

TRANSACTIONS
& STUDIES
of
The College of Physicians
of
Philadelphia

Note : In 1937 a new emphasis on retrospective was introduced, and the name changed from Transactions to Transactions & Studies.

MICROFILMED
for the
COLLEGE OF PHYSICIANS
1976

By

SCHOLARLY RESOURCES INC.
Wilmington, Delaware

SR wishes to express its appreciation to the Library of the College of Physicians, 19 South 22nd Street, Philadelphia, Pennsylvania, 19103, and especially to Mrs. Lisabeth M. Holloway for their assistance in this project.

The volumes contained on these films are from that library and were filmed by Scholarly Resources in Wilmington, Delaware in 1976.

TABLE OF CONTENTS.

	Page
<i>TABLES of Diseases from December 1786, to December 1792,</i>	i

I.

<i>Case of a Curvature of the Spine, by Thomas Dolbeare, in a letter to Benjamin Rush, M. D. Censor of the College, and Professor of the Institutes and of Clinical Medicine, in the University of Pennsylvania,</i>	45
--	----

II.

<i>Case of Hydrocephalus Internus, successfully treated by Mercury, by Dr. Michael Leib, Fellow of the College.</i>	49
---	----

III.

<i>Account of a Tetanus from the extraction of two Teeth, successfully treated by the use of Wine and Mercury, by Benjamin Rush, M. D. Sc.</i>	54
--	----

Volume 1
1793

(ii)

IV.

- Account of the Tania discovered in the Livers of
a number of Rats, by Dr. Joseph Capelle of
Wilmington,* 60

V.

- Case of Tetanus, by William Clarkson, M. B.
Fellow of the College.* 66

VI

- Account of the successful application of cold Wa-
ter to the lumbar region in Calculous cases,
• by John Willday,* 76

VII

- Case of Hydrocephalus Internus, with the ap-
pearance on dissection, by Dr. Michael
Leib,* 78

VIII

- State of the Barometer for 1789.* 84

IX

- Singular Case of Ischuria, by Isaac Senter,
M. D. associate of the College,* 96

X

- Two Cases of Retroversio Uteri, by Isaac Sen-
ter, M. D. &c.* 130

XI.

*Account of a supposed Case of Internal Dropsy of
the Brain, successfully treated by Mercury,
by Benjamin Rush, M. D. &c.* 145

XII.

*Short account of the Influenza of 1789, by Dr.
William Currie, Fellow of the College,* 150

XIII.

State of the Barometer for 1790, 155

XIV.

*Case of Inverted Uterus, by Benjamin Duffield,
M. D. Fellow of the College,* 167

XV.

*Case of Rupture of the Ligament of the Os Hu-
meri, by Dr. Benjamin Say, Treasurer of
the College,* 176

XVI.

*Account of an Head-ach, cured by the dis-
charge of a Worm from the Nose, by D
Thomas H. Stocket, South River, Mary-
land.* 181

XVII.

- Account of a new Bitter prepared from the Bark
of the Root of the Liriodendron Tulipifera,
Benjamin Rush, M. D. &c.* 183

XVIII.

- Singular Case of Small-pox, successfully treat-
ed by the plentiful use of the Bark, ferment-
ed Liquors, and Animal Food, by Benjamin
Rush, M. D. &c.* 186

XIX.

- Account of the Effects of Electricity, in the Re-
moval of an obstruction in the biliary Duct,
by Dr. Jacob Hall, Principal of Cokesbury
College, Maryland,* 192

XX.

- Medical Facts and Observations, by the late
Moses Bartram, M. D. of South Caro-
lina,* 195

XXI.

- Account of the sudden effects of the Affusion of
cold Water upon the Body in a case of Tetanus,
by Dr. Benjamin H. Tallman of New
Jersey,* 205

XXII.

- Case of Anthrax, by the late John Jones, M. D.
Vice President of the College,* 207

Volume 1
1793

(v)

XXIII.

State of the Thermometer for 1791. 213

XXIV.

*Case of a Chronic Dysentery, cured by Alum, by
Dr. Michael Leib,* 225

XXV.

*Account of one of the Causes of the Trismus Na-
scientium, by the late Moses Bartram,
M. D.* 227

XXVI.

*Practical Observations on Phthisis Pulmonalis,
by Isaac Senter, M. D. &c.* 232

—XXVII.

*Case of Hydrophobia, by Dr. George Bensell,
jun,* 238

XXVIII.

*Remarks on the effects of Corrosive Sublimate in
Cancerous Affections, by Isaac Senter, M. D.
&c. with additional Remarks, by Dr. Wil-
liam Currie,* 245

XXIX.

*Case of Hydrocephalus Internus, by Dr. Wil-
liam Currie,* 1 249

VIII. An Endemic of Typhoid Fever from Defective Drainage. By WILLIAM V. KEATING, M.D., Physician to St. Joseph's Hospital	85
Remarks upon the Preceding Paper. By GEORGE HAMILTON, M.D. and RICHARD A. CLEMMANN, M.D.	127
IX. Cases of Hepatic Abscess; with Remarks upon the Varieties, Etiology, and Diagnosis of the Disease. By LOTIS STARR, M.D., Physician to the Episcopal Hospital, Assistant Physi- cian to the Children's Hospital, etc.	133
X. Case of Hepatic Abscess. (Reported during the Discussion on Preceding Paper.) By GEORGE H. HORN, M.D.	159
XI. Case of Immense Abdominal Tumor. The Progress of its De- struction as shown by its History. Post-mortem and Micro- scopic Examinations. By ADDINELL HEWSON, M.D.	161
XII. On the Relation of Sewer Gas to Typhoid Fever. By GEORGE HAMILTON, M.D.	175
XIII. Case of Ununited Fracture of the Tibia of Twelve Years' Standing; Preservation of a Useful Limb. By WILLIAM S. FORBES, M.D., Demonstrator of Anatomy in the Jefferson Medical College, Senior Surgeon to the Episcopal Hospital, etc.	195
XIV. Illustrations of the value of Teale's Method of Forced Dilata- tion of the Sphincter Vesicæ in Incontinence and Excessive Irritability of the Female Bladder. By ADDINELL HEW- SON, M.D.	199
Remarks upon the Preceding Paper. By WM. GOODELL, M.D.	215
XV. Recoveries from Insanity. By ISAAC RAY, M.D.	217
XVI. Remarkable Case of Congenital Ventral Gestation, the subject being a Girl six years old, who recovered after the Discharge of the Fetal Mass from her Abdomen, and lived Seventeen Years. Reported on behalf of Dr. John L. Atlee, of Lancas- ter, Pennsylvania, with Remarks on the Condition in Question. By ROBERT P. HARRIS, M.D.	231

On a Possible Cause of Meteorism and Partial Intestinal Obstruction, with Remarks on the Use of Eserine in Intestinal Atony. By FREDERICK A. PACKARD, M.D.	116
A Case of Typhoid Perforation, with Operation. By GEORGE ERETY SHOEMAKER, M.D.	127
Analysis of Human Milk the Basis of the Artificial Feeding of Infants. By ARTHUR V. MEIGS, M.D.	136
An Analysis of Sixty-five Cases of Gastropnoxis. By J. DUTTON STEELE, M.D., and ALBERT P. FRANCINE, A.M., M.D.	154
Tropical Abscess of the Liver, with Report of a Case. By SOLOMON SOLIS COHEN, M.D., and JOHN H. GIBBON, M.D.	168
Bence-Jones Albumosuria, with Report of Three Cases; a Review of the Literature. By JAMES M. ANDERS, M.D., and L. NAPOLEON BOSTON, M.D.	175
Infection of Ovarian Cysts during Typhoid Fever; Report of Two Cases; Operation; Relapse; Recovery. By MORRIS J. LEWIS, M.D., and ROBERT G. LE COSTE, M.D.	208
A Study of Two Cases Nourished Exclusively Per Rectum; with a Determination of Absorption, Nitrogen-metabolism, and Intestinal Putrefaction. By DAVID L. EDGALL, M.D., and CASPAR W. MILLER, M.D.	225
Presentation of a Patient One Year after Division of the Sensory Root of the Gasserian Ganglion for the Relief of Tic Douloureux; No Recurrence. By CHARLES H. FRAZIER, M.D.	249
Hodgkin's Disease. With the Report of a Case. By THOMAS C. ELY, A.M., M.D.	252
The Surgery of Brain Tumors from the Point of View of the Neurologist, with Notes of a Recent Case. By CHARLES K. MILLS, M.D.	269
Localized Meningitis and Gumma of the Motor Region—Diagnosis by Clinical Study and the Röntgen Rays—Osteoplastic Operation with the Stellwagen Trephine—Epicranial Flap to Replace the Dura Necessarily Removed—Complete Success of the Localization and of the Operation. Operation by W. J. HEARN, M.D. Röntgen Investigation by G. E. PFAHLER, M.D.	280
Exhibition of and Remarks upon Some New Instruments. By W. W. KEEN, M.D.	293

CONTENTS

The Gross Pathology of the Heart, with Special Reference to Sclerosis of the Mitral Valve. By ROBERT N. WILLSON, M.D.	152
Practical Treatment. The Fundamental Principles of Therapeutics. By JOHN H. MUSSER, M.D., LL.D.	158
The Report of a Case of Blood Dyscrasia Following Calomel. By WALTER G. ELMER, M.D.	169
The Induction of Pancreatic Activity by the Removal of the Adrenals. By J. E. SWEET, M.D., and RALPH PEMBERTON, M.D.	176
Meningitis and Disease of the Radicular Nerves in Tabes Dorsalis. By JOHN H. W. RHEIN, M.D.	222
Pellagra, with a Report of Two Cases with Necropsy. By PAUL V. ANDERSON, M.D., and WILLIAM G. SPILLER, M.D.	246
Concerning Nervous Disturbances Following Surgical Operations and Anesthesias. By S. WIER MITCHELL, M.D.	262
Postoperative Psychoses. By J. G. MUMFORD, M.D.	266
The Diagnosis of Postoperative Insanity. By JOHN CHALMERS DA COSTA, M.D.	274
Postoperative Insanities. By EDWARD N. BRUSH, M.D.	289
Dehydration by Dietetic Measures. An Interpretation of the Karell, Oertel, and Widal Treatments of Circulatory and Renal Diseases. By A. MAGNUS-LEVY, M.D.	308
Paroxysmal Pulmonary Edema and its Treatment. By ALFRED STENGEL, M.D.	325
A Metabolic Study of Myotonia Atrophica, with the Report of Two Cases. By RALPH PEMBERTON, M.S., M.D.	353
Anterior Poliomyelitis. By JOSEPH S. NEFF, M.D.	371
Some Recent Clinical Investigations of Poliomyelitis. By CHARLES K. MILLS, M.D.	379
Recent Studies Concerning the Etiology of Epidemic Poliomyelitis. By PAUL A. LEWIS, M.D.	395
On the Surgical Treatment of Paralytic Talipes, with a Report of Cases of Tendon Transplantation and Arthrodesis. By ASTLEY P. C. ASHBURST, M.D.	412

CONTENTS

The Contagiousness of Consumption of the Lungs. By ARTHUR V. MEIGS, M.D.	111
The Progress in the Tuberculosis Campaign in Pennsylvania up to 1911. By LAWRENCE F. FLICK, M.D.	120
Cinematographic Demonstration of Normal Gastric Peristalsis, and the Part These Waves Play in the Diagnosis of Carcinoma of the Stomach. By GEORGE E. PFAHLER, M.D.	149
Papillary Carcinoma of the Bladder with Metastasis to the Tarsus and Metatarsus. By GEORGE ERETY SHOEMAKER, M.D.	157
Further Clinical Studies in the Auscultatory Method of Determining Blood Pressure. By EDWARD H. GOODMAN, M.D., and A. ALEXANDER HOWELL, M.D.	165
Perforated Ulcer of the Stomach and Duodenum. By GEORGE G. ROSS, M.D.	188
Moving Picture Illustrations of the Gait, Station, Tremors, and General Symptoms of Various Forms of Nervous Disease. By T. H. WEISENBURG, M.D.	207
Fatal Vasomotor Gangrene, Probably Due to Raynaud's Disease. By ROBERT N. WILLSON, M.D.	209
Radium. By WILLIAM S. NEWCOMET, M.D.	218
The Quantitative Analysis of Human and of Cows' Milk. By ARTHUR V. MEIGS, M.D., and HOWARD L. MARSH, M.D.	227
The New Relations of Anatomy and Chemistry. By WILLIAM S. WADSWORTH, M.D.	245
The Therapeutic Application of P-Hydroxyphenylethylamine (Tyramine). By DANIEL M. HOYT, M.D.	255
The Ehrlich Remedy in the Treatment of Syphilis. By JEDSON DALAND, M.D.	274
The Therapeutic Results from the Use of Dioxydiamidoarsenobenzol in Twenty-one Cases of Syphilis. By JAY FRANK SCHAMBERG, M.D., and NATE GINSBURG, M.D.	284
Certain Angioneurotic Manifestations in and Around Joints, Frequently Mistaken for Gout and Rheumatism. Abstract. By SOLOMON SOLIS COHEN, M.D.	309
Modernized Views of Rabies, with Report of Cases. By LEONARD D. FRESCOLN, M.D.	312
Compensation by Displacement of the Thoracic Viscera in Pulmonary Tuberculosis. By CHARLES LESTER LEONARD, A.M., M.D.	325
Cecum Mobile. By JOSEPH SAILER, M.D.	342
Description of a Series of Frontal and Sagittal Sections of the Adult Human Head Recently Acquired by the Mütter Museum. By JOSEPH P. TUNIS, M.D.	363
The Treatment of Melena Neonatorum by Human Blood Serum. By WILLIAM R. NICHOLSON, Ph.B., M.D.	366
Normal Human Blood Serum Injections in Melena Neonatorum and Other Conditions. By J. E. WELCH, M.D.	374

CONTENTS

Experimental Studies on the Administration of Salvarsan by Mouth to Animals and Man. By JOHN A. KOLMER, M.D., and JAY FRANK SCHAMBERG, M.D.	119
The Prognostic Significance of the Atropine Reaction in Cardiac Disease. By JAMES E. TALLEY, M.D.	134
The Cerebral Mechanism of Emotional Expression. By CHARLES K. MILLS, M.D.	147
An Epidemic of Epithelioma (Molluscum) Contagiosum, with Some New Observations Concerning the "Molluscum Bodies." By M. B. HARTZELL, M.D., LL.D.	186
Partial Gastrectomy in a Case of Multiple Carcinoma of the Stomach. By JOHN H. GIBBON, M.D.	194
The Importance of Remembering that all Pulmonary Physical Signs are not those of Tuberculosis. By H. A. HARE, M.D.	204
The Treatment of Persistent Pain of Organic Origin in the Lower Part of the Body by Division of the Anterolateral Column of the Spinal Cord. By WILLIAM G. SPILLER, M.D., and EDWARD MARTIN, M.D.	213
Experimental Work on the Function of the Anterolateral Column of the Spinal Cord. By WILLIAMS B. CADWALADER, M.D., and J. E. SWEET, M.D.	219
A Year's Work in Appendicitis. By JOHN B. DEEVER, M.D., LL.D., Sc.D.	227
Death in Two Cases of Operative Fixation of Fracture of the Femur. By JOHN B. ROBERTS, M.D.	246
Tuberculous Meningitis. A Pathological Report of Nine Cases of Meningitis. By JOHN H. W. RHEIN, M.D.	266
Illuminating Gas Poisoning. By M. H. FUSSELL, M.D., and ROBERT MCCOMBS, M.D.	281
The Spinal Cord in Pernicious Anemia. With the Report of an Interesting Case of Family Involvement. By ROBERT N. WILLSON, M.D.	291
The Topography of the Cardiac Valves as Revealed by the X-rays. By GEORGE FETTEROLF, M.D., Sc.D., and GEORGE WILLIAM NORRIS, A.B., M.D.	302
Tic and Spasm of the Face: Differential Diagnosis: Effect of Alcoholic Injections. By ALFRED GORDON, M.D.	313
Physical Examination of the Liver. By JOSEPH SAILER, M.D.	322
A Study of Empyema, with Special Reference to the Feasibility and Importance of Dependent Drainage. By T. TURNER THOMAS, M.D.	333
Review of 534 Operations upon the Mammary Gland. By JOHN B. DEEVER, M.D., Sc.D., LL.D.	368
Results with Tuberculin (Dixon's) in Advanced Chronic Ambulatory Tuberculosis. By A. P. FRANCINE, A.M., M.D., and H. J. HARTZ, M.D.	388
Acute Unilateral Nephritis, with Report of a Case. By DAVID RIESMAN, M.D., and GEORGE P. MÜLLER, M.D.	406

An Interesting Case of Papillitis. By L. F. APPLEMAN, M.D.	315
Indirect Rupture of the Sclera, with Report of a Case. By AARON BRAY, M.D.	316

PROCEEDINGS OF THE SECTION ON OTOTOLOGY AND LARYNGOLOGY.

A Case of Post-tonsillectomy Pulmonary Abscess. By GEORGE FETTEROLF, M.D.	318
A Review of Eighteen Cases of Pulmonary Abscess. By WILLIAM O. H. PROSSER, M.D.	325
Report of a Case of a Cerebellar Abscess. By C. C. EVES, M.D.	332
Presentation of a Case of Total Laryngectomy and Resection of the Upper Part of the Esophagus. By FIELDING O. LEWIS, M.D.	334
Specimens Illustrating Operative Aural Surgery and the Making by Graduate Students of Preparations Showing Aural Surgical Anatomy. By E. B. GLEASON, M.D.	336
Some Phases of Septal Surgery. By JAMES A. BABBITT, M.D.	337
A New Instrument for the Insertion of Radium Needles into the Tongue, Pharynx and Larynx. By GEORGE FETTEROLF, M.D.	347
The Use of Endocrines in Diseases of the Nose and Throat. By S. M. WILSON, M.D.	348

CONTENTS

Specimen of Supernumerary Tongue. By SAMUEL COHEN, M.D. . . .	352
Radiotherapy in Carcinoma of the Larynx, with Special Reference to Radium Needles Through the Thyroid Membrane. By GEORGE E. PFAHLER, M.D. . . .	353
Speech Defects: Etiology and Treatment. By Miss HELEN M. PEP- PARD	370
The Singing Voice. By MR. HENRI SCOTT	372
The Speaking Voice. By C. P. GRAYSON, M.D.	376
A Mixed Infection of the Larynx, Followed by the Loss of Both Arytenoid Cartilages. By JAMES A. BABBITT, M.D.	383
The Anatomy and Histology of the Ear Labyrinth. By B. A. RANDALL, M.D.	384

PROCEEDINGS OF THE SECTION ON GENERAL MEDICINE.

Arsphenamin Dermatitis and Other Cutaneous Reactions After Arsphen- amin. By JOSEPH V. KLAUDER, M.D.	386
Paroxysmal Tachycardia: Unusual Types and a Note on Treatment by Quinidin Sulphate. By C. C. WOLFRETH, M.D.	391
A Report of Two Cases of Tetanus Successfully Treated by Large Doses of Antitoxin, with a Review of the Cases Treated in the Philadel- phia General Hospital in the Past Ten Years. By J. F. EDMONDS, M.D., and C. A. HEIKEN, M.D.	395
Hypertension, with Especial Reference to Prognosis. By JOSEPHUS TUCKER ULLOM, M.D.	401
Infectious Mononucleosis. By WARFIELD T. LONGCOPE, M.D.	406
Foreign Bodies in the Air Passages: Symptomatology and Diagnosis. By CHEVALIER JACKSON, M.D.	413
The Mechanism of Physical Signs, with Special Reference to Foreign Bodies in the Bronchi. By CHEVALIER JACKSON, M.D.	418
Röntgen-ray Diagnosis of Nonopaque Foreign Bodies in the Air Pas- sages. By WILLIS F. MANGES, M.D.	424
Pentosuria: Report of Five Cases in One Family. By HAROLD W. JONES, M.D., and C. W. NESSLER, M.D.	431
Soreness of the Tongue as an Initial Symptom of Pernicious Anemia. By DAVID RIESMAN, M.D.	432
Mycotic Aneurysms of Intravascular Origin. By ALFRED STENGEL, M.D., and C. C. WOLFRETH, M.D.	434
The Influence of Oliguria on Nitrogen Retention in the Blood. By O. H. PERRY PEPPER, M.D.	439
A Case of Chronic Glomerular Nephritis Complicated by Hemopericar- dium. By C. A. HEIKEN, M.D., and J. F. EDMONDS, M.D.	441
Some Cardiac Studies in Pregnancy, with Special Reference to the Elec- trical Axis of the Heart. By TRUMAN G. SCHNABEL, M.D.	445
A Study of Urinary Output and Blood-pressure Changes Resulting in Experimental Ascites. By J. MONROE THORINGTON, M.D., and CARL F. SCHMIDT, M.D.	447

Third International Congress on the History of Medicine. By E. B. KRUNBHAAR, M.D.	448
A Clinical Pathological Classification of the Lymphadenopathies. By HERBERT FOX, M.D., and DAVID L. FARLEY, M.D.	451
The Boundaries of General Practice. By J. T. ULLOM, M.D.	451
The Treatment of Syphilis with Bismuth. Report of Clinical and Experimental Studies. By JOSEPH V. KLAUDER, M.D.	459
The Pathology of Thyroid Diseases. By ROBERT A. KEILTY, M.D.	461
The Pathological Physiology of the Thyroid in Goiter. By DAVID MARINE, M.D.	465
Necrosis and Gangrene of the Urinary Bladder. A Review of 150 Cases, Including 18 Not Previously Reported. By T. GRIER MILLER, M.D., and CHARLES C. WOLFERTH, M.D.	477

PROCEEDINGS OF THE SECTION ON INDUSTRIAL MEDICINE AND
PUBLIC HEALTH.

