitutes a detailed record of women's personal and political changes during the resurgence of the feminist movement. All the material -- dating from 1956 through June, 1974 -- was donated to the Archive by its publishers.

Northwestern University, Evanston, Illinois, took over the Archive in late 1974. The library there will continue to expand the collection, and seek funds to microfilm the materials published after June, 1974.

The HERSTORY Microfilms

The HERSTORY microfilms are issued in three sets (see chart): the initial HERSTORY* (HERSTORY 1) covers the period 1956 through September 1971. HERSTORY Supplementary Sets I and II cover subsequent material from October 1971 through June 1974 (with exceptions as described below). Both Supplementary Sets were produced by the Women's History Research Center itself, with the technical assistance of Research Publications, Inc., of Woodbridge, Connecticut.

This is the reel guide to HERSTORY Supplementary Set II (material from July 1973 through June 1974); Supplementary Set II is composed of these microfilms:

HERSTORY 1 Continuing Update
HERSTORY 2 Update
HERSTORY 3

HERSTORY 1 Continuing Update is an update of the serials begun on HERSTORY 1 and continued on HERSTORY 1 Update;† HERSTORY 1 Continuing Update takes these serials through June, 1974, from July, 1973.

HERSTORY 2 Update is a continuation of serials which first appeared on HERSTORY 2,† taking these serials from July 1973 through June 1974.

HERSTORY 3 contains new titles: serials which first began publishing in the period July 1973 to June 1974, and contains issues published between those dates.

HOW TO USE THE REEL GUIDE

HERSTORY 1 Addenda Reel, HERSTORY 1 Update, and HERSTORY 2 are listed separately in this Reel Guide, with the serials listed in the order microfilmed. Reel numbers appear at the top of the

*HERSTORY 1 was published by Bell & Howell in 1972, and donated to Women's History Research Center, Inc., in 1975. The Reel Guide to HERSTORY 1 is currently available.

†For a description of these microfilms, which belong to HERSTORY Supplementary Set I, see the Reel Guide to HERSTORY Supplementary Set I (Women's History Research Center, Inc. 1976)

page, and each serial is cited under the number of the reel it appears on. Where a reel ends, a line is drawn across the column.

DATES:

All issues of a particular serial are shown chronologically under that title, and each issue has a citation which indicates (where available) the volume, number, and date. On some serials, volumes, numbers, and dates are given only sporadically; this is because the publications themselves have not always been consistent in giving this information.

Any chronological gaps represent issues that were either never published or were not available for microfilming. Titles that have ceased publication have been noted when we had definite information to that effect; former titles, cited in the Reel Guide in parentheses after the current title, are also included in the Title Index, with a cross reference to the present title.

It is important to note that where a discrepancy of any kind exists between information on the title blocks on the microfilm, and information in the Reel Guide, the Reel Guide is correct. Also, the Title Index is in alphabetical order; the Reel Guide follows the order of the periodicals on the microfilm, and reflects errors made in alphabetical order and classification, during the filming.

NATIONAL ORGANIZATIONS:

All titles are arranged alphabetically within the microfilm, except in the case of the following national organizations, where the name of the organization itself is used as the main entry for each of its serials:

- Daughters of Bilitis
- Modern Language Association
- National Organization for Women
- National Women's Political Caucus
- Women's Equity Action League
- Women's International League for Peace and Freedom
- Women Strike for Peace*

To find a title published by one of these groups in the Reel Guide, locate the name of the main organization, followed by the specific locality of the publication. When a location is prefaced by a qualifying word, such as "Northern," "Greater," etc., it will be alphabetized by that word, under the name of the organization; e.g., National Organization for Women - Greater Kansas City, rather than National Organization for Women - Kansas City, Greater.

If the publication also has a title, the title is added in parentheses. Cross references from these distinct titles to the main entry have been provided in the Title Index.

WOMEN'S LIBERATION, WOMEN'S CENTER, AND FEMALE LIBERATION NEWSLETTER:

Newsletters issued under the general headings of WOMEN'S LIBERATION, WOMEN'S CENTER, and FEMALE LIBERATION are listed in the Reel Guide under these general headings, followed by the locality or the affiliate institution of the newsletter. A Newsletter from the Women's Center in Cambridge,

*Some chapters of this organization call themselves Women for Peace chapters. Women Strike for Peace and Women for Peace are the same organization.

Massachusetts, would be entered and alphabetized as WOMEN'S CENTER - CAMBRIDGE. If, however, the newsletter has a distinct title, such as JOYOUS STRUGGLE, it would be found under that title. All WOMEN'S CENTER, WOMEN'S LIBERATION, and FEMALE LIBERATION newsletters are cross referenced under their general heading in the Title Index.

ACRONYMS AND ABBREVIATIONS:

Acronyms and abbreviations have not been used as main entries; cross references from them, however, have been provided in the Title Index.

