BRITAIN AND EUROPE DURING 1982

This bibliographical guide to Britain and Europe during 1982 accompanies the Harvester/PSS microfiche collection of material produced throughout 1982. It is a tenth supplement to the 'package' Britain and Europe since 1945, (previously published by Harvester), which contains 26,000 pages of literature issued by 67 groups and organisations between 1945-1972. This update includes material contributed by 31 groups and organisations and, in addition to material produced in 1982, there are a number of items of an earlier date, not previously included.

1982 saw the completion of the first decade of Britain's membership of the Community. The British budgetary contribution was again a source of disagreement and in spite of the modest success achieved by Mrs. Thatcher in 1982 it will be a matter of concern during 1983. Agreement on CAP is as far away as ever and the attempt by Britain to apply a veto on agricultural prices was defeated by a majority vote, and this marked a significant constitutional change for the Community. The Pro and Anti-Marketeers again advocated their convinced views, with the European support for British action during the Falklands dispute and the resistance to the American embargo on the trans-Siberian pipe-line demonstrating to some the political advantages of membership. But the continued rising unemployment in Britain convinced others of the social and economic disadvantages. After ten years of membership the division of opinion, and uncertainty, continues to increase and the debate remains at the centre of political and economic discussion.

PLACE/DATE OF PUBLICATION/AUTHORSHIP

Publication dates are given as in the original imprint, except for undated items. Where the date of publication (or origination) has been inferred from reliable internal or external evidence the conventional form has been adopted: n.d. 1982? Where no named author is listed the item was issued anonymously. The place of publication is normally the address of the issuing body.

HOW TO USE THE INDEX

As with the first collection and previous updates concerned with the Common Market debate, this update - which contains 1982 material issued during 1982 is arranged on the same easily-used and fully-indexed system. In a matter of moments the index takes you from your need for a particular item to the exact document you require.

HARVESTER/PSS UNIQUE PAGE NUMBERS

The Harvester/PSS unique page number again appears in the top left-hand corner of each page. As before the number on the first page of each document is the reference allocated to that particular document. This is the reference you will find in the index. Thus an item of 16 pages with the page numbers, say 80 - 95, will be identified by number 80. The numbering of each group in the 1982 update follows in sequence from the numbering of the material produced by the group in the last collection. For example, the last page of Agenor in Britain and Europe during 1981 was numbered 3643, so the first page of Agenor in the 1982 update is 3644.

HOW TO FIND AN INDIVIDUAL ITEM ON MICROFICHE

This follows the same principles as in the previous collection. Consult either the Chronological Index, the Author Index, or the Title Index to find the title you want. Each document has been allocated a two-letter code. Before this code is a number, which identifies the 'package' followed by 1982 in brackets, which signifies the year of the update. The number after the two-letter code is the number of the specific document.

Suppose you want to read the Labour Common Market Safeguards Committee pamphlet by Hilary Benn (ed.) entitled The common market. A Guide to withdrawal issued in October 1982. You can look for this in any of three places.

A. Chronological Index

You know that the item was issued by the Labour Common Market Safeguards Committee. In the Chronological Index this group is given the Britain and Europe since 1945 package number 1, the update number (1982) and the two-letter code OU. Thus the Labour Common Market Safeguards Committee looks like this:

1(1982)OU

1 is the 'package' reference. (1982) is the year of the update. OU is the group reference.

Each document has been allocated a unique number within the group and this particular document will look like this:

1(1982)OU 192. BENN, Hilary (ed.). The common market. A Guide to withdrawal. October 1982, 22pp.

B. Author Index

1(1982)OU 192 is the unique code for this specific document and in the Author Index it appears like this:

Benn, Hilary (ed.), The common market. A Guide to withdrawal. Labour Common Market Safeguards Committee, October 1982, 22pp. 1(1982)OU 192.

C. Title Index

In the Title Index it appears like this:

Common market, The. A Guide to withdrawal, by Hilary Benn (ed.). Labour Common Market Safeguards Committee, October 1982, 22pp. 1(1982)OU 192.

When you have the complete code for the document, find the 'package' in the Harvester/PSS collection. This is easily identified through the eye-readable name of the 'package' and through the 'package' number '1' which precedes each code. To identify the year of the update look at the date in brackets next to the package number e.g. (1982).

Then locate the group by the two-letter code. Then pick out the fiche on which the document number appears. Several documents are often filmed on one fiche and the fiche reference will read 1(1982)OU 190-212 and 1(1982)PP 942-981 - as two groups appear on this particular fiche. Your document 1(1982)OU 192 will appear on this fiche.

Insert the fiche in the micro-viewer and move the fiche to read the document you want.

DESCRIPTIONS OF GROUPS AND ORGANISATIONS

There follows a description of groups that are new to this collection.

NATIONAL COUNCIL FOR VOLUNTARY ORGANISATIONS (1919-continuing)

26 Bedford Square, London WC1 3HU

Formerly the National Council of Social Service, the National Council for Voluntary Organisations is an independent charity. It attempts to adopt an impartial role in its primary aim of providing information, believing that independent bodies and individuals have a right to knowledge of and influence on decisions made on their behalf, whether by local, national or supranational authority. The first issue of the organisations monthly bulletin Look Europe appeared in January 1975 and continue under this name until April 1979 after which it appeared as Inside Europe. Specialising in social affairs - in social security, personal social services, employment, housing, and health - it also reports on a wider range of events in Brussels, such as regional policy, education, consumer affairs, and overseas development. The bulletin reports on events and issues within the EEC, seeking primarily to inform with facts and figures rather than to offer opinion in seeking to extend the response of individuals and organisations to social issues in the Community. A typical 10-page A4 size issue included short unsigned reports on the distribution of grants from the Social Funds to British organisations, on family allowances, vocational training for young people, medicine in the Nine, direct elections to the Community, and information on forthcoming EEC-related conferences and seminars.