Syphilis and Trauma: The Workmen's Compensation Act, the Industrial Physician and the Syphilitic. By JOSEPH V. KLAUDER, M.D.	478
Tuberculosis as it Affects the Industrial Worker. By FRANK A. CRAIG, M.D.	481
Economic Inefficiency Due to Latent, Concealed Tuberculosis Affecting the Nervous Reserve. By D. J. MCCARTHY, M.D., and ROY L. LANGDON, M.D.	491
The Nathan Lewis Hatfield Lecture IV. The Action of Digitalis in Cases of Auricular Fibrillation and Flutter. By THOMAS LEWIS	498
The S. Weir Mitchell Oration. Medicine and the Humanities. By CHARLES L. DANA, M.D.	518
Annual Report of the Library Committee for 1922	533

Annual Address of the President. By THOMAS R. NEILSON, M.D.	1
The Relationship of Excess of Uric Acid in the Blood to Eczema and Allied Dermatoses, Based on an Analysis of over 200 Cases. By JAY F. SCHAMBERG, M.D., and H. BROWN, B.Sc.	8
The Earlier Methods Employed in the Treatment of Syphilis. By FRANCIS R. PACKARD, M.D.	41
Treatment of Syphilis from the Standpoint of Industrial Medicine and Public Health. By W. H. MACKINNEY, M.D.	49
Treatment of Syphilis from the Standpoint of Otology and Laryngology. By JAMES A. BABBITT, M.D.	55
The Treatment of Ocular Syphilis. By EDWARD A. SHUMWAY, M.D.	60
The Treatment of Syphilis as Seen by the Internist. By THOMAS McCRAE, M.D.	69
The Physiological Functions of Insulin. The Mary Scott Newbold Lecture X. By PROFESSOR J. J. R. MACLEOD, M.D.	82
The Physiology of the Lymphatics. The Mary Scott Newbold Lecture XI. By LEON ASHER, M.D.	95
Presentation of a Portrait of Professor William Gibson, on Behalf of His Granddaughter, Miss Anne L. Gibson. By ASTLEY P. C. ASHurst, M.D.	116
Health Work in the Public Schools. By DR. EDWIN C. BROOME	124
Activities of the Department of Public Health (1920-1923). By JAMES M. ANDERS, M.D.	128
Some Remarks on Mental Hygiene. By EDWARD A. STRECKER, M.D.	141
The Use of Insulin in the Treatment of Diabetes Mellitus. The Nathan Lewis Hatfield Lecture V. By FREDERICK GRANT BANTING	153

PROCEEDINGS OF THE SECTION ON OPHTHALMOLOGY

Bilateral Optic Nerve Disease Following Sinus Infection. By LUTHER C. PETER, M.D.	319
Complete Paralysis of the Third and Partial Paralysis of the Fourth Cranial Nerve. By LUTHER C. PETER, M.D.	320
Extensive Burn of Face and Eyelids. By WILLIAM CAMPBELL POSEY, M.D.	321
Quantitative Perimetry. By LUTHER C. PETER, M.D.	322
Tuberculous Iritis. By T. B. HOLLOWAY, M.D.	324
Microcornea and Congenital Cataracts. By G. ORAM RING, M.D.	325
Fistula of Cornea. By LUTHER C. PETER, M.D.	326
Cicatricial Ectropion. By GEORGE H. CROSS, M.D.	326
Sarcoma of the Ciliary Body. By J. MILTON GRISCOM, M.D.	327
The Treatment of Prolapse of the Iris Following Cataract Extraction. By HOWARD F. HANSELL, M.D.	328
Slitlamp Studies of Hernia of the Vitreous and its Relation to Cataract Operations: A Preliminary Report. By LUTHER C. PETER, M.D.	330
A Case of Mikulicz's Disease. By McCLUNEY RADCLIFFE, M.D.	332
An Unusual Corneal Lesion. By EDWIN B. MILLER, M.D.	334
Some Observations of Alopecia and Poliosis of the Lids and Brow, with Report of Cases. By WILLIAM CAMPBELL POSEY, M.D.	335
The Use of the Prism Scale to Neutralize and Center Spectacle Lenses. By S. LEWIS ZIEGLER, M.D.	338

On the Local Control of the Ocular Circulation. By FRANCIS H. ADLER, M.D.	339
Unilateral Exophthalmos: A Clinical Report of Five Cases. By KARL MÜSSER HOUSER, M.D.	341
A Case of Steel Imbedded in Posterior Sclera Without Visual Changes. By H. MAXWELL LANGDON, M.D.	343
A Case of Juvenile Cataract in a Child of Eight. By H. MAXWELL LANGDON, M.D.	345
A Squint Case Operated on by the Recession Method. A Case of Anophoria. By WARREN S. REESE, M.D.	346
Exhibition of Three Cases of Family Cataract. By McCLUNEY RADCLIFFE, M.D.	347
A Case of Plastic Operation on the Eyelids Following Sulphuric Acid Burn. By LUTHER C. PETER, M.D.	348
A Case of Plastic Operation of the Orbit Following an Exenteration for Sarcoma of the Orbit. By LUTHER C. PETER, M.D.	349
Sir William Bowman and the Bowman Lecture. By BURTON K. CHANCE, M.D.	350
A Case of Chronic Simple Glaucoma. By J. MONROE THORINGTON, M.D.	351
Monocular Diplopia. By WILLIAM ZENTMAYER, M.D.	353
A Case of Traumatic Pulsating Exophthalmos Cured by Ligation of the Internal Artery. By EDWARD A. SHUMWAY, M.D.	354
A Case Report of Plastic Operation for Traumatic Deformity of the Eyelids and Face. By LOUIS LEHRFELD, M.D.	355
A Case Report of Foreign Body in the Eyeball. By LOUIS LEHRFELD, M.D.	357
A Case of Divergence Paresis Following Influenza. By LUTHER C. PETER, M.D.	358
Practical Aspect of Irregular Astigmatism. By EDWARD JACKSON, M.D.	359
History of the Study and Practice of the Refraction of the Eye in Philadelphia. By HOWARD F. HANSELL, M.D.	363
The Technic of Refraction and the Prescribing of Glasses. By S. LEWIS ZIEGLER, M.D.	368
Observation on Refraction. By P. N. K. SCHWENK, M.D.	370
History and Activities of the Society afterward the Section on Ophthalmology of the College of Physicians. By GEORGE E. DE SCHWEINITZ, M.D.	374
Some Extraneous Factors Bearing upon Refraction. By WILLIAM CAMPBELL POSEY, M.D.	374
Changes Occurring in the Refraction of Ametropic Eyes. By WILLIAM ZENTMAYER, M.D.	376
The Relation of Exophoria in Early Presbyopia to Refractive Errors. By LUTHER C. PETER, M.D.	379
The Refraction of the Aphakic Eye and the Ordering of Spectacles. By BURTON K. CHANCE, M.D.	382

True Synchysis Scintillans Contrasted with Snowball Vitreous Opacities. By T. B. HOLLOWAY, M.D.	383
Favus of the Lower Eyelid. Eye Manifestations of Hydroa Vaccini- forme. By EDWIN B. MILLER, M.D.	384
Early Gumma of the Iris with Late Secondary Lesions of the Body. By EDWIN B. MILLER, M.D., and SIGMUND S. GREENBAUM, M.D.	385
The Relation of the Weakness of the Extraocular Muscles to Depth Perception. By WILLIAM F. BONNER, M.D.	386
The Tonic Effect of the Sympathetic on the Ocular Bloodvessels. By FRANCIS H. ADLER, M.D.	388
Demonstration of a Case of Birth Injury of the Cornea. An Inexpen- sive Stereoscope for Fusion Training. By EDWARD A. SHUMWAY, M.D.	389
Corneal Microscope and Slitlamp Studies of Remnants of Pupillary Membrane on Anterior Capsule of Lens; Pigmented Cyst of the Pos- terior Surface of the Iris; Nodular Iritis Due to the Bacillus of Han- sen. By LUTHER C. PETER, M.D.	391
An Ophthalmic Column for Oculists' Consulting Rooms. By GEORGE S. CRAMPTON, M.D.	395
A Standard Illumination Visual-acuity Test Cabinet Having Electrical Means of Exposing the Required Test Characters. By GEORGE S. CRAMPTON, M.D.	397
An Automatic Device for Controlling the Illumination of Oculists' Consulting Rooms. By GEORGE S. CRAMPTON, M.D.	397
A New Accommodation Rod. By GEORGE S. CRAMPTON, M.D.	398

PROCEEDINGS OF THE SECTION ON OTOTOLOGY AND LARYNGOLOGY

An Extremely Large Nasal Polyp Removed from a Mentally Defec- tive Boy. By GEORGE B. WOOD, M.D.	399
Presentation of Two Patients with Cancer of the Nose and Throat Treated with Radium. By RALPH BUTLER, M.D.	399
Report of a Case of Brain Abscess of Otitic Origin, with Exhibition of Brain. By GEORGE M. COATES, M.D.	401
Congenital Atresia of the Nostril. By WARREN B. DAVIS, M.D.	405
A Radical Operation, Three Years Ago, for Adenocarcinoma of the Ethmoid, Antrum and Middle Turbinate. No Recurrence. Pres- entation of Patient. By DAVID HRSIK, M.D.	406
Laryngeal Gumma in a Ten-year-old Child. By JOSEPH D. SEIBERLING, M.D.	408
A Case of Cerebrospinal Rhinorrhea. By JOHN EDWARD LOFTUS, M.D.	410
A Series of Colored Paintings Illustrating, in Progression, the Patho- logical Condition of the Membrana Tympani. By JAMES H. MENDEL, M.D.	413

Volume 45
Third Series
1923

vii

The Nature of the Influence of Focal Infection and the Measures Necessary to Meet it. By RALPH PEMBERTON, M.D.	113
Progressive Middle-ear Deafness. By JAMES BORDLEY, JR., M.D.	127
Report of a Case of a Misplaced Middle Turbinate (with Exhibition of Specimen). By GEORGE B. WOOD, M.D.	152
Report of a Case of Microtia, with Absence of the External Auditory Canal. Presented by NATHAN P. STAUFFER, M.D. Read by ORAM R. KLINE, M.D.	453
Granuloma Inguinale, with Associated Lesions of the Lip, Pharynx and Larynx: Report of a Case. By R. J. HUNTER, M.D.	455
Tuberculous Lesions of the Ear, Nose and Throat. By CURTIS C. EVES, M.D.	465
Report of a Series of Cases of Asthma, with Special Reference to Diagnosis and Treatment. By HARRY B. WILMER, M.D.	467
Rhinoplasty by the Peak-roof Method. By G. M. DORRANCE, M.D.	481
Some of the Sources of Error in our Present Methods of Testing and Recording Hearing. By GEORGE M. CONES, M.D.	483
Audiometric Measurements and Their Uses. (Notes on a Talk.) By HARVEY FLETCHER, Ph.D.	489
Plea for an International Investigation into Otosclerosis and Allied Forms of Deafness. By J. S. FRASER, M.B., C.N.B., F.R.C.S., (Edin.)	502
Tonsillar Pathology in Relation to Systemic Infection. By GEORGE B. WOOD, M.D.	529
The Bronchoscopic Treatment of Pulmonary Suppurations and Bronchial Asthma. By WILLIAM F. MOORE, M.D., and ROBERT M. LUKENS, M.D.	540
Studies of Mastoid Disease by the X-rays, with Clinical Observations and Operative Findings. By MATTHEW S. ERSNER, M.D.	550
Studies of Mastoid Disease by the X-rays, with Operative Findings. Demonstration of a Special Localizer. By G. E. PFAHLER, M.D.	573
The Radical Frontal Sinus Operation, with Results in Sixty-five Cases. By FIELDING O. LEWIS, M.D.	580
The Anatomic and Physiologic Importance of the Endolymphatic Organ. By PROF. GEORGES PORTMANN	584

PROCEEDINGS OF THE SECTION ON GENERAL MEDICINE

Alcoholic Injection of the Gasserian Ganglion for Tic Douloureux. By GEORGE N. DORRANCE, M.D., and J. WILLIAM BRANSFIELD, M.D.	587
Cardiovascular Symptoms Associated with Goiter. By PROFESSOR M. C. PINCOFFS, M.D.	592
Some Comments Concerning Vitamins. By WILLIAM EGBERT ROBERTSON, M.D.	593

PROCEEDINGS OF THE SECTION ON OPHTHALMOLOGY

Concerning Some Vascular Anomalies at the Base of the Brain in Their Relation to Visual Field Defects. By GEORGE E. DE SCHWEINITZ, M.D.	325
Memoir of Dr. William Wallace McClure. By S. LEWIS ZIEGLER, M.D.	326
Sarcoma of the Choroid. By HOWARD F. HANSELL, M.D.	322
Cases of Focal Infection. By MARY BUCHANAN, M.D.	333
Vascular Anomaly of the Retina. Chronic Conjunctivitis of Unknown Origin. By HUNTER W. SCARLETT, M.D.	335
Congenital Papilloma of the Eyelids. By MARY BUCHANAN, M.D.	336
Operative Results in Cicatricial Ectropion. A Case of Traumatic Enophthalmos. Traumatic Detachment of the Choroid. By WILLIAM ZENTMAYER, M.D.	336
A Case of von Hippel's Disease. By J. MILTON GRISCOM, M.D.	339
A Case of Rupture of Iris Associated with Neuroretinitis. By FREDERICK KRAUSS, M.D.	340
Bilateral Metastatic Ophthalmitis. By T. A. O'BRIEN, M.D.	341
Embolism of the Central Artery of the Retina during an Attack of Chorea. By H. MAXWELL LANGDON, M.D.	343
Exhibition of Special Protective Goggles. By McCLUNEY RADCLIFFE, M.D.	346
Unusual Case of Congenital Cataract. By LEIGHTON F. APPLEMAN, M.D.	347
Accommodation in Myopia. By HOWARD F. HANSELL, M.D.	347
Industrial Compensation in Pennsylvania for Eye Injuries. By WILLIAM M. SWEET, M.D.	349
Sclerosis Bulbi with Dilated Inactive Pupil. By WILLIAM M. SWEET, M.D.	352
A Case of Pulsating Exophthalmos. By WILLIAM ZENTMAYER, M.D.	353
A Case of Mikulicz's Disease. Exhibition of Case. By JOHN P. O'BRIEN, M.D.	356
A Case of Bilateral Congenital Palsy of the External Rectus. Two Cases of Irideremia. By H. MAXWELL LANGDON, M.D.	357

The Pathogenesis of the Vossius Ring Cataract. By WILLIAM ZENTMAYER, M.D.	359
A Case of Antimetropia. A Case of Oculomotor Palsy with Unusual Manifestations. Associated Contralateral Eye-ear Movement. By WARREN S. REESE, M.D.	360
Unusual Hole in the Fundus. By HUNTER W. SCARLETT, M.D.	362
A Note Concerning a Course in Optics as Applied to Ophthalmology. By ALFRED COWAN, M.D.	363
Obstruction of the Central Artery of the Retina during the Performing of an Intranasal Operation. By WILLIAM ZENTMAYER, M.D.	365
Experimental Studies in Immunity in Herpes Simplex. By SIGMUND S. GREENBAUM, M.D. and MALCOLM J. HARKINS, M.D.	366
Vascular Lesions of the Retina in Young Persons. By HARRY FRIEDENWALD, M.D. (by invitation)	368
Allergic Reactions in Vernal Conjunctivitis. By LOUIS LEHRFELD, M.D.	371
Demonstration of Normal and Abnormal Pupillary Reflexes. By FRANCIS H. ADLER, M.D.	373
A Test-chart Screen and a Familiar Test Chart, with Letters Reorientated. By SIDNEY L. OLSHO, M.D.	373
Tobacco Amblyopia—Senile Amblyopia—Ocular Affections from Non-venereal Infections of the Prostate. By GEORGE E. DE SCHWEINITZ, M.D.	374
Demonstration of Sets of Pictures for Use with the Camerascopie. Demonstration of a Large Bifocal Operating Glass. By EDWARD A. SHUMWAY, M.D.	380
Embolus of the Central Retinal Artery: Recovery of Vision Under Galvanism. By S. LEWIS ZIEGLER, M.D.	382
Traumatic Rupture of Choroid. By LEIGHTON F. APPLEMAN, M.D.	383
The Kuhnt-Heisrath Operation for Trachoma. By WILLIAM ZENTMAYER, M.D.	384
Clinical Cases with Slitlamp Studies. By LUTHER C. PETER, M.D.	384
Exhibition of a Case of Pseudoneuritis and a Squint Case Operated on by the Recession Method. By WARREN S. REESE, M.D.	386
Visual Field Studies in a Case of Optic Neuritis Secondary to Sinus Disease. By J. M. GRISCOM, M.D., and M. MONROE, M.D.	387
New Bloodvessel Formation in Vitreous. By HUNTER W. SCARLETT, M.D.	388

PROCEEDINGS OF THE SECTION ON OTOTOLOGY AND LARYNGOLOGY

Report of Two Cases of Vertigo Due to Diseased Tonsils. By A. W. WATSON, M.D.	389
Report of a Case of Nasal Fibroma. By BENJAMIN D. PARISH, M.D., and GEORGE E. PFAHLER, M.D.	393
An Atypical Case of Tuberculosis of the Larynx. By W. R. WATSON, M.D.	398

Volume 46
Third Series
1924

CONTENTS

Tuberculosis of the Mouth and Pharynx Complicating Pulmonary Tuberculosis. By FREDERIC M. STROUSE, M.D.	400
Laryngostomy for Laryngeal Stenosis. By GABRIEL TUCKER, M.D.	403
Capillary Angioma in the Larynx of Three-months-old Child. By WALTER T. HANON, M.D. (by invitation).	416
Vincent's Angina, with Extensive Destruction of Tonsillar Pillars. By HORACE J. WILLIAMS, M.D.	419
The Purulent Inflammation of Basal Sinusitis and Meningeal Cisterna. By WELLS P. EAGLETON, M.D.	420
Lantern Demonstration of the Pathology of the Tympanum and Labyrinth as Illustrated by the Fraser Slides. By RALPH BUTLER, M.D.	439
Demonstration of Specimens Illustrating the Anatomy of the Temporal Bone. By WARD C. ALDEN, M.D. (by invitation).	441
The Prognosis as to Hearing. By GOTTFREDT H. BOYER, M.D. (by invitation).	442
A Brief Consideration of Otitic Brain Abscess, with Special Reference to Diagnosis and Localization. Presentation of Cases and Specimens. By S. MACCLEN SMITH, M.D.	453
Treatment of Paralysis of the Recurrent Laryngeal Nerve by Nerve Anastomosis. By CHARLES H. FRAZIER, M.D.	472
Severing the Palatoglossus with the Galvanocautery as a Preliminary to Cryptotomy in Selected Cases of Chronic Tonsil Sepsis. By GEORGE FETTEROLF, M.D., Sc.D., and KARL M. HOSER, Ph.B., M.D. (by invitation).	474
The Septum-Ethmoid Complex in Relation to Chronic Catarrhal Otitis Media. By JAMES A. BABBIT, M.D.	485
Studies of Streptococcus Hemolyticus in Tonsillar Crypts. By CURTIS C. EVES, M.D., and W. R. WATSON, M.D.	493
Case Reports: Pulmonary Abscess following Tonsillectomy. By GEORGE B. WOOD, M.D.	501
Bilateral Mastoid Operation: Treatment with Mercurochrome. By WILLIAM E. QUICKSALL, M.D.	501
Cancer Involving the Maxillary Antrum. By F. O. LEWIS, M.D.	503
Nasal Carcinoma: Pharyngeal Sarcoma. By RALPH BUTLER, M.D.	503
Ethmoidal Problem. By R. H. SKILLERN, M.D.	503
Mastoidectomy on a Case of Mastoiditis Streptococcus Hemolyticus followed by Septic Phlebitis: Recovery without Operation upon the Sinus. By E. B. GLEASON, M. D., and PHILIP S. STOUT, M.D. (by invitation).	504
Report of a Case of Sarcoma of the Nasopharynx. By WALTER ROBERTS, M. D., and GEORGE SCHWARTZ, M.D. (by invitation).	507
Vincent's Angina: A Review of Some Recent Literature and a Report of Two Cases. By THOMAS AIKEN, M.D.	509
Report of a Case of Carcinoma of the Tonsil. By N. P. STAUFFER, M.D.	510
The Diagnosis of Laryngeal Diseases. By CHEVALIER JACKSON, M.D.	511
Pulmonary Abscesses following Tonsillectomy. By R. M. LUKENS, M.D.	512