TITLE INDEX

There is one Title Index for both of the HERSTORY Supplementary Set Reel Guides. It is an integrated list of every title in both sets, providing specific alphabetical access to a publications' title by its Supplementary Set number (I or II) and the page on which it appears in the Reel Guide. Thus, AKAMA! SISTER, which appears on page 1 of the Reel Guide to Supplementary Set I, will be noted: I - 1

Each publication is entered in the Title Index under the name used in its most recent issue, as of July 1974 (except in the cases of national organizations, Women's Center's Women's Liberation and Female Liberation groups, explained above). Thus, the same publication may appear under a different title in Reel Guide I than that used in Reel Guide II. The title used in each volume will be that of the last issue in the microfilm set. The main entry in the Title Index, however, will be that of the last issue in Reel Guide II. All other titles will be alphabetized in the Title Index, with a cross reference to the main entry.

Former titles, acronyms, abbreviations, and distinct titles have been listed alphabetically in the Title Index, with cross reference to the title used as the main entry. All acronyms and abbreviations are given without periods, and alphabetized as if they were words.

LOCATION:

The location given in the Title Index is that of the last issue as of July 1974. This is also true of periodicals such as the Association of Women in Science, that change location frequently, being published from whatever university the editor is currently teaching at, or having a new editor elected from time to time.

Notes from Laura X

The following letter has been included for historical interest, for those who would like a sense of how we interacted with the women's groups whose serials appear on Herstory. As of today, April 4, 1976 portions (at least) of this microfilm series are in over 160 college, high school, public, royal, national, state, polytechnic, and historical libraries around the world; Herstory was also well reviewed in Microform Review (January, 1973).

I would also like to try to thank Bonnie Howard, Liza Flanzreich, Jeanne Fortin, Lyn Vick, Mary Greene, Jeri Mersky, Joanne Schulman, Marion Novack, Kay Snowden, Ann Zane and Sandy Berman for their tireless efforts on the microfilms, reel guide/indices, and flyers. All were overwhelming tasks. A special thanks must go to Paula Lichtenberg, a librarian who rescued the reel reading and editing work and made publication possible, and to Bobbie Kierstead, our general-manager/accountant who pulled the project together when everyone else had given up. She read reels and made title index cards. Elizabeth Snowden has been thoroughly immersed in every aspect of the project. I'm especially grateful for her stamina, wisdom and lucid prose in all our publicity and articles about the project, as well as reel reading and final editing.

We also wish to thank the Special Collections Library of Northwestern University for donating xerox copies of fill-in issues and titles for some serials which they had but WHRC did not.

(Laura is being too modest, she has devoted herself to the processes of collecting, publicizing, microfilming, proofing, editing and distributing - K.S., 11th hour typist).

If people are interested in access to these materials by subject :

1. Our Health/Mental Health and Law microfilms (also distributed by Research Publications, Inc.) contain most of this material arranged by subject with several thousand other sources.

2. Jean Barnett and Ann Pettingill of Cal State L.A. are compiling a subject index to Herstory 1.

Dear Women's Serials Publishers:

We finally have good news for you! The International Women's History (Periodical) Archive, of which you are a part, will soon open again in its new home at the Northwestern University Library (Special Collections Department), in Evanston, Illinois. This offer came only one month before storage was due! Before I had to retire due to ill health, I visited several libraries and found that Northwestern has the second largest women's periodical collection in the world, and the special facilities needed to acquire complete runs of difficult-to-get material.

People all over the country contribute material to them. We helped them set up their research files in 1970, and their staff has been marvelous to us (although they could not pay for our collection) ; for instance, they contributed copies we needed as fill-ins for our latest microfilm, *Herstory* 3, July 1973 - June 1974.

They have a new Women's Program at the university, and also, any member of the public will be able to use the women's collection in the library without charge; this is both through the door and the mails (something we've not been able to afford for almost four years)!

For you it will mean not only more readers, but also, finally, paid subscriptions at your institutional rate, and a secure future for your publications in that archive.

In return, we would like to ask you for three wishes:

1) That you continue to donate one copy so that the one-eighth of staff left can continue to be aware of events at which to publicize our microfilms of your publications (both in complete issue in the Serials microfilm, and in clippings in the Health and Law microfilms).

2) That you publicize this extraordinary event to your readers and ask them to write to Northwestern to encourage them to microfilm the update for materials published after July 1974. Above all, ask your readers to call or go to their local libraries (which can only buy in response to reader/faculty demand) to lobby them to order our microfilms. (The latest one covers the period up to June 30, 1974).

3) Last but not least, as you probably know, my money is long gone, and our grants are gone as of September 30 (1974), and the debts have piled up in the micropublishing program and the search for a new home. And so, we would like you to donate to our Recovery Fund! As a group you may not need a tax deduction this Fall, but, thanks to Ford, some of your readers might.

For Women's Serials information write Wendy Garfield; for Health - Sheryn Sofia; and Law - Joanne Schulman. Great credit is due the 1971-74 Women's Serials Microfilm Department Heads, Dee Dee Lipscomb, Mary Regan, Fran Tornabene, Sharon Hileman, Marlene Hevia, Deborah Spring, and Bonnie Howard. I myself may see you if I'm well enough to be hired as a consultant to a library near you. Thanks for all your past support, please continue.
