## BRITAIN AND EUROPE DURING 1980

This bibliographical guide to Britain and Europe during 1980 accompanies the Harvester/PSS microfiche collection of material produced throughout 1980. It is an eighth supplement to the 'package' Britain and Europe since 1945, (previously published by Harvester), which contains 26,000 pages of literature issued by 67 groups and organisations between 1945-1972. This update includes material contributed by 35 groups and organisations and, in addition to material produced in 1980, there are a number of items of an earlier date, not previously included.

1980 witnessed the stirrings of radical change within the Common Market. Britain, France and Italy took legal action against the European Commission, questioning its fundamental powers - likely to be further eroded during 1981 with the review of CAP. Unemployment, declining industry, poor trade figures contributed further to British disillusionment and the autumn Labour Party Conference voted overwhelmingly for withdrawal from the Common Market. In November back bench Conservative MPs founded the Conservative European Reform Group with the aim of radically reforming the Community. 1981 could well see the beginnings of the transformation of the EEC from a supra-national community into a loose trade association of European countries. This would return the debate to the fundamental question of the late 1940s and 1950s - "Is there a need for a common European voice and foreign policy?"

### PLACE/DATE OF PUBLICATION/AUTHORSHIP

Publication dates are given as in the original imprint, except for undated items. Where the date of publication (or origination) has been inferred from reliable internal or external evidence the conventional form has been

adopted: n.d. 1980? Where no named author is listed the item was issued anonymously. The place of publication is normally the address of the issuing body.

## HOW TO USE THE INDEX

As with the first collection and previous updates concerned with the Common Market debate, this update - which contains 1980 material issued during 1980 is arranged on the same easily-used and fully-indexed system. In a matter of moments the index takes you from your need for a particular item to the exact document you require.

### HARVESTER/PSS UNIQUE PAGE NUMBERS

The Harvester/PSS unique page number again appears in the top left-hand corner of each page. As before the number on the first page of each document is the reference allocated to that particular document. This is the reference you will find in the index. Thus an item of 16 pages with the page numbers, say 80 - 95, will be identified by number 80. The numbering of each group in the 1980 update follows in sequence from the numbering of the material produced by the group in the last collection. For example, the last page of Agenor in Britain and Europe during 1979 was numbered 3219, so the first page of Agenor in the 1980 update is 3220.

### HOW TO FIND AN INDIVIDUAL ITEM ON MICROFICHE

This follows the same principles as in the previous collection. Consult either the Chronological Index, the Author Index, or the Title Index to find the title you want. Each document has been allocated a two-letter code. Before this code is a number, which identifies the 'package' followed by 1980 in brackets, which signifies the year of the update. The number after the two-letter code is the number of the specific document.

Suppose you want to read the Conservative Party pamphlet by Lord Soames entitled Europe and the wider world issued in October 1980. You can look for this in any of three places.

#### A. Chronological Index

You know that the item was issued by the Conservative Party. In the Chronological Index this group is given the Britain and Europe since 1945 package number 1, the update number (1980) and the two-letter code IN. Thus the Conservative Party looks like this:

1(1980)IN

1 is the 'package' reference. (1980) is the year of the update. IN is the group reference.

Each document has been allocated a unique number within the group and this particular document will look like this:

1(1980)IN 3249 SOAMES, Lord. Europe and the wider world. October 1980, 17pp.

#### B. Author Index

1(1980)IN 3249 is the unique code for this specific document and in the Author Index it appears like this:

Soames, Lord, Europe and the wider world. Conservative Party, October 1980, 17pp. 1(1980)IN 3249.

#### C. Title Index

In the Title Index it appears like this:

Europe and the wider world, by Lord Soames. Conservative Party, October 1980, 17pp. 1(1980)IN 3249.

When you have the complete code for the document, find the 'package' in the Harvester/PSS collection. This is easily identified through the eye-readable name of the 'package' and through the 'package' number '1' which

precedes each code. To identify the year of the update look at the date in brackets next to the package number e.g. (1980).

Then locate the group by the two-letter code. Then pick out the fiche on which the document number appears. Several documents are often filmed on one fiche and the fiche reference will read 1(1980)IN 3211 - 3291. Your document 1(1980)IN 3249 will appear on this fiche.

Insert the fiche in the micro-viewer and move the fiche to read the document you want.

#### DESCRIPTIONS OF GROUPS AND ORGANISATIONS

There follows a description of groups that are new to this collection. In addition, where necessary, updated information is given on groups who have already participated in the programme. As in the alphabetical list, the new groups are distinguished by an asterisk to the left of their title.

**\*CONSERVATIVE EUROPEAN REFORM GROUP (1980-continuing)**

House of Commons, Westminster, London SW1.

The Conservative European Reform Group was formed in November 1980 by a group of Conservative backbenchers with the aim of radically reforming the European Economic Community. The Group believes that the present structure of the Community is damaging to British interests and calls for fundamental changes to be made either in the basic structure of the Common Market or in Britain's relationship with the Community. Its leaders include Mr. Ronald Bell, Mr. Richard Body, Mr. Toby Jessell, Mr. Richard Shepherd, Mr. Jonathan Aitken, Mr. Tony Marlow, and Mr. Teddy Taylor - an outspoken anti-Common Marketeer. Their chief concern is to bring to an end the controversial Common Agricultural Policy and to restore control over agricultural policy to national governments. The Group also urges the need to adopt policies directed to the restoration to each member state of the right to take action on unfair trading practices, such as dumping by third countries, and demands the reassertion of the power of national Parliaments over the institutions of the Community. The considerable support this new group has attracted reflects a discontent amongst backbenchers with the Prime Minister's affirmation at Bonn in November of Britain's commitment to the E.E.C. in its present structure. Even before the end of November 38 Conservative MPs had joined the Group with 35 allowing their names to be linked with its aims.

**EUROPEAN DEMOCRATIC GROUP (1979-continuing)**

European Democratic Group formerly the European Conservative Group (1973-1979), has changed its address to 32 Smith Square, London SW1P 3HH.