Volume 46
Third Series
1924

CONTENTS

ix

Tracheobronchial Asthma: Observations on Bronchoscopic Studies. By WILLIAM F. MOORE, M.D.	513
Ciliary Inhibition in Tracheobronchial Asthma. By GEORGE R. MOFFITT, M.D.	514
Contraindications to Bronchoscopy. By ELMER H. FUNK, M.D.	515
Foreign Bodies in the Air and Food Passages. By LOTIS H. CLERF, M.D.	516
Foreign Bodies in the Air and Food Passages. By GABRIEL TUCKER, M.D.	517
The Diagnosis of Non-opaque Foreign Bodies in the Larynx and Trachea. By WILLIS F. MANGES, M.D.	517
Researches in the Minute Anatomy of the Internal Ear. By GEORGE E. SHAMBAUGH, M.D.	518

PROCEEDINGS OF THE SECTION ON GENERAL MEDICINE

Studies in Auricular Flutter, with Special Reference to Intermittent Flutter: a Hitherto Undescribed Condition. By CHARLES C. WOLPERTH, M.D., and JOHN HARVEY, JR., M.D.	521
Hemophilia, with Report of Three Cases. By ROLAND N. KLEMMER, M.D.	528
Some Notes on the Treatment of the Common Functional Nervous Diseases. By WILLIAM DRAYTON, JR., M.D.	537
Suggestions Regarding the Diagnosis of the More Common Nervous Diseases. By S. F. GILPIN, M.D.	546
Vital Capacity: An Inquiry into its Value as a Diagnostic Procedure. By JOHN H. ARNETT, M.D., and K. KORNBLUM, M.D.	550
Neurocirculatory Asthenia. By HARLOW BROOKS, M.D.	554
Xanthochromia of the Spinal Fluid in Cerebrospinal Meningitis. By JOSEPH E. HIRSH, M.D.	570
Arterial Hypotension. By JOSEPH H. BARACH, M.D.	578
Tuberculous Meningitis Simulating Encephalitis Lethargica: Report of a Case. By MITCHELL BERNSTEIN, M.D.	593
The Anatomy, Clinical Syndromes and Physiology of the Extrapyrarnidal System. By A. JAKOB, M.D.	601
Psychoneuroses in Relation to General Medicine. By ALFRED GORDON, M.D.	631
Habit Factors in Bladder Symptoms and Pathology. By P. S. PELOTZE, M.D.	639
Two New Antimony Compounds for Intravenous Use. By ALEXANDER RANDALL, F.A.C.S.	649
Studies in Gastric Analysis: Double Simultaneous Fractional Analysis. By RICHARD T. ELLISON, M.D.	660
The Onset of Clinical Auricular Fibrillation and Flutter. By CHARLES C. WOLPERTH, M.D.	664
Experimental Aortic Regurgitation. By H. C. BAZETT	667

**Volume 46
Third Series
1924**

CONTENTS

Extra-abdominal Conditions Simulating Acute Abdominal Diseases. By DAVID RIESMAN, M.D.	671
A Study of All-day Blood-sugar Curves in Non-diabetic Individuals and in Diabetic Patients with and without Insulin. By T. GRIER MILLER, M.D., LEON JONAS, M.D., and IDA TELLER, A.B.	682
Blood Transfusion in Pernicious Anemia. By HAROLD W. JONES, M.D.	688
Infectious Icterus. By JOSEPH SAILER, M.D.	697

**PROCEEDINGS OF THE SECTION ON PUBLIC HEALTH AND
INDUSTRIAL MEDICINE**

The Growth and Work of the National Association for the Prevention and Relief of Heart Disease. By JOSEPH SAILER, M.D.	709
The Organization and Results of the Cardiac Clinic. By JAMES E. TALLEY, M.D.	713
The Standardization of the Diagnosis and Treatment of Heart Disease in Cardiac Clinics. By THOMAS McMILLAN, M.D.	720
Convalescent Care of Heart Disease. By WILLIAM D. STROUD, B.S., M.D.	726
Mental Hygiene in Industry. By ELTON MAYO, M.A.	736
The Preservation of the General Health of Industrial Workers. By RALPH GOLDSMITH, M.D.	748
The Physical Condition of the Population of Philadelphia as Revealed by the Draft. By MAJOR ALBERT G. LOVE, M.D., M.C., U.S.A. (by invitation)	758
Pancreatic Anomalies, their Morphology, Pathology and Clinical History. By GORDON CAMERON, M.B., B.S.	781
Considerations in the Diagnosis of Lesions of the Biliary Tract. By EVARTS A. GRAHAM, M.D.	821
Annual Report of the Library Committee for 1924	853

Memoir of Charles B. Penrose, M.D.	lxv
<hr/>	
Annual Address of the President. By THOMAS R. NEILSON, M.D.	1
Some Suggestions to the Fellows of the College by the Newly Elected President. By HOBART AMORY HARE, M.D.	10
The So-called Reticulo-endothelial System: Its Relation to Phagocytosis, Defense Processes, Lipoid and Protein Metabolism, Destruction of Red Cells, and to Neoplasms. By E. B. KRUMBHAAR, M.D., PH.D.	14
The Clinical Importance of the Myocardial Reserve. By WILLIAM D. STROUD, M.D.	31
Diverticula of the Esophagus; Pulsion, Traction, Malignant and Congenital. By CHEVALIER JACKSON, M.D., Sc.D., and THOMAS A. SHALLOW, M.D. Esophagoscopy Observations by CHEVALIER JACKSON, M.D.	39
Effect of Various Agents—Ultraviolet Light, Vaccines, Turpentine, Nearsphenamin and Autoblood Injections—on the Enzymes of Blood and Skin. A Preliminary Report. By JAY FRANK SCHAMBERG, M.D., and HERMAN BROWN, B.S.	66
Intravenous Injection of Mercurochrome-220 for Blood-stream Infections in the Puerperium. By BARTON COOKE HIRST, M.D.	81
On the Intravenous Use of Mercurochrome in Septicemia and Local Infections. By ALFRED STENGEL, M.D.	92
Fifty Years in the Practice of Medicine. By E. E. MONTGOMERY, M.D., LL.D., F.A.C.S.	106
Fifty Years of Surgery, 1875-1925. By JOHN B. DEEVER, M.D.	122
Coccidioidal Granuloma. By DAVID RIESMAN, M.D., and FLORENCE E. AHLFELDT, M.D.	131
Spontaneous Rupture of the Heart. A Clinicopathologic Study Based on 22 Unpublished Cases and 632 from the Literature. By E. B. KRUMBHAAR, M.D., PH.D., and C. CROWELL, A.B., B.S.	139
Purpura Hemorrhagica (Thrombocytopenic Purpura), with Report of a Case with Splenectomy. By DAVID L. FARLEY, M.D.	178

CONTENTS

The Treatment of Carbuncles. By WALTER ESTELL LEE, M.D., F.A.C.S., and T. McKEAN DOWNS, M.D.	193
Experiments Bearing on the Influence of Focal Infection and the Pathology of Arthritis. By RALPH PENBERTON, M.D., F. A. CAJORI, Ph.D., and C. Y. CROTTER, M.S.	201
The Internal Secretion of the Parathyroid Glands. By J. B. COLLIP, M.D.	217
The Function of a Medical Dispensary. By TRUMAN G. SCHNABEL, M.D.	221
Address on Presenting a Portrait of William W. Keen, M.D. By WILLIAM J. TAYLOR, M.D.	229
Acute Massive Collapse of the Lungs. A Discussion of its Mechanism and of its Relations to Foreign Bodies and Postoperative Complications. By WALTER ESTELL LEE, M.D., and GABRIEL TUCKER, M.D.	231
Features of the Smallpox Situation in Philadelphia in 1925. By A. A. CAIRNS, M.D.	255
Transfer of the Custodianship of the Copley Medal Presented to William Hewson, F.R.S., in 1768, by the Royal College of Surgeons of England. By ADDINELL HEWSON, JR., M.D.	261
The Glandular Treatment of Pituitary Tumors and Hyperplasias. By WALTER TIMME, M.D.	264
Certain Experiences with Gall-bladder Surgery. By GEORGE P. MÜLLER, M.D.	277
Cytoplasmic Role of the Liver. By G. W. CRILE, M.D.	290
Surgery and Diabetes. By ARTHUR E. BILLINGS, M.D.	302
Subdiaphragmatic Inflammation. By ROGER I. LEE, M.D.	313
Digitalis Intolerance. By HARLOW BROOKS, M.D.	332
The Relation of Mechanical and Electrical Phenomena of Muscular Contraction, with Special Reference to the Cardiac Muscle. The Mary Scott Newbold Lecture XV. By Professor W. EINTHOVEN	342
The Nature and Mode of Regulation of Glomerular Function. The Mary Scott Newbold Lecture XVI. By A. N. RICHARDS, Ph.D.	343

APPENDIX

PROCEEDINGS OF THE SECTION ON OPHTHALMOLOGY

Sketch of the Life of Sir Isaac Newton. By BURTON CHANCE, M.D.	369
The Bacterial Power of Aqueous of Second Formation. A Possible Explanation of the Beneficial Effect of the Saemisch Section. By E. M. LANDIS, M.D., and H. F. ROBERTSON (by invitation)	370
A Case of Membrana Epipapillaris. A Case of Probable Extensive Remains of Cloquet's Canal. By WILLIAM ZENTMAYER, M.D.	370
A Brief Survey of Adrenalin Chloride, with Especial Reference to its Subconjunctival Injection. By C. ORAM RING, M.D.	371
Melanotic Sarcoma of Iris and Ciliary Body. By FREDERICK KRAUSS, M.D.	373
A Case of Cicatricial Ectropion Showing Operative Results. By WILLIAM ZENTMAYER, M.D.	374
A Case of Bilateral Scleritis. By P. DE LONG, M.D.	374

Volume 47
Third Series
1925

CONTENTS

v

Epithelial Erosion of the Orbit. By BURTON CHANCE, M.D.	375
An Unusual Case of Orbital Abscess in an Infant: Evacuation through a Fistulous Orifice in the Bulbar Conjunctiva. By WILLIAM CAMPBELL POSEY, M.D.	376
First Book on Diseases of the Eye. By BURTON CHANCE, M.D.	377
A Muscle Model for the Demonstration of Ocular Motility. By LUTHER C. PETER, M.D.	378
A Variety of Injury to the Lens Detectable only by Slit-lamp Observation. By BASIL GRAVES, M.D.	380
A Case of Congenital Loop of Veins Extending into the Vitreous, Bilateral. A Case of Bilateral Facial Paralysis. By MARY BUCHANAN, M.D. (by invitation)	382
A Case of Ciliary Tuberculoma. By BURTON CHANCE, M.D.	382
A Case of Proliferative Retinitis. By L. WALLER DEICHLER, M.D.	383
Bilateral Exophthalmos Due to Metastatic Osteosarcoma. By FREDERICK KRAUSS, M.D.	383
Endothelioma of the Pituitary Body. By WILLIAM F. BONNER, M.D. (by invitation)	384
Gonioscopy and its Clinical Applications. By M. URIBE-TRONCOSO, M.D. (by invitation)	384
Exhibition of a Case of Pit of Optic Nerve Head. Partial Coloboma. By J. S. PLUMER, M.D. (by invitation)	387
Exhibition of a Case of Traumatic Retinal Lesion. By WARREN S. REESE, M.D.	388
Changes in Aqueous under the Influence of Certain Drugs. By FRANCIS HEED ADLER, M.D. (by invitation)	389
A Case of Perforating Injury of the Ciliary Body. Perforating Injury of the Globe. Foreign Body in the Orbit. Further Report of Foreign Body in Choroid. By H. MAXWELL LANGDON, M.D.	390
A Case of Osteosarcoma of the Orbit. By WILLIAM ZENTMAYER, M.D.	391
Exhibition of Cases of Xerosis Conjunctivæ. By LEIGHTON F. APPLEMAN, M.D.	392
Ectropion of Lower Lid Corrected by Graft from Upper Lid. By WILLIAM ZENTMAYER, M.D.	394
Two Cases of Contracted Sockets Operated upon by Method of Wheeler. By J. S. PLUMER, M.D.	394
Tuberculoma of Iris and Ciliary Body. By BURTON CHANCE, M.D.	395
A Case of Tuberculous Keratitis. By WARREN S. REESE, M.D.	395
Muscle Recession for Correction of Squint. By WARREN S. REESE, M.D.	396
A Case of Retinal Degeneration. By WILLIAM ZENTMAYER, M.D.	396
A Case of Probable Pemphigus of Conjunctiva. By WILLIAM ZENTMAYER, M.D.	398
Result of Ziegler Through-and-through Operation for Traumatic Cataract. By L. WALLER DEICHLER, M.D.	401
Retrobulbar Neuritis Followed by Optic Atrophy Due to Frontal Sinusitis. By L. WALLER DEICHLER, M.D.	402
Relation of the Aperture of the Eye to Ocular Function. By ALFRED COWAN, M.D.	402

Volume 47
Third Series
1925

vi

CONTENTS

A Case of Incomplete Remains of the Hyaloid Artery. By BURTON CHANCE, M.D.	403
Plastic Correction of Cicatricial Ectropion. By GEORGE H. CROSS, M.D.	404
A Case of Congenital Bilateral Symmetrical Downward and Inward Dislocation of the Lenses. By WILLIAM ZENTMAYER, M.D.	405
A Case of Paralysis of Downward Movements and of Convergence. By WARREN S. REESE, M.D.	406
Melanosarcoma of the Palpebral Conjunctiva. By WM. CAMPBELL POSEY, M.D.	409
Removal of an Epithelial Plaque at the Corneoscleral Junction by the Shahan Electrothermophore. By G. ORAM RING, M.D.	410
Chancroid of the Eyelid. By LEIGHTON F. APPLEMAN, M.D., and S. S. GREENBAUM, M.D.	411
A Case of Unusual Meningitic Anthrax. By FREDERICK KRAUSS, M.D.	412
Heterochromic Cyclitis with Cataract Formation. By JOHN S. PLUMER, M.D. (by invitation)	412
Paralysis of Downward Movements and Convergence Three Years after an Attack of Lethargic Encephalitis. By EDWARD A. SHUMWAY, M.D., and FRANKLIN L. NOYES, M.D.	413
Juvenile Glaucoma. By WILLIAM ZENTMAYER, M.D.	414
Bifocal Trial Case Lenses. By J. MILTON GRISCOM, M.D.	416
Monocular Color-blindness. By WILLIAM F. BONNER, M.D.	417
Pulsating Exophthalmos. By WILLIAM M. SWEET, M.D.	418

PROCEEDINGS OF THE SECTION ON OTOTOLOGY AND LABYNGOLOGY

Some Observations on Certain Forms of Chronic Sinusitis. By ROSS HALL SKILLERN, M.D.	423
Perforation of the Faucial Pillars, with Report of a Case. By EDWARD H. CAMPBELL, M.D. (by invitation)	431
Observation on the Use of the Artificial Drum Membrane. By WILLIAM A. HITSCHLER, M.D.	437
Thymic Death in an Adult During Local Tonsillectomy. By DAVID N. HUSIK, M.D.	442
Lamb's-lung Manikin for Bronchoscopic Study and Practice. By M. JOSEPH MANDELBAUM, M.D. (by invitation)	448
Closure of Laryngo-tonic Fistula. By CHARLES F. NAESSAT, M.D. (by invitation)	453
The Practical Value of the Roentgen-ray in Sinus and Mastoid Conditions. By FREDERICK M. LAW, M.D. (by invitation)	461
Studies in the Riverbank Laboratory on the Acuity of Hearing for Air and Bone Transmitted Sound. By A. G. POELMAN, M.D. (by invitation)	464
Ephedrine, a New Drug; Its Action upon the Nasal Mucosa. By GEORGE FETTEROLF, M.D., and M. B. SPONSLE, M.D.	465
A Unique Case of Frontal Sinusitis. By GEORGE B. WOOD, M.D.	466
The Surgical Treatment of Cervical Adenitis. By DUDLEY HINTON, M.D., F.A.C.S.	467

Volume 47
Third Series
1925

CONTENTS

vii

Sublingual Cellulitis following Tonsillectomy. By GEORGE FETTEROLF, M.D.	476
Case of Tonsillar Vertigo and Asthma. By WILLIAM A. HITSCHLER, M.D.	477
Case of Intranasal Osteoma: Operative Removal. By AUSTIN T. SMITH, M.D. (by invitation)	478
Acute and Chronic Mastoiditis with Atypical Lateral Sinus Thrombosis. By J. CLARENCE KEELER, M.D.	481
Operation upon the Sigmoid Sinus. By CURTIS C. EVES, M.D.	485
Agranulocytic Angina: Report of a Case with Fracture of the Tibia. By ROBERT J. HUNTER, M.D.	490
Modern Methods in the Education of the Deaf Child. By M. A. GOLDSTEIN, M.D. (by invitation)	495
Some Pharmacological Problems of Laryngology. By HORATIO C. WOOD, JR., M.D.	496
Some Complications of Ear, Nose and Throat Diseases and Operations; Their Management. By JOSEPH C. BECK, M.D.	497
PROCEEDINGS OF THE SECTION ON GENERAL MEDICINE	
Some Problems of the Laboratory as Illustrated by Blood Counts. By STANLEY P. REIMANN, M.D.	530
The Mutual Relations Existing between the Clinic and the Laboratory. By BOWMAN CORNING CROWELL, M.D.	544
The Clinical Use of Blood Chemistry. By WITHROW MORSE, Ph.D. (by invitation)	552
The History of Appendicitis. By J. VERNON ELLSON, M.D. (by invitation)	554
Electrocardiographic Studies on a Case of Attempted Suicide with Digitalis. By THOMAS M. McMILLIAN, M.D., and C. F. LONG, M.D. (by invitation)	563
The Diagnosis and Treatment of Pulmonary Tuberculosis. By A. H. PERSKY, M.D. (by invitation)	567
Dental Infection and Heart Irregularities. By S. CALVIN SMITH, M.S., M.D. (by invitation)	576
A Modification of the Urea-concentration Test. By HAROLD W. JONES, M.D., and A. CANTAROW, M.D. (by invitation)	578
The Unsuccessful Gastrointestinal Operation from a Medical Viewpoint. By RUSSELL S. BOLES, M.D. (by invitation)	582
Artificial Light Therapy in Tuberculosis. By EDGAR MAYER, M.D. (by invitation)	583
The Ambulatory Care of Diabetic Patients. By RUSSELL RICHARDSON, M.D.	590
Results in the Treatment of Early Syphilis. By J. E. MOORE, M.D. (by invitation)	596
Beriberi from a Diet of Raw Starch. By E. J. KEPLER, M.D. (by invitation)	600
Pellagra and Pellagroid at the Philadelphia General Hospital. By JOSEPH V. KLAUDER, M.D.	608
The Effects and Disappearance of Orally Administered Hydrochloric Acid in Normals and in Cases of Anacidity. By EDWARD ROSE, M.D. (by invitation)	611

Volume 47
Third Series
1925

CONTENTS

The Diagnosis of Abdominal Tumors. By JOSEPH SAILER, M.D. . . .	616
A Histological Study of Testes from Syphilitic Patients. By ELI R. SALEEBY, M.D. (by invitation)	628
On the Production of Mydriasis in Rabbits by the Use of Thyrotoxic Serum and Adrenaline. By ROBERT L. PITFIELD, M.D.	633
The Final Solution on the Intracranial Pressure Problem. By TEMPLE FAY, M.D. (by invitation)	635
Calcium Deficiency in Asthma, Hayfever and Allied Conditions. By GRAFTON TYLER BROWN, M.D. (by invitation)	643

PROCEEDINGS OF THE SECTION ON PUBLIC HEALTH AND INDUSTRIAL MEDICINE

The Prevention of Scarlet Fever. By JAMES C. SMALL, M.D. (by invitation)	647
The Need for More Intensive Effort in Diphtheria Prevention. By EDWARD L. BACER, M.D.	653
Introductory Remarks. By FRANK A. CRAIG, M.D., <i>Chairman</i>	661
The Value of Medical Service to Industry. By EMERY R. HAYHURST, M.D., Ph.D. (by invitation)	662

PROCEEDINGS OF THE SECTION ON MEDICAL HISTORY

Galen's Discovery and Promulgation of the Function of the Recurrent Laryngeal Nerve. By JOSEPH WALSH, M.D.	677
Thomas Sydenham, Clinician. By DAVID RIESMAN, M.D.	693
The History of the Department of Obstetrics in the Medical School of the University of Pennsylvania. By BARTON COOKE HIRST, M.D.	708
Thomas Dent Mütter, Professor of Surgery, Jefferson Medical College, 1841-1856. By JOHN H. GIBBON, M.D.	714
Curiosities from the Collection of Calculi in the Museum of the Royal College of Surgeons. By ALEXANDER RANDALL, M.D., F.A.C.S.	722
Some Medical Aspects of the Writings of Émile Zola. By JOSEPH McFARLAND, M.D.	736
The Black Death—Its Social and Economic Results. By HERMAN B. ALLYN, M.D.	743
Jean Martin Charcot. By WILLIAM G. SPILLER, M.D.	760

The Surgical Treatment of Pulmonary Tuberculosis. The Mütter Lecture. By EDWARD ARCHIBALD, M.D.	767
The Advancement of Epidemiology through Experiment. The S. Weir Mitchell Oration. By SIMON FLEXNER, M.D.	791
Annual Report of the Library Committee for 1925	815

The Diagnosis and Treatment of Cardiovascular and Visceral Syphilis. By JOHN H. STOKES, M.D.	161
The Treatment of Central Nervous System Syphilis. By JOSEPH EARLE MOORE, M.D.	171
Syphilis and Marriage in Relation to Specific Therapy. By JOHN A. KOLMER, M.D.	178
The Symptomatology and Treatment of Congenital Syphilis. By JAY FRANK SCHAMBERG, M.D.	186
The Diagnosis of Tracheobronchial Tuberculosis. By F. MAURICE McPHERDAN, B.A., M.B. (TOR.)	196
The Etiology and Pathogenesis of Achylia Gastrica. The Nathan Lewis Hatfield Lecture. By PROF. KNUD FABER	221
Hepatitis and its Relation to Cholecystitis. The Mütter Lecture. By WALTON MARTIN, M.D.	241

PROCEEDINGS OF THE SECTION ON OPHTHALMOLOGY

Bilateral Paralysis of the Third and Fourth Nerves. By LEIGHTON F. APPLEMAN, M.D.	269
A Case of Extensive Nevus of the Eyeball. By WILLIAM ZENTMAYER, M.D.	269
Sudden Unilateral Blindness following Injury. By WARREN S. REESE, M.D.	270
Macular Edema with Partial Separation of the Retina. By LUTHER C. PETER, M.D.	272
Presentation of a Set of Couching Needles. Historical Sketch. By HUNTER H. MCGUIRE, M.D.	274
Case of Bilateral Uveitis with Complicating Cataracts. By BURTON CHANCE, M.D., and H. J. BLACKMON, M.D.	274
A Case of Paralysis of the Inferior Oblique Corrected by Tenotomy of the Superior Rectus of the Other Eye. By WILLIAM ZENTMAYER, M.D.	275
A Simplified Method of Complete Enucleation. By FREDERICK KRAUSS, M.D.	277
Diabetics and Tobacco Amblyopia. By G. E. DE SCHWEINITZ, M.D., and A. G. FEWELL, M.D.	277
Prolonged Miosis for the Control of Increased Intraocular Tension, with Remarks on the Preparation of Solutions of the Miotics. By G. E. DE SCHWEINITZ, M.D., and B. F. BAER, M.D.	279
Some Interesting Changes in the Vessels of the Fundus. By L. WALLER DEICHLER, M.D., and A. BARLOW, M.D.	280
An Intraocular Tumor of Unknown Pathology. By AARON BARLOW, M.D.	282
Case of Drusen of the Fundus. By HUNTER W. SCARLETT, M.D.	283
Case of Xeroderma Pigmentosa. By BURTON CHANCE, M.D.	283
A Memoir of Dr. S. Lewis Ziegler. By PAUL J. SARTAIN, M.D.	284
Angioid Streaks of the Retina. By J. MILTON GRISCOM, M.D.	285
Case of Disciform Keratitis. By WILLIAM ZENTMAYER, M.D.	286

CONTENTS

Exhibition of Two Cases of Nodular Degeneration of the Cornea. By WILLIAM ZENTMAYER, M.D.	287
A Case of Microphthalmus with Orbital Cyst. By E. A. SHUMWAY, M.D., and A. R. RENNINGER, M.D.	288
Motais Operation for Ptosis. By CHARLES R. HEED, M.D.	290
Osteoma of the Orbit. By E. B. MILLER, M.D.	292
Case of Obstruction of a Branch of a Retinal Artery. By WARREN S. REESE, M.D.	293
Complicated Cataract following Injury. By WARREN S. REESE, M.D.	294
The Todd Muscle-tuck, with a Modification. By FRANK C. PARKER, M.D.	294
The Action of Atropine in Acute Inflammations of the Eye. By FRANCIS HEED ADLER, M.D.	295
Sarcoma of the Choroid. By BURTON CHANCE, M.D.	296
Orbital Swelling Associated with Chronic Frontal Sinusitis (previously Diagnosed as Osteoma), with Sudden Extensive Edema of Upper Face and all Four Eyelids, and with Suggestive Ocular Fundus Changes. By G. ORAM RING, M.D.	297
Lesson to be Learned from Dr. Mitchell's Paper on "Eyestrain as a Cause of Headache" (published in April, 1876). By H. MAXWELL LANGDON, M.D.	300
Exhibition of a Case of Extreme Traumatic Enophthalmos. By WILLIAM ZENTMAYER, M.D.	305
Exhibition of a Case of Bilateral Symmetrical Congenital Dislocation of the Lens. By WILLIAM ZENTMAYER, M.D.	306
Hematogenous Siderosis Associated with Angiosclerosis of the Retinal Vessels and a History of Diabetes. By T. B. HOLLOWAY, M.D.	306
Presentation of Instruments used by the Late Dr. William F. Norris. By BURTON CHANCE, M.D.	307
Vaccination Ulcer of the Eyelid. By BURTON CHANCE, M.D.	309
Juvenile Cataract, Secondary to Uveal Disease. By C. R. HEED, M.D.	309
Calcareous Film of the Cornea. By LEIGHTON F. APPLEMAN, M.D.	310
Corneal Tumor. By LEIGHTON F. APPLEMAN, M.D.	311
A New Tucking Operation for the Correction of Strabismus. By THOMAS J. CLEMENS, M.D.	312
Corneal Lesions. By G. E. DE SCHWEINITZ, M.D., and PERCE DE LONG, M.D.	314
Exhibition of a Case of Sarcoma of the Iris. By WILLIAM ZENTMAYER, M.D.	314
Traumatic Enophthalmos. By C. R. HEED, M.D.	315
Sarcoid of the Eyelids. By LOUIS LEHRFELD, M.D.	316
Epithelioma of Eyelid in a Child Aged Four Years. By S. S. GREENBAUM, M.D.	319
An Unusual Case of Medullated Nerve Fibers. By A. G. FEWELL, M.D.	320
Observations on the Surgical Treatment of Senile Cataract Complicated by Glaucoma. By LUTHER C. PETER, M.D.	321
Ocular Fields in Syphilis: Retinochoroiditis in Early Tabes. By WILLIAM F. BONNER, M.D. (by invitation)	323

Volume 48
Third Series
1926

vi

CONTENTS

A Further Report on a Case of Primary Sarcoma of the Iris. By WILLIAM ZENTMAYER, M.D.	324
A Case of Embolism of a Branch of the Central Artery of the Retina. By GEORGE H. CROSS, M.D.	324
An Interesting Condition of the Cornea. By BURTON CHANCE, M.D., and LOUIS LEHRFELD, M.D. (by invitation)	325
The Crutch Spectacle as an Aid in the Study of Ptoxis Associated with Paralysis of the Globe Muscles. By THOMAS B. HOLLOWAY, M.D.	326
Chorioretinitis Juxta Papillaris. By FRANCIS HEED ADLER, M.D.	327
A Simplified Conception of Visual Field Changes in Chronic Glaucoma. By LUTHER C. PETER, M.D.	328
Notes on Subconjunctival Cataract Extraction. By FREDERICK KRAUSS, M.D.	329
Exhibition of a Portable Illuminated Test-card. By J. MILTON GRISCOM, M.D.	329
PROCEEDINGS OF THE SECTION ON OTOTOLOGY AND LARYNGOLOGY	
A Unique Complication of Tonsillectomy. By HORACE J. WILLIAMS, M.D.	330
Acute Laryngeal Edema. By DAVID HUSIK, M.D.	330
Nonendoscopic Cases of Foreign Bodies in the Tonsil. By LOUIS H. CLERF, M.D.	331
Our Present Knowledge of Procain, with a Brief Report of Experimental Carotid Injection of the Drug. By KARL MUSSER HOUSER, M.D. (by invitation)	332
Atrophic Rhinitis—A Clinical Study: Preliminary Report. By A. J. WAGERS, M.D. (by invitation)	332
Aural Investigation at Johns Hopkins Hospital. By S. J. CROWE, M.D. (by invitation)	333
Some Phases of Streptococcal Infection in Acute Mastoiditis. By RICHMOND MCKINNEY, M.D. (by invitation)	334
Aneurysm of the Aorta. By FIELDING O. LEWIS, M.D., and C. J. FUCHER, M.D. (by invitation)	336
Serial Frozen Sections of the Thorax in Sternum-eroding Aneurysm of the Arch of the Aorta. By GEORGE W. NORRIS, M.D., and GEORGE FETTEROLF, M.D.	336
Closure of Retroauricular Fistula. By JAMES A. BABBITT, M.D.	337
Aphonia: Report of Three Cases. By WILLIAM R. WATSON, M.D.	337
Sinus Disease in Children. By CHARLES R. HUGHES, M.D. (by invitation)	338
Retropharyngeal Abscess Discharging through the Right Ear. By C. C. EVES, M.D.	339
The Management of Acute Suppurative Otitis Media in the Home. By FRANCIS R. PACKARD, M.D.	340
A Contribution to Our Knowledge of the Sphenopalatine Ganglion. By GEORGE FETTEROLF, M.D., E. H. CAMPBELL, M.D., and K. M. HOUSER, M.D. (by invitation)	341
Foreign Body Accidents during Tonsillectomy. By GABRIEL TUCKER, M.D.	343

Volume 48
Third Series
1926

vii

Typhoid Ulceration of the Larynx. By JOHN R. DAVIES, JR., M.D.	343
Case Reports. By G. M. MARSHALL, M.D.	344
Orbital Abscess Secondary to Ethmoidal Infection in Children: A Report of Two Cases. By WARREN B. DAVIS, M.D.	345
Nasopharyngeal Cyst. By WILLIAM HEWSON, M.D.	346
Is Radium a Cure for Cancer of the Larynx? An Inquiry Based on a Study of the End-results. By THOMAS J. HARRIS, M.D.	346
Presentation of New Instruments. By GEORGE FETTEROLF, M.D.	348
Unusual Types of Mastoiditis. By S. MACCLEN SMITH, M.D.	348
PROCEEDINGS OF THE SECTION ON GENERAL MEDICINE	351
PROCEEDINGS OF THE SECTION ON PUBLIC HEALTH AND INDUSTRIAL MEDICINE	353
PROCEEDINGS OF THE SECTION ON MEDICAL HISTORY	354
The History of Surgical Advances in the Past Fifty Years. By W. W. KEEN, M.D.	356
The History of the Advances in the Medical and Surgical Specialties. By GEORGE E. DE SCHWEINITZ, M.D.	360
The History of Advances in Medicine in the Last Fifty Years. By O. H. PERRY PEPPER, M.D.	362
The History of Laboratory Research in the Past Fifty Years. By JOHN A. KOLNER, M.D.	369
Annual Report of the Library Committee for 1926	380

Volume 49
Third Series
1927

CONTENTS.

List of Presidents of the College	vii
List of Officers and Standing Committees	viii
List of Fellows of the College	xi
List of Associate Fellows of the College	lv
Necrological List for 1927	lvii
List of Prizes and Lectures	lviii
Memoir of Henry Redwood Wharton, A.M., M.D.	lxiii
Memoir of Henry Weightman Stelwagon, M.D.	lxix
Memoir of Allen J. Smith, M.D.	lxxii
Memoir of John B. Roberts, M.D.	lxxvii
 Annual Address of the President. By HOBART A. HARE, M.D.	 1
The Cause and Prevention of the Increasingly High Mortality in the Acute Surgical Abdomen. By JOHN O. BOWER, M.D.	3
Syphilitic Splenomegaly Associated with an Osteomyelitis of the Clavicle. By THOMAS KLEIN, M.D.	15
Infection with Tuberculosis in Children and in Adults, and the Relation of One to the Other. The Mary Scott Newbold Lecture XVII. By EUGENE L. OPIE, M.D.	24
The Polymorphonuclear Neutrophiles in the Blood of Lymph: Adenopa- thies and their Relation to Classification and Radiation Treatment. By HERBERT FOX, M.D.	48
Snake Poisoning and its Treatment. By AFRANIO DO AMARAL, M.D.	65
Address by His Excellency SIR ESME HOWARD, the British Ambassador	68
The Centenary of Lister (1827-1927): A Tale of Sepsis and Antisepsis. By ASTLEY P. C. ASHHURST, M.D.	70
The Relation of Indoor Atmospheres to Human Health and Comfort. By C.-E. A. WINSLOW, DR.P.H.	94
Laboratory and Clinical Methods. By H. R. M. LANDIS, M.D.	117
Nutrition and Tuberculous Infection in Childhood. By H. W. HETHER- INGTON, M.B.	124
Calcium Studies in Jaundice with Special Reference to the Effect of Para- thyroid Extract on the Distribution of Calcium. By A. CANTAROW, M.D., S. M. DODEK, M.D. and BURGESS GORDON, M.D.	132
The Treatment of Pernicious Anemia with Liver or an Effective Frac- tion of Liver. The Mary Scott Newbold Lecture XVIII. By GEORGE R. MINOT, M.D.	144
The Pathogenesis of Gastric and Duodenal Ulcers. The Mütter Lecture. By E. STARR JUDD, M.D.	154
Surgical Treatment of Pulmonary Tuberculosis. By RALPH C. MATSON, M.D.	167

Volume 49
Third Series
1927

CONTENTS

PROCEEDINGS OF THE SECTION ON OPHTHALMOLOGY.

Reconstruction of the Eyelids by Epithelial Grafts. By C. E. G. SHANNON, M.D., and GEORGE H. CROSS, M.D.	193
The Principles of Syphilotherapy as Applied to the Eye. By JOHN H. STOKES, M.D.	195
Memoir of William M. Sweet, M.D. By HOWARD F. HANSELL, M.D.	198
Normal and Pathologic Anatomy of the Optic Canal in the Roentgenogram. By HARRY A. GOALWIN, M.D.	201
Essential Atrophy of the Iris. By J. MILTON GRISCOM, M.D.	204
Ring Scotoma in Glaucoma. Report of a Case. By H. MAXWELL LANGDON, M.D.	206
Linear Precipitates on the Posterior Surface of the Cornea. By LUTHER C. PETER, M.D.	211
A Case of Unusual Distribution of Optic Nerve Fibers of the Retina. By H. MAXWELL LANGDON, M.D.	211
Case of Coloboma of the Iris, with Equatorial Puncture Cataract. By SIDNEY L. OLSHO, M.D.	212
Angioid Streaks of the Retina. By J. MILTON GRISCOM, M.D.	215
Angioid Streaks in the Retina. By WILLIAM ZENTMAYER, M.D.	216
Congenital Syphilitic Chorioretinitis. By JONAS S. FRIEDENWALD, M.D.	217
Digest of Some Clinical and Experimental Observations on the Use of Foreign Protein, Especially in Iritis. By HUNTER W. SCARLETT, M.D.	218
Trachoma among the Indians of the Southwest. By W. C. POSEY, M.D.	219
Congenital Albinism. By WALTER J. SENER, M.D.	220
Cataracta Cerulea. By WALTER J. SENER, M.D.	220
Superficial Linear Keratitis. By J. C. KNIPE	222
Exhibition of a Case of Neurofibromatosis. By WILLIAM ZENTMAYER, M.D.	223
Exhibition of a Case of Unilateral Papillitis Due to Ethmoiditis. By WILLIAM ZENTMAYER, M.D.	224
Correction of Cicatricial Ectropion by Overlay. By GEORGE H. CROSS, M.D.	225
Before and After Cataract. By EDWIN B. MILLER, M.D.	225
Iridectomy from the Anatomical Standpoint. By B. ALEXANDER RANDALL, M.D.	230
Dr. Richard Bright, an Ophthalmologist's Appreciation. By BURTON CHANCE, M.D.	232
The Mosher-Toti Dacryocystorhinostomy. By EDMUND B. SPAETH, M.D.	233
Two Cases of Reticular Degeneration of the Cornea. By WILLIAM ZENTMAYER, M.D.	235
A Case of Posterior Lenticornus. By WILLIAM ZENTMAYER, M.D.	236
Use of Photographic Enlargements for Illustrating Fundus Details. By ALFRED COWAN, M.D.	237
Massive Exudate of the Retina. By W. G. MENGEL, M.D.	237
A Case of Orbital Growth. By HENRY V. SLOANE, M.D.	238

Volume 49
Third Series
1927

CONTENTS

v

Comparative Study of the Rôle of Pigment in the Physiology of Vision. By FRANCIS ADLER, M.D.	240
A Lantern Demonstration of Tumors of the Conjunctiva. By E. A. SHUMWAY, M.D. and PERCE DE LONG, M.D.	240
An Unusual Form of Symmetrical Lenticular Opacities in the Adult Nuclear Zones. By LUTHER C. PETER, M.D.	240
An Instrument for the Removal of Intraocular Foreign Bodies. By T. B. HOLLOWAY, M.D.	241
Moving Pictures of Patients with Certain Orbital Conditions. By T. B. HOLLOWAY, M.D.	242
Symblepharon from Molten Metal—Plastic Repair. By BURTON CHANCE, M.D.	242
Ptosis and Paralysis of the Superior Rectus. By BURTON CHANCE, M.D.	242
Fibrous Material of the Optic Disk. By BURTON CHANCE, M.D.	243
Hemorrhage of the Sheath of the Optic Nerve Occurring in the Fellow-eye After a Ten-year Interval. By GEORGE H. CROSS, M.D.	243
Acute Unilateral Optic Neuritis, Toxic in Origin. By G. ORAM RING, M.D.	244
Diseases of the Eye and Adnexa Due to Fungi and Higher Bacteria. By SANFORD R. GIFFORD, M.D.	246
Retinal Arteriosclerosis with Intermittent Vessel Changes. By LUTHER C. PETER, M.D. and EDMUND B. SPAETH, M.D.	249
A Case of Massive Phlegmon following Novocain Injection in a Diabetic. By LUTHER C. PETER, M.D., and EDMUND B. SPAETH, M.D.	250
Traumatic Iridodialysis with Macular Changes. By FREDERICK KRAUSS, M.D.	252

PROCEEDINGS OF THE SECTION ON OTOTOLOGY AND LARYNGOLOGY.

Salivary Calculus of the Submaxillary Gland Associated with Infection. By ARTHUR WAGERS, M.D. (by invitation)	253
Peripheral Paralysis Resulting from Focal Infection. By WALTER L. CARISS, M.D. (by invitation)	254
Opening the Bite According to the Wadsworth Technic of Articulation and its Effects upon the Temporomandibular Area. By F. G. HAWSWORTH, D.D.S. (by invitation)	254
A Review of the Year's Work on Laryngeal Tuberculosis. By GEORGE B. WOOD, M.D.	255
Otogenic Pathology in Paralysis of the Abducens Nerve. By W. H. SEARS, M.D. (by invitation)	256
Otitic Meningitis. By E. B. GLEASON, M.D.	258
Bronchial Cyst Encroaching upon the Larynx Causing Fatal Suffocation. By W. R. WATSON, M.D.	260
Unusual Manifestation of Mastoid Disease with Lateral Sinus Throm- bosis. By ALSTIN T. SMITH, M.D. (by invitation)	261
Spontaneous Rupture of the Lateral Sinus. By HORACE J. WILLIAMS, M.D.	261

Volume 49
Third Series
1927

CONTENTS

Some Neurological Complications of the Ear, Nose and Throat. By T. H. WEISENBURG, M.D. (by invitation)	262
Difficulties in the Diagnosis of Lateral Sinus Thrombosis. By NATHAN P. STAFFER, M.D.	265
Rhinorrhea following Rasing of the Frontal Sinus. By E. W. COLLINS, M.D. (by invitation)	265
Atypical Esophagus Stricture in an Infant. By JAMES A. BARBITT, M.D.	266
Studies in Vienna and Zurich. By ROBERT J. HUNTER, M.D.	266
Atypical Neuralgia. By TEMPLE FAY, M.D. (by invitation)	266
Certain Laryngeal Conditions. By WILLIAM V. MITLEN, M.D. (by invitation)	268
Obstructive Laryngeal Dyspnea. By GABRIEL TUCKER, M.D.	271
Clonic Spasm of the Muscles of the Eustachian Tubes. By KARL M. HOUSER, M.D. (by invitation)	272
Demonstration of Tapia's Artificial Larynx. By FIELDING O. LEWIS, M.D.	273
A Study of the Effect of <i>Ceanothus Americanus</i> on the Coagulation Time of the Blood. By A. A. S. GIORDANO, M.D. and DWIGHT L. WILBUR, M.D. (by invitation)	274
Parathyroid Extract in Hemorrhage. By ABRAHAM CANTAROW, M.D. (by invitation)	274
Presentation of Some of the Otolaryngological Material of the Mutter Museum. By GEORGE FETTEROLF, M.D. and HARRY P. SCHENCK, M.D.	276
PROCEEDINGS OF THE SECTION ON GENERAL MEDICINE	277
PROCEEDINGS OF THE SECTION ON PUBLIC HEALTH AND INDUSTRIAL MEDICINE	279
PROCEEDINGS OF THE SECTION ON MEDICAL HISTORY	281

Annual Address of the President. By JOHN H. GIBBON, M.D.	1
Blood Donors: A Study of the Effect in Donors of Repeated Blood Loss. By HAROLD W. JONES, M.D., HERBERT WIDING, M.D., and LYLE NELSON, M.D.	7
Subacute Endocarditis Simulating Meningitis. By JOSEPH T. ULLOM, M.D.	17
The Pathogenesis of Scarlet Fever and Erysipelas. By FRANCIS G. BLAKE, M.D.	27
Organic Change and Disturbance of Function. By THOMAS McCRAE, M.D., D.Sc., F.R.C.P. (Lond.)	44
The Incidence of Roentgenographically Observed Calcified Pulmonary Foci and Their Significance. A Study of 1034 Patients. By JOHN T. FARRELL, JR., M.D.	57
Postoperative Pulmonary Atelectasis and Its Relation to Postoperative Pneumonia. A Demonstration with Motion Pictures of the Clinical Phenomena, Bronchoscopic Drainage and Experimental Production of Postoperative Pulmonary Atelectasis. By WALTER ESTELL LEE, M.D., GABRIEL TUCKER, M.D., LOUIS CLERF, M.D., I. S. RAVDIN, M.D., and EUGENE P. PENDERGRASS, M.D.	75
Harvey's Predecessors and Contemporaries. The Mary Scott Newbold Lecture. Lecture XIX. By SIR HUMPHRY ROLLESTON, BART., K.C.B., M.D.	93
Harvey's Experiments on Circulation. The Nathan Lewis Hatfield Lecture. Lecture VIII. By J. J. R. MACLEOD, M.B., LL.D., D.Sc., F.R.S.	110
A Statistical Study of Clinical and Laboratory Findings in Gastric and Duodenal Ulcer, with Special Reference to Roentgenologic Data. Based on the Records of 279 Operatively Demonstrated Cases. By T. GRIER MILLER, M.D., EUGENE P. PENDERGRASS, M.D., and KATHERINE S. ANDREWS, M.D.	130
Present Trends and Future Possibilities in Preventive Medicine. By ALLEN W. FREEMAN, M.D.	153
Certain Aspects of Immunization in Communicable Diseases of Childhood. By JAMES M. ANDERS, M.D.	163
Acute Infectious Polyneuritis with Facial Diplegia. By CLARENCE A. PATTEN, M.D.	180
The Relief of Pain by Nerve Section. By FRANCIS C. GRANT, M.D.	189

CONTENTS

Some Kidney Complications of Pregnancy. By JOHN C. HIRST, 2d, A.B., M.D.	201
Investigations Concerning the Function of the Phrenic Nerves. By H. A. HARE, M.D., and EDWARD MARTIN, M.D.	205
Infection as a Cause of Juvenile Cirrhosis. By V. H. MOON, M.D.	220
The Intravenous Use of Distilled Water. By THEODORE LEBOUTILLIER, M.D.	236
The Relation of Withdrawal of Cerebrospinal Fluid to the Body Temperature. Consideration of a Thermoregulatory Center. Study of 250 Cases. By ALFRED GORDON, M.D.	244
Arthritis. The Mary Scott Newbold Lecture. Lecture XX. By RALPH PEMBERTON, M.D.	251
Cancer of the Colon: Pathology and Early Diagnosis. The Mütter Lecture. By HERBERT W. CARSON, F.R.C.S. (ENG.)	266
PROCEEDINGS OF THE SECTION ON OPHTHALMOLOGY.	
Report of Operation for Ptosis of the Lid. By WILLIAM T. SHOEMAKER, M.D.	281
A Case of Pseudoneuritis. By WARREN S. REESE, M.D.	282
Epithelial Dystrophy of the Cornea which Disappeared upon the Ingestion of Fats. By H. MAXWELL LANGDON, M.D.	282
Comparison of Retinoscopy by the Streak Method and by the Plane Mirror. By H. MAXWELL LANGDON, M.D.	284
Tucking Operation for Squint. By C. E. G. SHANNON, M.D., and WILLIAM J. HARRISON, M.D.	285
Syringocystoma of Eyelids. By S. S. GREENBAUM, M.D.	286
A Further Report upon an Orbital Tumor. By H. O. SLOANE, M.D.	289
A Case of Congenital Disk-shaped Cataract. By WILLIAM ZENTMAYER, M.D.	292
Neurofibroma of the Orbit; Operation; Pathological Report. By G. E. DESCHWEINITZ, M.D., and B. F. BAER, JR., M.D.	292
Concerning Pseudo-optic Neuritis. By G. E. DESCHWEINITZ, M.D.	293
The Newer Ophthalmic Lenses. By ALFRED COWAN, M.D.	296
Presentation of Littell's Manual. By BURTON CHANCE, M.D.	298
An Unusual Case of Persistent Pupillary Membrane. By THOMAS B. HOLLOWAY, M.D., and ALFRED COWAN, M.D.	299
Senile Cataract. With a Consideration of the Accompanying Changes in the Lens Proteins. By I. S. TASSMAN, M.D.	300
Three Cases of Cavernous Sinus Thrombosis (?), with Recovery of One Case Complicated by Pulsating Exophthalmos. By LUTHER C. PETER, M.D.	302
Lantern Slides from Uncommon Fundus Photographs. By ARTHUR J. BEDELL, M.D.	304
Measurements of the Blood-free Area of the Retina. By FRANCIS HEED ADLER, M.D., with J. S. SPERLING, M.D., and H. MILLER, M.D.	307
An Interesting Fundus Condition of Obscure Origin. By L. WALLER DEICHLER, M.D.	307
A Case of Automobile Injury of the Eyelids and Orbit. By SIDNEY L. OLSHO, M.D.	310
Quantitative Pupillary Light Reflex. By LOUIS LEHRFELD, M.D.	310
A Case of Involvement of the Orbit from Accessory Nasal Sinus Disease Closely Simulating Cavernous Sinus Thrombosis. By H. MAXWELL LANGDON, M.D.	312

The "Triple Light" as a Practical Method of Perimetric Illumination. By L. WALLER DEICHLER, M.D.	315
A Case of Occupational Toxic Amblyopia. By WILLIAM ZENTMAYER, M.D.	317
Retinal Disease with Massive Exudation. By PERCE DELONG, M.D., and W. G. MENGEL, M.D.	317
A Case of Leptothrix Infection of the Canaliculus. By M. E. MARCOVE, M.D.	319
Edema of the Conjunctiva with Rhinorrhea. By EDWARD A. SHUMWAY, M.D.	320
Infection of a Cataract Wound with a Facultative Anaerobic Streptococcus. By H. MAXWELL LANGDON, M.D., and H. M. CORE, M.D.	322
A Case of Myopia and Glaucoma with Unusual Visual-field Deformation: Cyclodialysis. By G. E. DESCHWEINITZ, M.D.	325
Loss of Vision and Papilledema Caused by Excessive Uterine Hemorrhage. By G. E. DESCHWEINITZ, M.D.	325
A Recent Visit to the Barcelona Clinic of Dr. Ignacio Barraquer. By G. ORAM RING, M.D.	326
An Improved Retinoscope. By GEORGE H. CROSS, M.D.	327
Circinate Retinitis. By HUNTER W. SCARLETT, M.D.	328
Aniridia. By W. O. LAMOTTE, M.D.	329
Prepapillary Retinal Vessel. By JOHN SIGGENS, M.D.	329
A Case for Diagnosis. By EDWARD A. SHUMWAY, M.D.	330
Pressure Atrophy: Reconstruction of a Generally Contracted Socket. By EDMUND B. SPAETH, M.D.	331
Retained Hyaloid Structure as a Cause of Juvenile Cataract; a Clinical Memorandum. By WILLIAM ZENTMAYER, M.D.	332
Ophthalmiatría. By BURTON CHANCE, M.D.	333
Ring Pigmentation of the Cornea. By T. B. HOLLOWAY, M.D., and PERCE DELONG, M.D.	334
Intraocular Foreign Bodies. Presentation of Case. By A. G. FEWELL, M.D.	334
Star-figure in the Macula. By WARREN S. REESE, M.D.	334
Embolus of a Branch of the Central Artery of the Retina. By J. MILTON GRISCOM, M.D.	336
Implantation of Endogenous Cartilage into the Orbit after Remote Enucleation of the Eyeball. Exhibition of Case. By C. E. G. SHANNON, M.D.	336
High Hyperphoria Associated with Violent Headache, Corrected by Tucking. By G. ORAM RING, M.D.	338
Final Report upon a Case of Supposed Sarcoma of the Orbit. By EDWARD A. SHUMWAY, M.D.	339
Chondrosarcoma of the Orbit, Removed by Modified Kronlein Operation. By FREDERICK KRAUSS, M.D.	340
Interstitial Keratitis following Trauma: the Relation of Trauma to Syphilis in General. By JOSEPH V. KLAUDER, M.D.	340
PROCEEDINGS OF THE SECTION ON OTOTOLOGY AND LARYNGOLOGY.	
Some Measures which Seem to be Helpful in Preparing a Patient for Operation. By SAMUEL M. WILSON, M.D.	343
Congenital Auricular Anomalies, with Report of Case. By J. CLARENCE KEELER, M.D.	343
The Surgery of Auricular Anomalies. By ROBERT H. IVY, M.D.	345

CONTENTS

Latent Infection of Sinuses, with Symptoms of Lower Respiratory Tract Disease. By LOUIS H. CLERF, M.D.	346
Latent Infection of Sinuses, with Symptoms of Lower Respiratory Tract Disease. By AUSTIN T. SMITH, M.D.	347
The Neurologic Aspects of Nasal Infections. By SIMON L. RUSKIN, M.D.	348
Symposium: Sigmoid Sinus Thrombosis	352
Two Cases of Otitic Meningitis. By GEORGE B. WOOD, M.D.	359
The Radiological Signs which Indicate Extension of Infection from the Ethmoid and Sphenoid Sinuses to the Base of the Skull (Illustrated by a Series of Lantern Slides). By G. E. PFAHLER, M.D.	362
Cerebrospinal Rhinorrhea following Intranasal Surgery. Collection of Cases and Report of One Such Case. By EDWARD H. CAMPBELL, M.D.	363
Exhibition of a Device for Making Simultaneous Bilateral Stereoscopic Roentgenograms of the Mastoid Cells. By HENRY K. PANCOAST, M.D.	364
Clinical Observations of X-ray Diagnosis of Maxillary Sinus Disease after the Injection of Lipiodol, and Deductions from the Pathological Reports from One Hundred and Fifty Radical Maxillary Sinus Operations. By MATTHEW S. ERSNER, M.D.	364
A Case of Dyspnea in a Child, One Year Old, and Otitis Media Complicating a Case of Pneumonia. By THOMAS G. AIKEN, M.D.	367
Complete Facial Paralysis and Meningitis as a Complication of Acute Otitis Media. By DAVID N. HUSIK, M.D.	368
Angina, Blood-stream Infection and Agranulocytosis. By KARL M. HOFER, M.D., and EDWARD ROSE, M.D.	368
A Comparison of the Outlines of the Frontal Sinus in Vivo, as Shown by Transillumination and Roentgen Ray. By GEORGE FETTEROLF, M.D. and EDWARD E. SPRENKEL, M.D.	370
Report from British Medical Association of 1928. By GEORGE M. COATES, M.D.	370
Symposium: Anesthesia	370
The Cerebral-cisternal-spinal Lavage Method of Treatment of Septic Meningitis, and the Intracarotid Treatment of Experimental Pneumococcus Meningitis. By JOHN A. KOLMER, M.D.	373
Acute Mastoiditis Accompanied by Lateral Sinus Thrombosis and Multiple Brain Abscess. By JOHN R. DAVIES, M.D.	376
The Nature of Nystagmus and Dizziness Occurring in Certain Positions of the Head and in Movements Other than Those Around the Long Axis of the Body. By JOSEPH C. YASKIN, M.D.	377

 The Annual Address of the President. By JOHN H. GIBBON, M.D.	1
Mycotic Aneurysms. By W. G. MACCALLEM, M.D.	6
The Problem of Gastric Hyperacidity. By MARTIN E. REHFUSS, M.D.	21
Postvaccinal Encephalitis and Allied Conditions. The Nathan Lewis Hatfield Lecture. Lecture IX. By SIMON FLEXNER, M.D.	30
The Treatment of Abscess of the Lung. By GEORGE P. MULLER, M.D.	53
Causes of Morbidity and Mortality of Operation for Gall-stone Disease. By JOHN B. DEEVER, M.D.	68
The Etiology, Diagnosis, Treatment and Prognosis of Auricular Fibrilla- tion. By WILLIAM D. STROUD, M.D., and JOHN A. REISINGER, M.D.	84
A Consideration of the Possibility of the Prevention of Arteriosclerotic Heart Disease. By JOHN WYCKOFF, M.D.	95
Research in Relation to Preventive Medicine. By WM. CHARLES WHITE, M.D.	111
Prophylaxis in Childhood. By JOHN C. GITTINGS, M.D.	118
The Prevention of Respiratory Infections in Childhood. By HOWARD CHILDS CARPENTER, M.D.	123
Congenital Bone Syphilis. By EUGENE P. PENDERGRASS, M.D.	131
A Clinical Study of Midline Cerebellar Tumors in Children. By FRANCIS C. GRANT, M.D.	151
Observations on Long-distance Runners. By BURGESS GORDON, M.D., and The Late JOHN C. BAKER, M.D.	157
The Relative Efficiency of the Clinical and the Roentgenologic Methods for Sinus Disease Diagnosis. With Observations on the Incidence of Sinus Disease: Based on the Findings in 200 Asthmatics and 50 So-called "Normals." By RICHARD A. KERN, M.D., and HARRY P. SCHENCK, M.D.	166
Leukocytosis in Malignant Disease. The Report of an Unusual Case. By DAVID RIESMAN, M.D., Sc.D., and DAVID A. COOPER, M.D.	178

CONTENTS

Alterations in the Volume of the Normal Spleen and Their Significance. The Mary Scott Newbold Lecture. Lecture XXI. By JOSEPH BARCROFT,	184
S. Weir Mitchell. By JOHN H. GIBBON, M.D.	196
The Structural Basis of Behaviorism. The Weir Mitchell Oration. By FREDERICK TILNEY, M.D.	201
The Surgeon and Cancer. The Mutter Lecture. By ROBERT B. GREEN- OUGH, M.D.	245

PROCEEDINGS OF THE SECTION ON OPHTHALMOLOGY.

Extensive Bilateral Retinal Detachment in Eclampsia, with Complete Reattachment. By W. E. FRY, M.D.	261
Two Unusual Experiences with Infection by the Streptococcus Hemo- lyticus. By H. MAXWELL LANGDON, M.D.	262
A New Visual Test-card. By ALFRED COWAN, M.D.	263
Panophthalmitis Complicated by Pansinusitis. By SYDNEY L. OLSHO, M.D.	264
A Daylight Unit for Perimeters. By SIDNEY L. OLSHO, M.D.	265
Superficial Necrosis of Corneas Caused by Gas Explosion in a Hot-water Heater. By BURTON CHANCE, M.D.	265
Pulsating Exophthalmus. By GEORGE SCHWARTZKOPF, M.D.	265
Bilateral Tuberculous Choroiditis. By ARNER R. RENNINGER, M.D.	266
Schilder's Disease. By FREDERIC H. LEAVITT, M.D.	267
Spontaneous Nystagmus. By JOSEPH C. YASKIN, M.D.	269
A Case of Massive Exudative Retinitis. By SIDNEY L. OLSHO, M.D.	269
Cilium in the Anterior Chamber for Seventeen Years. By GEORGE H. CROSS, M.D.	270
Investigations on the Crystalline Lens. By ALLEN C. WOOD, M.D.	270
Report of a Third Hundred Successive Cataract Extractions in the Capsule After Preliminary Subluxation with the Capsule Forceps. By ARNOLD KNAPP, M.D.	272
Important Phases of a Satisfactory Senile Cataract Extraction. By LUTHER C. PETER, M.D.	275
Thiersch Graft for Symblepharon. By THOMAS B. HOLLOWAY, M.D.	278
A Case of Retinitis Punctata Albescens. By LEIGHTON F. APPLEMAN, M.D.	278
Reciprocal Innervation of the Extraocular Muscles in a Case of Bilateral Three- or Four-nerve Paralysis. By FRANCIS H. ADLER, M.D.	279
Glutathione in the Crystalline Lens. By I. S. TASSMAN, M.D., and W. G. KARR, M.D.	280
The Role of Calcium in Essential Glaucoma. By JOSEPH I. GOUTERMAN, M.D.	281
Some Interesting Fundus Pictures. By ARTHUR J. BEDELL, M.D.	282
The Clinic for the Treatment of Ocular Syphilis at Wills Hospital. By JOSEPH V. KLAUDER, M.D., and HAROLD ROBERTSON, M.D.	282

Case of Drusen. By WARREN S. REESE, M.D.	286
Glioma of the Retina. By BURTON CHANCE, M.D.	286
A Case of Krukenberg's Spindle. By J. M. GRISCOM, M.D., and I. S. TASSMAN, M.D.	287
Vitreous Hernia Following Trauma: Demonstration by Hand Slitlamp. By LUTHER C. PETER, M.D.	289
Extensive Cellulitis of Lids and Scalp in a Child. By G. E. DESCHWEINITZ, M.D., and A. G. FEWELL, M.D.	290
Instantaneous Color Photography of the Human Eye. By LACRANCE D. REDWAY, M.D.	291
Glioma of the Retina. By BURTON CHANCE, M.D.	294
Pagenstecher's Sutures for Ptosis. By BURTON CHANCE, M.D.	294
Zonular Opacity of the Cornea. By MARY BUCHANAN, M.D.	294
A Case Exhibiting Active Circulation in the Posterior Part of the Lens. By CHARLES A. YOUNG, M.D.	295
Unilateral Buphthalmos. By T. B. HOLLOWAY, M.D., and A. G. FEWELL, M.D.	296
Operative Treatment of Pulsating Exophthalmos. By G. M. DORRANCE, M.D.	299
Do Corneal Scars Move? A Preliminary Report of a Clinical and Biochemical Study. By BEN. WITT KEY, M.D.	301
Subconjunctival Injection of Pregl's Solution in the Treatment of Gonorrheal Ophthalmia. By ALFRED COWAN, M.D., and SEARLE H. LANTON, M.D.	301

PROCEEDINGS OF THE SECTION ON OTOTOLOGY AND LARYNGOLOGY.

Bronchoscopy and Disease: A Brief Résumé. By CHEVALIER JACKSON, M.D.	303
Laryngeal Stenosis, with Special Reference to Methods of Treatment and Results. By GABRIEL TECKER, M.D.	303
Tuberculosis of the Bronchial Wall. By LOUIS H. CLERP, M.D.	304
Post-Tonsillectomic Abscess of the Lung: Bronchoscopy in Diagnosis and Treatment. By ROBERT M. LUKENS, M.D.	304
Hysterical Aphonia: Disappearance Following a Diagnostic Bronchoscopy. By WILLIAM F. MOORE, M.D.	305
The Aorta in Relation to Esophagoscopy. By J. SANFORD MOYER, M.D.	305
Asthmatic Symptoms Due to Granulomata of Both Main Bronchial Orifices Complicated by Cicatricial Stenosis of the Left Main Bronchus: Disappearance of Symptoms after Bronchoscopic Removal of Granulomata and Bronchoscopic Dilatation of Stricture. By EDMOND AUCCOIN, M.D.	306
Bones as Overlooked Foreign Bodies in the Lung. By C. L. JACKSON, M.D.	306
Lantern-slide and Moving-picture Demonstration of the Jackson Technique of Bronchoscopic Aspiration.	307
Chondritis and Perichondritis of the Larynx, with Report of a Case. By ROBERT F. RIDPATH, M.D.	307

Volume 51
Third Series
1929

Lateral Sinus Thrombosis, with Report of Two Cases. By EDWARD H. CAMPBELL, M.D.	308
Comparing the Different Points of Technique of the Modified Lothrop with the Killian Operation for Chronic Frontal Sinusitis (Lantern Demonstration). By SAMUEL R. SKILLERN, M.D.	310
Mastoid Infection Following Furunculosis of the External Auditory Canal, with Presentation of Patient. By E. B. GLEASON, M.D.	311
Ludwig's Angina. Case Report. (Lantern Demonstration.) By GEORGE FETTEROLF, M.D., and KARL M. HOUSER, M.D.	312
Ludwig's Angina: A Case Report. By GEORGE B. WOOD, M.D.	313
Report of Two Interesting Foreign-body Cases in Nose and Mastoid. By EDWIN P. LONGAKER, M.D.	314
Brain Abscess. By FRANCIS C. GRANT, M.D.	315
Some Problems in Otorhinolaryngology. By HERBERT TILLEY, B.S. (LOND.), F.R.C.S. (ENG.)	319
Tic-douloureux. Nasal in Origin: Case Report. By GEORGE MORLEY MARSHALL, M.D.	333
Occurrence of Eosinophiles in the Maxillary Sinus Mucous Membrane of Asthmatics. (Lantern Demonstration.) By GEORGE M. COATES, M.D., and MATTHEW S. ERSNER, M.D.	334
Lymphoepithelioma of the Tonsil: A Bilateral Case. By PAUL O. SNOKE, M.D.	336
Report of a Case of Sinus Thrombosis Presenting Some Interesting Features. By BENJAMIN D. PARISH, M.D.	339
Syphilis of the Temporal Bone, with Acute Pneumococcal Meningitis. Report of a Case. By ROBERT J. HUNTER, M.D., and WILLIAM P. BELK, M.D.	340
Atresia of Larynx, a Problem in Treatment. By LOUIS H. CLERP, M.D., and EDMOND L. ACCOIN, M.D.	342
Frontal Sinusitis Complicated by Osteomyelitis and Extradural Abscess. By KARL M. HOUSER, M.D.	344
PROCEEDINGS OF THE SECTION ON GENERAL MEDICINE	347
PROCEEDINGS OF THE SECTION ON PUBLIC HEALTH AND INDUSTRIAL MEDICINE	349
PROCEEDINGS OF THE SECTION ON MEDICAL HISTORY	350
The Alleged Importation of Syphilis by the Crew of Columbus' Ship, in 1493, and the Historical Facts: A Correction. By KARL STEDHOFF	352

Galen's Ophthalmology. By BURTON CHANCE, M.D.	106
The Origin of the University of Bologna (Italy). By GIUSEPPE FRANCHINI, M.D.	173

PROCEEDINGS OF THE SECTION ON OPHTHALMOLOGY

Iridectomy in Bullous Keratitis. By WILLIAM ZENTMAYER, M.D.	187
A Case of Electric Cataract. By T. B. HOLLOWAY, M.D.	189
Adenocarcinoma of Conjunctiva. By EDWARD B. SPAETH, M.D.	189
A Method of Uncovering Latent Hyperphoria. By LEIGHTON F. APPLEMAN, M.D.	190
Skin Grafting of Eyelids. By BURTON CHANCE, M.D.	193
Glioma. By BURTON CHANCE, M.D.	194
Cholesterol in the Anterior Chamber. By LEIGHTON F. APPLEMAN, M.D.	194
Exhibition of Case of Heterochromic Cyclitis. By WARREN S. REESE, M.D.	196
Hole at the Macula. By GEORGE H. CROSS, M.D.	198
Treatment of Vernal Conjunctivitis by Radium. By RONALD C. MOORE, M.D.	200
Ephedrine and Glaucoma. By A. BARLOW, M.D.	203
Differential Diagnosis Between Tumor and Choroidal Detachment. By GEORGE SCHWARTZKOPF, M.D.	204
Tendon Transplantation for Paralysis of the Superior Rectus. By LUTHER C. PETER, M.D.	205
Foreign Body in the Lens. By GEORGE CROSS, M.D.	207
Variations of the Intraneural Course of the Central Vein of the Retina. By W. E. FRY, M.D.	207
Case of Acute Vitreous Haze Following the External Use of Adrenalin and Scopolamin for the Separation of Synechiae. By H. MAXWELL LANGDON, M.D.	209
Some Interesting Cases of Sclerocorneal Trephining in Chronic Simple Glaucoma. (A Clinical Paper.) By WILLIAM ZENTMAYER, M.D.	210
The Treatment of Argyrosis. Exhibition of Case. By I. S. TASSMAN, M.D.	212
Ophthalmic Operations. By FRANK C. PARKER, M.D.	213
Congenital Total Color-blindness. By W. E. FRY, M.D.	213
Résumé of the Special Inquiry of Eye Health in Philadelphia. By HAVEN EMERSON, M.D.	215
Emergency Outfit for Ophthalmic Examination and Treatment. By EDWARD A. SHUMWAY, M.D.	217
Trachoma in Wrestlers. By WILLIAM ZENTMAYER, M.D.	217

Incorporation in the Prescription of the Style and Shape of the Lenses. By ALFRED COWAN, M.D.	219
Modified Le Grange Operation for Glaucoma. By J. MILTON GRISCOM, M.D.	221
The Bacteriologic and Immunologic Aspects of Iritis, With Special Reference to Its Relationship to Bacterial Allergy. By JOHN A. KOLMER, M.D.	223
Roentgenotherapy in Pituitary Tumors. By GEORGE E. PFAHLER, M.D. and E. W. SPACHMAN, M.D.	225
The Surgical Treatment of Pituitary Tumors. By CHARLES H. FRAZIER, M.D., Sc.D.	227
The Ophthalmological Aspects of Pituitary Tumors. By T. B. HOLLOWAY, M.D.	229
PROCEEDINGS OF THE SECTION ON OTOTOLOGY AND LARYNGOLOGY	
Observations on the Transillumination of the Frontal Sinuses. By EDWARD H. CAMPBELL, M.D.	231
Some Practical Points in the Use of Electrosurgical Measures in the Upper Respiratory Tract. By MARSHALL B. SPONSLER, M.D.	233
Two Cases of Brain Abscess Presenting Some Interesting Features. By AUSTIN T. SMITH, M.D.	235
Vasomotor Rhinitis. By HAROLD G. TOBEY, M.D.	238
Symposium on the Relation of Sinus Disease to Pulmonary Infection, from the Standpoint of the Internist. By THOMAS McCRAE, M.D.	243
From the Standpoint of the Rhinologist. By WILLIAM V. MULLIN, M.D.	245
From the Standpoint of the Bronchoscopist. By ROBERT M. LUKENS, M.D.	247
From the Standpoint of the Roentgenologist. By WILLIS F. MANGES, M.D.	249
Some Notes on Agranulocytic Angina: Report of Case With Apparent Recovery. By JAMES A. BABBITT, M.D., and THOMAS FITZ-HEGH, JR., M.D.	251
Bursa Pharyngea. (Lantern Demonstration.) By GEORGE M. DORRANCE, M.D.	254
Regeneration of the Mucous Membrane of the Frontal Sinuses. By GEORGE M. COATES, M.D., and MATTHEW S. ERSNER, M.D.	256
Presentation of a New Type of Tracheotomy Tube With Valve. By GABRIEL TUCKER, M.D.	257
The Present Status of the Intracarotid Method of Treatment of Pneumococcus and Streptococcus Meningitis. By JOHN A. KOLMER, M.D.	258
The Specific Prophylaxis of Pneumococcus and Streptococcus Meningitis. By JOHN A. KOLMER, M.D., and DR. K. W. AMANO.	259
Treatment of Stricture of the Oral Pharynx. By GEORGE M. DORRANCE, M.D.	263

Vasovagal Syncope and the Carotid Sinus Mechanism, with Comments on Gowers' and Nathnagel's Syndrome. The Mary Scott Newbold Lecture. Lecture XXVII. By SIR THOMAS LEWIS, M.D., F.R.S.	132
Osteoarthritis Deformans Contrasted with Osteoarthritis Deformans Juvenilis. The Mary Scott Newbold Lecture. Lecture XXVIII. By PROF. F. J. LANG	144
How London and Edinburgh Influenced Medicine in Philadelphia in the Eighteenth Century. The S. Weir Mitchell Oration. By FRANCIS R. PACKARD, M.D.	151
Diverticulosis of the Alimentary and Urinary Tracts. The Mütter Lecture. By EDWIN BEER, M.D.	182
Medical Science in the Service of the State: Some Professional Experiences. The Mary Scott Newbold Lecture XXVI. By GEORGE BURGESS MAGRATH, A.M., M.D.	200

PROCEEDINGS OF THE SECTION ON OPHTHALMOLOGY

Report of a Case of Reconstruction of Eye Socket. By GEORGE H. CROSS, M.D.	203
Large Penetrating Wound of Lower Lid and Eyeball. By FREDERICK KRAUSS, M.D.	203
Homonymous Hemianopsia in Diabetes. By GEORGE E. DESCHWEINITZ, M.D.	205
Cysts of the Orbit. By FREDERICK KRAUSS, M.D.	205
The Treatment of Interstitial Keratitis. By JOSEPH V. KLAUDER, M.D., and HAROLD F. ROBERTSON, M.D.	206
Unsuspected Brawny Scleritis in a Case of Retinal Detachment with Secondary Glaucoma. By T. B. HOLLOWAY, M.D., and W. E. FRY, M.D.	208
Congenital Cataract With Unusual Visual Acuity. By WILLIAM ZENTMAYER, M.D.	209
Case of Spontaneous Cyst of the Iris. By EDWARD A. SHUMWAY, M.D.	211
Melanosis of Anterior Segment of Globe With Elevations on Iris. By H. MAXWELL LANGDON, M.D.	212
A Note on Radiational Cataract. By GEORGE E. DESCHWEINITZ, M.D., and B. F. BAER, JR., M.D.	214
Localizing Tears in Retinal Detachment. By ALFRED COWAN, M.D., and L. F. McANDREWS, M.D.	216
A Case of Bitemporal Paracentral Scotoma. By C. E. G. SHANNON, M.D.	217
Nonglaucomatous Halos. By JOHN T. CARPENTER, M.D., and CHAPIN CARPENTER, M.D.	219
The Hazards of Antifreeze Methanol. By MAX TRUMPER, Ph.D.	220
Spontaneous Complete Absorption of a Cataractous Lens. By T. B. HOLLOWAY, M.D., and ALFRED COWAN, M.D.	222

CONTENTS

Exogenous Tuberculous Infection of Adults. By EUGENE L. OPIE, M.D.	108
Cancer in Man. By STANLEY P. REIMANN	112
Prognosis in Carcinoma of the Stomach; Remote Results of Surgical Treatment to January, 1930. By ASTLEY P. C. ASHHURST, M.D., and JOHN W. KLOPP, M.D.	116
Cancer: As a Problem of the Biology of Cell Division. By FREDERICK S. HAMMETT, M.D.	136
The Importance of the Differential Diagnosis of Tumors. By JOHN H. GIBBON, M.D.	139
The Tumor Clinic. By BURTON T. SIMPSON, M.D.	145
Cancer in Animals. By HERBERT L. RATCLIFFE, Sc.D.	152
Observations on the Epidemiology of Poliomyelitis. By JOHN R. PAUL, M.D., and J. D. TRASK, M.D.	158
General Remarks on the Outbreak of Poliomyelitis in Philadelphia. By J. NORMAN HENRY, M.D.	163
A Preliminary Report Concerning the Prophylactic Use of Parent's Blood During the Anterior Poliomyelitis Epidemic of 1932. By HOWARD C. CARPENTER, M.D., and JOSEPH STOKES, JR., M.D.	171
The Facial Expression of the Emotions with Special Reference to Violent Effort and Fatigue. The Nathan Lewis Hatfield Lecture, Lecture XI. By R. TAIT MCKENZIE, M.D., LL.D., R.C.A.	174
A Summarization of the Advance in Our Knowledge of Some Features of Cancer. The Mütter Lecture. By H. GIDEON WELLS, M.D.	193
What Koch Meant to Tuberculosis. By LAWRASON BROWN, M.D.	211
Goethe and His Theory of Color. By BURTON-CHANCE, M.D.	225

PROCEEDINGS OF THE SECTION ON OPHTHALMOLOGY

A Corneal Dystrophy. By J. MILTON GRISCOM, M.D.	231
Posterior Lenticonus. By WARREN S. REESE, M.D.	232
Sarcoma of the Choroid, Being a Clinico-pathological Distribution. By G. E. DESCHWEINITZ, M.D., B. F. BAER, JR., M.D., and PERCE DELONG, M.D.	235
Histological Study of the Iris Inclusion Operation in the Eye of the Rabbit. By EDMUND B. SPAETH, M.D.	237
Unilateral Neuroretinitis of Luetic Origin with Stellate Figure at the Macula. By A. G. FEWELL, M.D.	238
Enucleation of the Eyeball, with Special Reference to the Use of a Tonsil Snare. By LUTHER C. PETER, M.D.	239
A Case of Bilateral Metastatic Carcinoma of the Choroid. By WILLIAM ZENTMAYER, M.D.	241
Metastatic Sarcoma of the Choroid. By W. E. FRY, M.D.	243
Intraocular Sarcoma Which Filled the Orbit Before Medical Advice Was Sought. By H. MAXWELL LANGDON, M.D.	245
Sarcoma of the Choroid. By T. B. HOLLOWAY, M.D.	246
Diagnosis of Double Perforation of the Globe by Injection of Air into the Space of Tenon. By E. W. SPACKMAN, M.D.	246

Volume 54
Third Series
1932

CONTENTS

Allergic Investigations on Twenty-three Cases of Vernal Conjunctivitis: By MISS IDA TELLER	249
Observations on Eighty-seven Cases of Vernal Conjunctivitis at the Wills Hospital. By LOUIS LEHRFELD, M.D.	250
Wound of the Globe by an Explosion of Shatter-proof Wind Shield (Presentation of Case). By H. MAXWELL LANGDON, M.D.	255
Melanotic Sarcoma of the Choroid Occurring at the Optic Disk in an Eye with a Previous Detachment of the Retina. By H. MAXWELL LANGDON, M.D.	256
Microphthalmos with Coloboma of Iris, Choroid and Disk. By HENRY W. SCARLETT, M.D.	257
Concerning Leber's Disease. By T. B. HOLLOWAY, M.D.	258
Syphilis in the Third Generation. By JOSEPH V. KLAUDER, M.D.	260
Amaurosis After Uterine Hemorrhage with Restoration of Vision Follow- ing Transfusion. By H. MAXWELL LANGDON, M.D., and GEORGE M. LAWS, M.D.	262
Dr. Burton Alexander Randall as an Ophthalmologist. By BERTON CHANCE, M.D.	266
Exhibition of a Case Presenting Disjunctive Ocular Movements. By WARREN S. REESE, M.D.	268
A Case of Primary Sarcoma of the Iris. Removed by Iridectomy. By WILLIAM ZENTMAYER, M.D.	269
A Case of Bullous Keratitis Successfully Treated by Iridectomy. By WILLIAM ZENTMAYER, M.D.	270
A New Technique for the Preparation of Pathological Specimens for Microscopic Study. By PERCE DELONG, M.D.	272
Report Upon 100 Intracapsular Cataract Extractions by the Knapp Method. By LEIGHTON F. APPLEMAN, M.D.	272
Fracture of Maxilla Through Left Optic Foramen. Reduction with a Kingsley Splint with Restoration of Vision. By H. MAXWELL LANGDON, M.D., and JAMES E. AIGUIER, D.D.S.	276
Extraction within the Capsule of the Crystalline Lens Containing a Foreign Body. With the Report of Three Cases. By BERTON CHANCE, M.D.	277
Remarks Concerning Superficial Punctate Keratitis and the Associated Conjunctivitis. By G. E. DESCHWEINITZ, M.D.	277
Metastatic Carcinoma of the Choroid. By PERCE DELONG, M.D.	280
Sodium Carbonate (Monohydrated) in the Treatment of Vernal Con- junctivitis. By LOUIS LEHRFELD, M.D.	282

PROCEEDINGS OF THE SECTION ON OTOTOLOGY AND LARYNGOLOGY

The Anatomy of the Paranasal Sinuses in Children. By J. PARSONS SCHAEFFER, M.D.	285
Sinusitis in Children. By WARREN B. DAVIS, M.D.	288
Lymphatic Drainage from the Maxillary Sinuses. By G. E. PFARLER, M.D.	293
Sinusitis and the Role It Plays in the Production of Asthma. By H. B. WILMER, M.D.	294

CONTENTS

Bronchial Asthma from the Rhinologic Standpoint. By HARRY P. SCHENCK, M.D.	296
Intimate Notes on the Ear, Nose and Throat Clinic. By WILLIAM HEWSON, M.D.	300
Actinomyces of the Tongue and Tonsil. By ROBERT F. RIDPATH, M.D.	304
Studies on the Prophylaxis and Treatment of Septic Meningitis. By JOHN A. KOLMER, M.D., and K. AMANO, M.D.	305
Some Experience in the Treatment of Bilateral Abductor Paralysis. By W. B. HOOVER, M.D.	308
The Otological Problem Presented by Suppuration of the Petrous Pyramid. By SAMUEL J. KOPETZKY, M.D.	313
The Nature of the Static Labyrinth as Determined by Experiments in Amphibia. By WILLIAM J. McNALLY, M.D.	318
Pulmonary Complications of Tonsillectomy, with Report of Three Cases. By JAMES A. BABBITT, M.D.	320
Present-day Theories Concerning the Etiology and Pathology of Nasal Sinus Infections. By BENJAMIN D. PARISH, M.D.	323
Some Studies of Pathologic Temporal Bones in Children. By ROBERT M. WOLFF, M.D.	326
Joint Meeting with the Section on Otolaryngology of the New York Academy of Medicine. Postoperative Pulmonary Complications; Are They Preventable? (Lantern Demonstration.) By CHEVALIER JACKSON, M.D.	330
Atresia of the Choanae: Its Incidence, Types and Cause. (Lantern Demonstration.) By J. PARSONS SCHAEFFER, M.D.	331
Discussion of Some of the Recent Developments in Regard to Otosclerosis, Cholesteatoma and the Static Labyrinth. By GEORGE M. COATES, M.D.	333
The Anatomy of the Tympanic Membrane (Demonstration with Manikin and Preparations.) By O. V. BATSON, M.D.	336
Preventriculosis (So-called Cardio-pasm). Diagnosis and Treatment. (Moving Picture Film Demonstration.) By CHEVALIER L. JACKSON, M.D.	338
Laryngofissure for Early Laryngeal Cancer. (Moving Picture Film Demonstration.) By GABRIEL TUCKER, M.D.	339
Operation on Abscess of the Temporosphenoidal Lobe. (Moving Picture Film Demonstration.) By WALTER ROBERTS, M.D., and HENRY DINTENFASS, M.D.	340
Total Laryngectomy. One-stage Operation. (Lantern Demonstration of the Various Phases and Steps in this Operation.) By FIELDING O. LEWIS, M.D.	341
PROCEEDINGS OF THE SECTION ON GENERAL MEDICINE	342

CONTENTS

Post-Menopausal Bleeding. By HOWARD C. TAYLOR, JR., M.D.	25
Observations on the Prognosis of Heart Disease. The Mary Scott Newbold Lecture XXX. By RONALD T. GRANT, M.D.	27
The Reading of History. The Mary Scott Newbold Lecture XXXI. By SIR ANDREW MACPHAIL, KT., B.A., M.D., LL.D., M.R.C.S., O.B.E.	76
Experimental Chemotherapy and the Destruction of Spirocheta Pallida in the Brain. By GEORGE W. RAIZISS, Ph.D., and M. SEVERAC, M.D.	77
Necessity for Revising the Common Conception of Focal Infection. By MYER SOLIS-COHEN, M.D.	78
A Case of Attempted Suicide with Insulin. By JOSEPH T. BEARDWOOD, JR., M.D.	79
Congenital Shortening of the Esophagus. By WILLIS F. MANGES, M.D., and LOUIS H. CLERF, M.D.	80
Advanced Methods in the Surgical Treatment of Facial Paralysis. The Mütter Lecture. By ARTHUR B. DUEL, M.D.	81

PROCEEDINGS OF THE SECTION ON OPHTHALMOLOGY 29, 85

PROCEEDINGS OF THE SECTION ON OTOTOLOGY AND LARYNGOLOGY

Frontal Lobe Abscess (Multiple): Secondary to Frontal Sinusitis. With Report of a Case. By WILLIAM GORDON, M.D.	31
The Intraoral Drainage of Sublingual Infection. (Ludwig's Angina.) By KARL M. HOUSER, M.D.	32
Masked Mastoiditis. By WILLIAM HENSON, M.D., and JOHN EYMAN, M.D.	33
Otitis Media in Scarlet Fever. By HORACE J. WILLIAMS, M.D.	33
Sinusitis in Infancy and Early Childhood. By WALTER L. CARISS, M.D.	34
Spontaneous Cerebrospinal Otorrhea. By ORAM R. KLINE, M.D.	35
Dermoid Cyst of the Nasal Dorsum. By ROMEO A. LUONGO, M.D.	36
Aims and Activities of the Johns Hopkins Otological Research Laboratory. By SAMUEL J. CROWE, M.D.	36
The Anatomical Basis for the Impairment or Loss of High Tone Perception. By LEROY M. POLVOGT, M.D.	37
Experimental Studies of the Physiology of the Ear. By WALTER HUGHSON, M.D.	38
Program of the Meeting of May 17.	39
Enucleation of the Tonsil during an Attack of Quinsy for Relief of Recurrent Hemorrhage. By H. A. ROTHROCK, M.D.	87
Acute Ethmoiditis in an Infant with Unusual Complications. By CHARLES A. PRYOR, M.D.	88
Fatal Hemorrhage from the Great Vessels, Probably Jugular, secondary to Cervical Adenitis. By M. VALENTINE MILLER, M.D.	89
Allergy a Constant Factor in the Etiology of So-Called Mucous Nasal Polyps. By RICHARD A. KERN, M.D. and HARRY P. SCHENCK, M.D.	89
Recent Experimental Work on Physiology of Hearing. Its Significance to the Otologist. By M. H. LURIE, M.D.	90
Demonstration of Electrical Auditory Responses. By PROFESSOR H. DAVIS, DR. A. J. DERBYSHIRE and MR. L. GARCEAU	92
Program of the Meeting of December 20.	92

PROCEEDINGS OF THE SECTION ON GENERAL MEDICINE

Clinical Observations on 191 Ward Patients. By MATRICE S. JACOBS, M.D., and JOSEPH C. DOANE, M.D.	40
Tonsillectomy in its Relation to the Prevention of Reactivation of Rheumatic Fever. By W. GRADY MITCHELL, M.D., and WM. D. STROUD, M.D.	41
Skin Hypersensitiveness to Nickel and Cobalt. By SLOAN G. STEWART, M.D.	42

Volume 1
Fourth Series
1933

CONTENTS

An Interpretation of the Normal Gastric Analysis. By SAMUEL L. IMMERMAN, M.D.	12
The Heart in Combined Syphilitic and Rheumatic Infection. By J. R. LISA, M.D., and GERTRUDE J. CHANDLER, M.D.	13
Jacob Mendez DaCosta (1832-1900)—As I Knew Him. By S. SOLIS-COHEN, M.D.	15
Collapse Therapy in Pulmonary Tuberculosis. By DAVID A. COOPER, M.D.	15
Variations in Bleeding Time and Platelet Count—Clinical and Experimental. By LEANDRO M. TOCANTINS, M.D., and HAROLD W. JONES, M.D.	15
Fuso-Spirochetal Disease of the Lungs. By WM. P. BELK, M.D.	16
Studies on Peptone. By CARL BUCHER, M.D.	17
Further Observations on the Use of Chest Leads in the Electrocardiographic Study of Coronary Occlusion. By CHARLES C. WOLFERTH, M.D., SAMUEL BELLETT, M.D., THOMAS McMILLAN, M.D., and FRANCIS C. WOOD, M.D.	17
Observations on the Action of Pepsin on the Gastric Musculature. By MARTIN E. REHFUSS, M.D.	18
Diabetes Mellitus Complicated by Acute Pan-sinusitis, Bone Necrosis and Unilateral Cranial Nerve Palsies: Report of a Case with Necropsy. By MITCHELL BERNSTEIN, M.D., and FRED J. KALT-TEYER, M.D.	18
Unstable Colon. By FRANKLIN A. WEGAND, M.D.	19
Acute Reticulo-endotheliosis. By RUSSELL S. BOLES, M.D., PHILIP CUSTER, M.D., and SIMON PROPP, M.D.	50
Mercuric Chloride Poisoning. By R. S. GRIFFITH, M.D.	51
Salmonella Suipestifer Bacteremia with Acute Endocarditis. By BENJAMIN A. GOULEY, M.D., and S. LEON ISRAEL, M.D.	52
The Hereditary Factor in Diabetes Mellitus. By EDWARD L. BORTZ, M.D.	53
Mushroom Poisoning. By JOSEPH B. VANDERVEER, M.D., and DAVID L. FARLEY, M.D.	53
A Clinical Survey of Rheumatic Heart Disease in 1130 College Freshmen: Preliminary Report. By STANLEY HARRIS, M.D., and WM. G. LEAMAN, JR., M.D.	54
A Case of Ocular Pemphigus (Essential Shrinkage of the Conjunctiva) with Stricture of the Oesophagus. By FRIEDA BAUMANN, M.D. ..	93
The Clinical and Roentgenologic Recognition of Coarctation of the Aorta. By MORRIS KLEINBART, M.D., and HUGO ROESLER, M.D.	94
The Role of Blood Platelets in Clot Retraction. By LEANDRO M. TOCANTINS, M.D., and HAROLD W. JONES, M.D.	94
The Distribution of Sugar and Chloride in the Blood of Diabetic Individuals. By ENNION S. WILLIAMS, M.D., and F. WILLIAM SUNDERMAN, M.D.	95
Report of a Case of Myelogenous Leukemia in the Aleukemic Phase, with Anantrophilic Angina and Recovery from the Latter State. By HAROLD L. GOLDBURGH, M.D.	95
The Problem of So-Called Catarrhal Jaundice. By H. L. BOCKUS and HENRY TUMEN, M.D.	96
The Use of Mechanical Devices for Elevating the Diaphragm and the Effects in Pulmonary Diseases. By BURGESS GORDON, M.D.	97
Arsenoxide in Relation to the Toxicity and Therapeutic Activity of Arsphenamin and Neoarsphenamine. By JAY F. SCHAMBERG, M.D., JOHN A. KOLMER, M.D., and HERMAN BROWN, B.Sc.	98
Psychotherapy and the Psychoneuroses in General Practice. By LAUREN H. SMITH, M.D.	99
Syphilitic Fibrosis and the Status of the Iodides in the Present Day Treatment of Syphilis. By SIGMUND S. GREENBAUM, M.D., and JOHN COBANE, M.D.	100

THE MEDICAL PROFESSION AND THE PUBLIC. A Joint Meeting of the College of Physicians and the American Academy of Political and Social Science, Philadelphia, February 7, 1934.

MORNING SESSION

Presiding Officer: ERNEST MINOR PATTERSON, Ph.D., President of the Academy of Political and Social Science

A Sociologist Looks at the Doctors. By JAMES H. S. BOSSARD, Ph.D., Professor of Sociology, University of Pennsylvania	1
Abuses of Medical Charity and of the Free Services of Physicians. By NATHAN B. VAN ETEN, M.D., New York City	11
Medical Practice and Public Needs. By EDGAR SYDENSTRICKER, Director of Research, Milbank Memorial Fund, New York City	21

AFTERNOON SESSION

Presiding Officer: ALFRED STENGEL, M.D., President of the College of Physicians of Philadelphia

Historic Developments: European Experience in Medical Organization. By HENRY E. SIGERIST, M.D., Professor of Medical History, Johns Hopkins University	31
Canadian and British Experience in the Economics of Medical Practice. By GRANT FLEMING, M.D., Professor of Public Health and Preventive Medicine, McGill University	38
The General Practitioner: His Place in the Medical Profession. By ROGER I. LEE, M.D., Boston, Mass.	50
Change Comes to the Doctor. By MICHAEL M. DAVIS, Ph.D., Director for Medical Services, Julius Rosenwald Fund, Chicago	63

EVENING SESSION

Presiding Officer: HUGH S. CUMMING, M.D., Surgeon General, United States Public Health Service, Washington, D. C.

Tomorrow's Health Services. By THOMAS PARRAN, JR., M.D., Commissioner of Health of the State of New York, Albany, New York ...	75

CONTENTS

The Doctor and the State. By MORRIS FISHBEIN, M.D., Editor, Journal of the American Medical Association	1	88
Doctors, Patients and the Community. By WILLIAM TRUFANT FOSTER, LL.D., Newton, Mass.	1	102
<hr/>		
The Evolution of Thoracic Surgery. The Mary Scott Newbold Lecture XXXII. By JOHN B. FLICK	2	113
Hereditary Constitutional Peculiarities and Dietary Deficiencies. The James M. Anders Fund Lecture. By WADE H. BROWN	2	139
The Gorgas Memorial Laboratory and Problems Engaging its Attention. By HERBERT C. CLARK	2	140
Total Ablation of the Normal Thyroid in the Treatment of Patients with Chronic Heart Disease. By HERRMAN L. BLUMGART	2	149
Current Conceptions of the Nature of Rheumatic Fever. By HOMER F. SWIFT	2	152
<hr/>		
SYMPOSIUM ON NEWER CONCEPTS OF RENAL PHYSIOLOGY AND BRIGHT'S DISEASE, October 3, 1934	3	203
Recent Developments in the Study of Normal Renal Function. By A. N. RICHARDS	3	203
Modern Conception of the Pathology of Bright's Disease. By BALDWIN LUCKÉ	3	209
Newer Methods of Determining the Nature and Extent of Renal Disease. By EUGENE M. LANDIS	3	218
A Discussion of Nephritis from a Clinical and Therapeutic Standpoint. By HAROLD W. JONES	3	219
<hr/>		
The Hypothalamus: Its Significance for Visceral Innervation and Emotional Expression. The Weir Mitchell Oration. By S. W. RANSON ..	3	222
Stresses and Strains of Homeostasis. The Mary Scott Newbold Lecture XXXIII. By WALTER B. CANNON	3	243
A Review, Clinical and Pathological, of Parahypophyseal Lesions. The Mütter Lecture. By CHARLES H. FRAZIER	3	243
<hr/>		
PROCEEDINGS OF THE SECTION ON OPHTHALMOLOGY ...	2	157, 3 249
<hr/>		
PROCEEDINGS OF THE SECTION ON OTOLARYNGOLOGY		
Demonstration of Injection of Gelatin into the Peritonsillar Spaces. By GEORGE B. WOOD	2	159
Congenital Deformities of the Face: Types found in Series of One Thousand Cases. By WARREN B. DAVIS	2	159
Why Otolaryngologists Frequently Fail to Remove a Focus of Infection. By MEYER SOLIS-COHEN	2	160
Congenital Multiple Telangiectasia with Epistaxis. By KARL M. HOUSER	2	161
Presentation of a Case to Illustrate a Method of Plastic Flap Closure of a Fistulous Mastoid Wound. By JAS. A. BABBITT	2	162
The Incidence and Significance of Sinusitis in Pneumonia. By EDWARD H. CAMPBELL	2	163
Primary Jugular Bulb Thrombosis in the Adult. By HENRY DINTENFASS	2	164
Mucocele of the Right Frontal Sinus. By ROBERT J. HUNTER	2	165
An Aural Problem. By WALTER ROBERTS	2	166
Presentation of a Case of Chlorine Gas Poisoning. By PHILIP STOUT ..	2	167
The Sphenoid Sinus. By ROBERT F. RIDPATH	2	167
Tuberculosis of the Larynx. By ROBERT M. LUKENS	2	169
The Pedicle of the Tonsil. By OSCAR V. BATSON	2	170
The Influence of Allergy on Rhinology. By WM. V. MULLIN	2	171

Volume 2

CONTENTS

Underlying Principles of Allergy. By JOHN KOLMER	172
The Educated Voice from a Medical and Economic Point of View. By CHARLES P. GRAYSON	175
Congenital Web of the Larynx. By GABRIEL TUCKER	176
Roentgenotherapy in Otorrhea following Radical Mastoidectomy. By MATTHEW S. ERSNER and LOUIS H. WEINER	176
Report of a Case of Osteoporosis. By AUSTIN T. SMITH	251
Fibroma of the Nasopharynx with Fatal Termination. By A. A. S. GIORDANO	252
Unusual Improvement in Tachycardia following Tonsillectomy. By HENRY DISTENFASS	253
Molar Tooth found in the Antrum. By ROBERT J. HUNTER	254
Osteomyelitis of the Skull and Osteogenetic Processes in Repair of Cranial Defects. By ALBERT C. FURSTENBERG	255
Review of Certain Recent Developments in the Knowledge of Respiratory Infections. By JOSEPH STOKES, JR.	258
The Tonsil and Adenoid Problem. The Systemic Influence of Upper Respiratory Infection. By GEO. M. COATES	259
PROCEEDINGS OF THE SECTION ON GENERAL MEDICINE	
Thomas Addison and his Discovery of Idiopathic Anemia. By ESMOND R. LONG	178
Evolution of the Views Concerning the Bone Marrow Changes in Pernicious Anemia. By HAROLD W. JONES and LEANDRO M. TOCANTINS	178
Remarks Concerning the Discovery of Liver Feeding in Pernicious Anemia. By GEORGE R. MINOT	179
Histamine Iontophoresis in the Treatment of Vasospastic States. By JOSEPH C. DOANE	179
Beri-beri Following Drastic Voluntary Dietary Restriction. By DAVID RIESMAN and HAROLD S. DAVIDSON	180
Endamoeba Histolytica: Its Incidence in 1960 Philadelphia Students; Its Morphological Characteristics. By JOHN H. ARNETT, D. H. WENRICH and R. M. STABLER	181
The Genesis of One Group of Secondary Pneumonias. By V. H. MOON	182
Aseptic Meningitis Following Diagnostic Lumbar Puncture: Indications for Lumbar Puncture and Complications Secondary Thereto. By GEORGE WILSON and KENNETH E. REYNOLDS	183
The Clinical Use of Sodium Dinitrophenol 2, 4. By EDWARD L. BORTZ	184
Results Obtained with Pneumococcus Antibody Solution in 130 Cases of Lobar Pneumonia. By WILLIAM P. BELK and JOHN S. SHARPE	185
An Evaluation of the Means of Prognosis in Pulmonary Tuberculosis. By RICHARD T. ELLISON	186
Arteriosclerosis and Methods for its Quantitative Estimation. By H. C. RAZETT, L. B. LAPLACE and J. C. SCOTT	188
Heart Disease in Patients with Uterine Myomata: A Clinical Study of Fifty Cases. By FERDINAND FETTER	189
Acute Gonococcal Peritonitis of the Right Upper Quadrant in Women. By THOMAS FITZ-HUGH, JR.	189
The Heart in Thyroid Disease: Electrocardiographic and Orthodiagraphic Studies before and after Thyroidectomy. By EDWARD ROSE, ALEXANDER MARGOLIES and FRANCIS C. WOOD	190
The Value of Sodium Formaldehyde Sulfoxylate in Mercurial Poisoning. By WILLIAM EGBERT ROBERTSON and VERNON L. TUCK	191
The Use of Sodium Dehydrocholate (Decholin-Sodium) in the Treatment of Certain Allergic Diseases: Preliminary Report. By HARRY SHAY, I. S. RAVDIN and THOMAS FITZ-HUGH, JR.	192

Volume 2
Fourth Series
1934

CONTENTS

Experimental Study of Clinical Vitamin B Deficiency. By K. O'SHEA ELSON	192
Observations on the Treatment of Peripheral Vascular Disease by Means of Alternate Negative and Positive Pressure. By E. M. LANDIS and L. H. HITZROT	193
Transmission of Syphilis by Blood Transfusion. By THOMAS K. BATH- MELL and HAROLD W. JONES	261
A Study of Five Hundred Cases of Heart-Block. By MARY H. EASBY, GEORGE C. GRIFFITH and JAMES E. TALLEY	261
Basal Pulmonary Tuberculosis. By BURGESS GORDON and MARTIN J. SOKOLOFF	262
The Relation of the Shape of the Heart to the Shape of the Chest, with Special Reference to the Antero-Posterior Dimension and the Mor- phology of Various Normal Heart Types. By H. ROESLER	263
The Use of Insulin in Various Forms of Malnutrition, Excepting Dia- betes. By ROBERT L. PITFIELD	264
The Necessity for Personality Study in Patients with Peptic Ulcer. By EDWARD WEISS	265
The Clinical Application of Duodenal Extract (Macallum-Laughton) in Diabetes Mellitus. By GARFIELD G. DUNCAN	266
Clinical Observations on Onchocerciasis. By JUDSON DALAND	267
The Heterophile Antibody Test in Leucemia and Leucemoid Conditions. By GEORGE L. WEINSTEIN and THOMAS FITZ-HUGH, JR.	268
The Pathologic Physiology of Burns. By VIRGIL H. MOON	269
Amyloid Nephrosis. By F. WILLIAM SUNDERMAN and D. L. FARLEY ..	269
The Diuretic Action of Sodium Dehydrocholate. By FRANKLIN A. WEIGAND	270
PROCEEDINGS OF THE SECTION ON MEDICAL HISTORY .. 194, 3	271
PROCEEDINGS OF THE SECTION ON PUBLIC HEALTH AND INDUSTRIAL MEDICINE	200
Index	3 lxxviii

SUPPLEMENT No. 1, DECEMBER, 1934

An Account of the College of Physicians of Philadelphia. A Second Edition.
Revised by G. E. DESCHWEINITZ and W. B. McDANIEL, 2D.

Volume 3
Fourth Series
1935-36

CONTENTS
VOLUME III

(Number in italics indicates Part of Volume III in which item appeared)

Memoir of Dr. James C. Wilson	1	i
Memoir of Dr. Howard F. Hansell	1	viii
Memoir of Dr. Edmund B. Piper	1	xi
Memoir of Dr. Thomas McCrae	2	xv
Memoir of Dr. Charles A. Fife	2	xix
Memoir of Dr. Barton Cooke Hirst	2	xxv
Memoir of Dr. Alexander Crever Abbott	2	xxx
Annual Address of the President. By ALFRED STENGEL, M.D.	2	xxxv
Annual Report of the Library Committee	2	xxxviii
List of Officers and Standing Committees, 1935	2	lii
List of Presidents, Lectures and Prizes	2	lv
List of Fellows, Non-Resident Fellows and Honorary Fellows	2	lvi
Neurological List	2	lxxxii

Surgery of the Sympathetic Nervous System. By FRANCIS C. GRANT, M.D.	1	1
The Nathan Lewis Hatfield Lecture, XIII:		
(a) Chemical Aspects of Antigens, Antibodies and their Interaction. By MICHAEL HEIDELBERGER, PH.D.	1	2
(b) Certain Clinical Aspects of Immunology. By WILLIAM H. PARK, M.D.	1	2
The Specific Treatment and Prevention of Pneumonia. The James M. Anders Fund Lecture. By MILTON J. ROSENAU, M.D.	1	6
Notes on Some Medals and Plaquettes Relating to Medical Men and Events. By R. TAIT MCKENZIE, M.D., LL.D., R.C.A.	1	8
The Nervous Control of the Heart and Blood Vessels. By D. W. BRONK, PH.D.	1	14
Certain Observations Concerning Hypertension and Its Treatment. By E. J. G. BEARDSLEY, M.D.	1	16
Development of the Different Layers of the Cerebral Cortex with Reference to Some Pathological Cases. The Forebrain of Prehistoric Races. The Mary Scott Newbold Lecture. XXXIV. By C. U. ARIENS-KAPPERS, M.D., Sc.D.	1	20
The Inter-relationships of the Various Glands of Internal Secretion Concerned with Metabolism. The Mary Scott Newbold Lecture. XXXV. By C. N. H. LONG, M.D., D.Sc.	2	75
Looking at Tuberculosis, Cancer, Diabetes, Heart Disease and Syphilis from the Public Health Point of View. The James M. Anders Fund Lecture. By JOHN L. RICE, M.D.	2	77
The Histology and Pathology of the Esophagus with Clinical Applications. The Mütter Lecture. By HARRIS P. MOSHER, M.D., Sc.D.	2	80
PROCEEDINGS OF THE SECTION ON OPHTHALMOLOGY ... 1 33, 2		83
PROCEEDINGS OF THE SECTION ON OTOLARYNGOLOGY		
Some Phases of Blood Reactions in Acute Infections of the Ear, Nose and Throat. By MAX M. STRUMIA	1	35

147275
JUL 2 1937

Volume 3
Fourth Series
1935-36

CONTENTS

The Venous Channels of the Base of the Skull and their Relation to Otolaryngology. By OSCAR V. BATSON	1	36
Defective Surgical Instruments as an Avoidable Cause of Foreign Body Accidents. By CHEVALIER JACKSON	1	36
Benzyl Methyl Carbinamine (Benzedrine, N.N.R.). A Study of the Rapidity and Duration of its Shrinking Action in the Nasal Turbinates. By A. A. S. GIORDANO	1	37
The Use of Benzedrine in the Eustachian Tube and Middle Ear; with Apparatus for its Application. By EARL LEROY WOOD	1	38
Review of the Clinical Picture of Suppuration of the Petrous Pyramid. By CURTIS C. EVES and E. FRANK HOOKER	1	38
Vestibular Tests: Their Practical Application. By BENJAMIN H. SHUSTER	1	39
A Review of the Aural and Orbital Complications of Scarlet Fever at the Philadelphia Hospital for Contagious Diseases from 1922 to 1934. By HORACE J. WILLIAMS	1	41
Chronic Inflammatory Lesions of the True Vocal Cords; Observations on Diagnosis and Treatment. By GABRIEL TUCKER	1	43
Streptococcal Meningitis of Otitic Origin, with Recovery. By KARL M. HOFER	1	43
Memoir of Dr. Edward Gleason. By PHILIP STOUT	1	45
Radical External Operation in a Case of Suppurative Sinusitis. By ORAM R. KLINE	1	45
Rhinocleroma: A Case of Scleroma of the Larynx and Trachea Associated with Atrophic Rhinitis. By CHEVALIER L. JACKSON	1	46
Lateral Sinus Thrombophlebitis. By EDWARD H. CAMPBELL	1	46
Sympathetic Ganglion Neurosis Following Sinusitis and Relieved by Acetyl-beta-methylcholine chloride. By WM. HEWSON	2	85
Case Report on Nasal Ionization. By PHILIP S. STOUT	2	87
An Unusual Case of Carcinoma of the Tonsil. By GEORGE B. WOOD	2	87
Extensive Osteomyelitis with Brain Abscess Complicating Frontal Sinusitis. By SAMUEL R. SKILLERN, JR.	2	88
The Surgical Treatment of Ménière's Disease. By WALTER E. DANDY	2	89
Memoir of Dr. J. Clarence Keeler. By WARREN B. DAVIS	2	92
Case Report: Osteomyelitis of the Skull; Wide Surgical Resection with Rapid Regeneration. By M. VALENTINE MILLER	2	92
Motion Picture Demonstration of the Movements of the Larynx. By GEORGE M. COATES	2	94
The Importance of the Blood Count in Acute Mastoid Infections. By FREDERICK BOERNER	2	94

PROCEEDINGS OF THE SECTION ON GENERAL MEDICINE

A Comparative Study of the Actions of Morphine and Dilaudid (Dihydromorphinone Hydrochloride) on the Intact Small Intestine of the Dog. By CHARLES M. GRUBER and JOHN T. BRUNDAGE	1	50
Some Observations on the Origin and Effects of Arterial Embolism. By J. C. DOANE and NATHAN BLUMBERG	1	51
Idiopathic Myocardial Regeneration of Pregnancy and the Puerperium. By BENJAMIN A. GOULEY, SAMUEL BELLET and THOMAS McMILLAN	1	52
Blood Sedimentation Rate in Diabetes Mellitus. By DAVID W. KRAMER	1	53
Tonsillitis with Meningeal Symptoms. By DAVID RIESMAN	1	54
The Minor Blood Agglutinins and their Possible Relation to Post-transfusion Reactions. By WM. P. BELK	1	54
Changes in Pulmonary Tuberculosis following Abdominal Compression. By BURGESS GORDON	1	55
The Clinical and Roentgenologic Features of Pulmonary Metastasis. By JOHN T. FARRELL, JR.	1	56
Estimation of Basal Metabolic Rate from Pulse Rate and Pulse Pressure. By BERNARD I. COMROE	1	57

Volume 3
Fourth Series
1935-36

CONTENTS

Certain Effects of Decholin-Sodium upon the Kidney and Liver in Cats with Total Biliary Stasis. By A. CANTAROW and H. L. STEWART...	58
The One-hour Two-dose Dextrose Tolerance Test. By HERBERT T. KELLY	59
Diabetic Acidosis Preceded and Followed by Spontaneous Hypoglycemia. By W. WALLACE DYER and EDWARD S. DILLON	60
Report of a Case of Aplastic Acute Anemia. By WILLIAM E. PARKE...	60
Medullary Tumor of the Suprarenals, Associated with Hypertension and Juvenile Arteriosclerosis. By D. N. KREMER and ROBERT W. MATHEWS	61
Aneurysm of the Thoracic Aorta: Report of a Case with Surgical Intervention. By RUSSELL S. BOLES and MOSES BEHREND	62
Bleeding Peptic Ulcer: An Analysis of 100 Cases. By JAMES H. STERNER and EDWARD L. BORTZ	63
The Prognostic and Pathogenetic Significance of the Distribution of Pulmonary Tuberculous Lesions. By F. MAURICE MCPHEDRAN ...	64
Recovery from Subacute Bacterial Endocarditis: Presentation of a Case. By ANNA P. KLEMMER and ROLAND N. KLEMMER	65
Coarctation of the Aorta. By REYNOLD S. GRIFFITH and R. MANGES SMITH	66
Serial Vital Capacity Determinations: A Method of Increasing the Diagnostic Value of this Test. By JOHN H. ARNETT	67
Intermittent Claudication Studied by a Graphic Method. By LEWIS H. HITZROT, MEYER NAIDE and EUGENE M. LANDIS	95
Excretion of Prolan in Essential Hypertension. By MAXWELL SCARP and S. LEON ISRAEL	96
Low Blood Urea. By FRANK E. LEIVY, WM. G. BERNHARD and TRUMAN G. SCHNABEL	96
Persistent Pain in the Shoulder Region Following Myocardial Infarction. By JOSEPH EDEIKEN and CHARLES C. WOLFEITH	97
Pentosuria. By F. WM. SUNDERMAN	98
Experimental Studies on Cystinuria. By JAMES C. ANDREWS and ALEXANDER RANDALL	98
Hereditary Occurrence of Enlarged Parietal Foramina. By O. H. PERRY PEPPER and EUGENE P. PENDERGRASS	99
Genetic Aspects of Certain Blood System Disorders. By THOMAS FITZHUGH, JR.	100
A Comparison of the Effectiveness of Glutamic Acid and Hydrochloric Acid as Replacement Therapy in Anacidity Measured by Fractional Gastric and Hydrogen Ion Concentration Curves. By HARRY SHAY, J. GERSHON-COHEN and SAMUEL S. FELS	101
The Electrocardiogram as an Aid in the Diagnosis and Prognosis of Coronary Occlusion. By JOSEPH B. VANDERVEER and L. EMMITT BROWN, JR.	101
Studies of Sulphur Metabolism of the Skin. By JOSEPH V. KLAUDER and HERMAN BROWN	102
PROCEEDINGS OF THE SECTION ON MEDICAL HISTORY...1 68, 2 104	
PROCEEDINGS OF THE SECTION ON PUBLIC HEALTH AND INDUSTRIAL HYGIENE	
Volatile Solvent Hazards and How they may be Minimized. By HENRY FIELD SMYTH	72
The Capacity to Work. By HENRY H. KESNLER	73
The Army Medical Officer and Public Health. By BRIG. GEN. M. A. DELANEY	105
Index	lxxxiii

CONTENTS

VOLUME IV

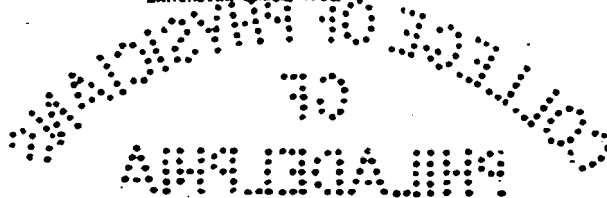

(Number in italics indicates Part of Volume IV in which item appeared)	
Memoir of Dr. J. William White	i
Memoir of Dr. William Johnson Taylor	iv
Memoir of Dr. McCluney Badcliffe	viii
History of the Directory for Nurses of the College of Physicians, By FREDERICK FRALEY, M.D.	xi
Memoir of Dr. James M. Anders	xvii
Memoir of Dr. Charles H. Frazier	xxi
Memoir of Dr. Thomas B. Holloway	xxiv
Memoir of Dr. Edward J. Klopp	xxix
Memoir of Dr. Arthur Van Harlingen	xxx
Memoir of Dr. Francis T. Stewart	xxxv
Annual Address of the President. By ALFRED STENGEL, M.D.	xxxix
Report of the Friends of the Library 1936. By CHARLES W. BURR, M.D.	xliii
Annual Report of the Library Committee	xliv
Gifts in 1936 to the College Collections	lxi
List of Officers and Standing Committees, 1936	lxiii
Lists of Presidents, Lectures and Prizes	lxvi
List of Fellows, Non-Resident Fellows and Honorary Fellows.	lxvii
Necrological List	xciii
The Nathan Lewis Hatfield Lecture, XIV:	
First Paper: Growth and Behavior of Peripheral Blood Vessels. By ELIOT R. CLARK, M.D.	1
Second Paper: Observations on the Diagnosis and Treatment of Peripheral Vascular Disease in Man. By EUGENE M. LANDIS, M.D.	4
Benign Glandular Tumors of the Bronchus. By LOUIS H. CLERF, M.D., and BAXTER L. CRAWFORD, M.D.	6
Evaluation of Mercurial Antiseptics in the Presence of Serum. By DOROTHEA E. SMITH, E. J. CZARNETZKY and STUART MUDD, M.D.	9
A Résumé of Experimental Investigations of the Ear. By WALTER HUGHSON, M.D.	11
Mary Scott Newbold Lecture, XXXVI:	
First Paper: The Clinical Aspects of Modern Endocrinology of the Female. By FRANKLIN L. PAYNE, M.D.	14
Second Paper: Organotherapy from the Internist's Viewpoint. By L. G. ROWNTREE, M.D.	15
The Nathan Lewis Hatfield Lecture, XV:	
A Discussion of the Etiology of Cancer Based on Present Knowl- edge. By JAMES B. MURPHY, M.D.	21
The Use of Mercury as a Diuretic. By MARSHALL N. FULTON, M.D.	25
Observations on the Mechanism and Clinical Interpretation of Heart Sounds. By CHARLES C. WOLFERTH, M.D., and (by invitation) ALEXANDER MARGOLIES, M.D.	29

Volume 4 Supplement
Fourth Series
1937

TABLE OF CONTENTS
VOLUME IV, SUPPLEMENT

List of Founders. Back of Frontispiece	
College of Physicians of Philadelphia, 1787-1937. By W. B. McDANIEL, 2ND, Ph.D.	1
A Discourse Delivered Before the College of Physicians of Philadelphia, Feb. 6, 1787, on the Objects of Their Institution. By BENJAMIN RUSH, M.D., &c., &c.	5
Reprint of the Table of Contents of the Transactions of the College of Physicians of Philadelphia, Volume 1, Part 1, 1793	11
Indexes to the Transactions	16
A Tabular View of Significant Events in the History of the College ..	17
Benefactors of the College	24
Officers, Committees, Calendar and Sections of the College for 1937 ...	25
Program of the Celebration	28
The Future of Medical Research. By HON. ROLAND S. MORRIS	29
The College: Its Library and Other Treasures. By DAVID RIESMAN, M.D., Sc.D., LL.D.	34
Medicine as an Experimental Science. By SIR HENRY H. DALL, C.B.E., F.R.S., M.A., M.D., F.R.C.P.	52
The Transformation of Medicine by Public Health Development. By HANS ZINSSER, M.D., Sc.D.	65
The College. By GEORGE P. MULLER, M.D.	76
Why Academies Were Founded. By HENRY E. SIGERIST, M.D.	83
The College of Physicians of Philadelphia from its Centennial in 1887 to 1925. By FRANCIS R. PACKARD, M.D.	89

LANCASTER PRESS, INC., LANCASTER, PA.

VOLUME 4
Fourth Series
1936-37

CONTENTS

Hyperparathyroidism Relieved Following the Removal of a Parathyroid Tumor. By JOHN B. FLICK and JOHN H. GIBBON, JR.	1	52
Complete A-V Heart Block with Adams Stokes Syndrome: Report of a Case with Clinical and Pathological Findings. By D. N. KREMER, S. BELLET and LOUIS LAPLACE	1	53
Gastroscopy as an Aid in Diagnosis. By CHEVALIER L. JACKSON and WILLIAM A. SWALM	1	54
Protamine Insulfate in the Treatment of Diabetes. By GARFIELD G. DUNCAN	1	55
Hypertension Produced by Excessive Fluid Intake: An Experimental Study. By JOHN Q. GRIFFITH, JR., W. A. JEFFERS and M. A. LINDAUER	1	56
Further Experience in the Bacterio-Therapy of Septic Infections. By WARD J. MACNEAL	1	56
Gout: Its Prevalence Among Chronic Arthritis. By ABRAHAM COHEN.	1	57
Hemophilia in the Negro. By NOBLE F. CRANDALL	1	57
Observations on the Takata-Ara Test and Hepatic Diseases. By TRACY D. CUTTLE and WILLIAM A. WOLFF	1	58
Terminal Ileitis. By I. S. RAYDIN and J. E. RHOADS	1	58
Plantain Hay Fever: Its Incidence and Importance. By GEORGE BLUMENSTEIN and LOUIS TUFT	2	94
Critical Analysis of Animal Dander Reactions. By SAMUEL E. RYNES.	2	95
Patch Testing with a Volatile Solid-Contact Dermatitis. By ARTHUR BAKER	2	95
A Case Report of Ragweed Dermatitis. By JOSEPH F. RICCHIUTI.	2	95
Active Immunization of Allergic Individuals Against Tetanus. By HERMAN GOLD	2	96
A Case Exhibiting the Clinical Features of Cushing's Syndrome due to Adrenal Adenoma. By HARRISON F. FLIPPIN	2	96
The Clinical Value of the Determination of Size and Hemoglobin Saturation of the Red Blood Cells. By WILLIAM P. BELK	2	97
Indications for the Operations of Cardiomyolysis, Pericardiectomy and Pericardiectomy. By MOSES BEHKEND and RUSSELL S. BOLES.	2	97
Bacterial Type Transformation. By HOBART A. REIMANN	2	98
The Use of Peritoneal Lavage in the Treatment of Acute Renal Failure. By JONATHAN E. RHOADS	2	99
Constriction of the Pulmonary Artery by Adhesive Pericarditis. By BENJAMIN A. GOULEY	2	100
Macrocytic Anemia in Pregnant Women with Vitamin B Deficiency. By KATHARINE O'SHEA ELSOM	2	101
A Contribution to the Study of Mental Disease: The Laurence-Biedl Syndrome in a Brother and Sister Admitted as Mental Defectives. By THOS. K. RATHMELL and M. A. BURNS	2	102
PROCEEDINGS OF THE SECTION ON MEDICAL HISTORY.		
1 61, 2 103		
PROCEEDINGS OF THE SECTION ON PUBLIC HEALTH, PREVENTIVE AND INDUSTRIAL MEDICINE		
Preventive Medicine and Public Health. By EDITH MACBRIDE-DEXTER.	1	66
The Teaching of the Practice of Preventive Medicine. By DAVID L. EDSALL	1	67
Symposium on the Prevention of Heart Disease:		
Heart Disease from a Life Insurance Standpoint. By S. B. SCHOLZ	1	69
Rheumatic Heart Disease: Its Incidence and the Present Status of its Prevention. By O. P. HEDLEY	1	69
The Prevention of Heart Disease in Middle Life. By WILLIAM D. STROUD	1	70

Volume 4
Fourth Series
1936-37

CONTENTS

Mary Scott Newbold Lecture XXXVII: Virus Diseases of the Central Nervous System with Particular Reference to Lymphocytic Choriomeningitis and Postinfection Encephalitis. By THOMAS M. RIVERS, M.D.	2	71
The James M. Anders Lecture: Syphilis from a Public Health Point of View. By THOMAS PARRAN, Surgeon-General, U. S. Public Health Service, Washington, D. C.	2	74
The Mütter Lecture: The Relation of Benign Breast Lesions to Ovarian Dysfunction. By GEORGE P. MULLER, M.D.	2	82
PROCEEDINGS OF THE SECTION ON OPHTHALMOLOGY ..	1 33, 2	83

PROCEEDINGS OF THE SECTION ON OTOLARYNGOLOGY

Relationship of the Eye to the Paranasal Sinuses: Anatomic Considerations. By OSCAR V. BATSON	1	35
Optic and Retrobulbar Neuritis in Relation to Sinus Disease. By EDWARD H. CAMPBELL	1	36
Considerations in the Use of Barbiturates in Otolaryngology. By WILLIAM M. FITZ-HUGH, JR.	1	37
Congenital Cysts of the Neck. By WILLIAM F. MOORE	1	38
Carcinoma of the Larynx: Treatment and End Results. By LOUIS H. CLERP	1	39
Streptococci Otitic Meningitis with Recovery. By HENRY DINTENFASS	1	40
The Cortical Representation of the Labyrinth. By E. SPIEGEL	1	41
Orbital Cellulitis. By HORACE J. WILLIAMS	1	42
Allergic Rhinitis: A Statistical Study. By EDWARD V. CLARK and DR. RODGERS	1	43
Dermoid Cysts of the Head and Neck. By GORDON B. NEW	2	85
Certain Aspects of Surgical Meningitis with Special Reference to Petrous Pyramid Suppuration. By MERVIN C. MYERSON	2	86
Acute Mastoiditis, with Extra Dural Abscess. By E. W. KEMMER	2	87
Dry-Ice (Carbon Dioxide Ice) Burn of the Throat. By PHILIP S. STOUT	2	89
A Case of Osteoma Growing from the Mastoid Cortex. By GEORGE M. COATES	2	89
Myelogenous Leukemia with Infiltration of the Labyrinth with Loss of Hearing. By HORACE WILLIAMS	2	90
Acute Sinusitis: Osteomyelitis of the Skull: Brain Abscess: Recovery. By GEORGE B. WOOD and FRANCIS C. GRANT	2	91

PROCEEDINGS OF THE SECTION ON GENERAL MEDICINE

Immunologic Aspect of Tobacco in Thrombo-angiitis and Coronary-artery Disease. By A. TRASOFF, G. BLUMSTEIN and M. MARKS ..	1	45
Amebic Abscess of the Liver. By HAROLD L. GOLDBURGH	1	46
Evaluation of the Fasting Blood Sugar. By EDWARD S. DILLON and CARLTON R. SOUTHERS	1	47
The Mechanism of Headache. By TEMPLE FAY	1	48
The Clinical Importance of Circulation Time Measurements. By SAMUEL J. GOLDBERG	1	49
Factors Leading to Selective Collapse in Artificial Pneumothorax. By RICHARD T. ELLISON	1	49
Rocky Mountain Spotted Fever: Report of Two Cases. By HERMAN GOLD and WILLIAM GOODMAN	1	50
Effect of Estrogenic Substances in Certain Cases of Diabetes Mellitus. By JOSEPH T. BEARDWOOD, JR., and PAUL PATTON	1	51

Contents

NO. 1, JUNE, 1938

Portrait of Charles W. Burr	2
Foreword	3
Experimental Observations on the Pathogenesis of Essential Hypertension <i>Harry Goldblatt</i>	5
Emotional Factors in Health and Disease <i>C. Macfie Campbell</i>	16
Section on General Medicine: Programs and Abstracts	35
Section on Public Health: Program and Abstracts	41
Sections on Ophthalmology, Otolaryngology, Medical History: Programs	45
Memoir of Judson Daland <i>Arthur C. Morgan</i>	48
Two Contemporary Manuscripts Bearing on the Death of Charles II of England <i>Edward B. Krumhaar</i>	51
The Affair of the "1613" Printing of Johannes Rümelin's <i>Catoptron</i> <i>W. B. McDaniel, 2d</i>	60
Presentation of Portrait-Medallion of Henry H. Donaldson, the Gift of R. Tait McKenzie <i>R. Tait McKenzie</i>	73
Presentation of Two Additions to Our Harveiana, the Gift of Logan Clendening <i>Edward B. Krumhaar</i>	75

NO. 2, SEPTEMBER, 1938

Recent Clinical and Experimental Observations in Adrenal Insufficiency <i>Russell M. Wilder</i>	79
The Cellular Organization of Nervous Function <i>Detlev W. Bronk</i>	102
Section on General Medicine: Programs and Abstracts	118
Sections on Ophthalmology, Otolaryngology, Public Health: Programs	124
The Early Years of the Obstetrical Society of Philadelphia (<i>Part I</i>) <i>Lewis C. Scheffey</i>	125
Notes on the Mütter American Giant <i>Joseph McFarland</i>	148
Census of Incunabula in the Library of the College	159
Lecture Schedule of the College, 1938-1939	194

NO. 3, DECEMBER, 1938

Cardiac Diseases, Infectious and Non-Infectious, in Relation to Public Health <i>Homer F. Swift and Alfred E. Cohn</i>	197
