## BRITAIN AND EUROPE DURING 1983

This bibliographical guide to Britain and Europe during 1983 accompanies the Harvester/PSS microfiche collection of material produced throughout 1983. It is the eleventh supplement to the 'package' Britain and Europe since 1945, (previously published by Harvester), which contains 26,000 pages of literature issued by 67 groups and organisations between 1945-1972. This update includes material contributed by 28 groups and organisations and, in addition to material produced in 1983, there are a number of items of an earlier date, not previously included.

1983 was characterized by the turbulent mood prevalent throughout Britain's membership of the Community. The British budgetary contribution continued to be a source of disagreement, and although Mrs. Thatcher achieved substantial rebates the long-standing problems remained unsolved. However, the continued tensions renewed the Anti-Marketeters' conviction of the undesirability of British membership, while Mrs. Thatcher's uncompromising stance gained applause from Pro-Marketeters as a step towards the long-term interests of the Community. The debate continued in December at the Athens summit which aimed to find solutions to internal conflicts which had undermined the unity and strength of Europe.

### PLACE/DATE OF PUBLICATION/AUTHORSHIP

Publication dates are given as in the original imprint, except for undated items. Where the date of publication (or origination) has been inferred from reliable internal or external evidence the conventional form has been adopted: n.d. 1983? Where no named author is listed the item was issued anonymously. The place of publication is normally the address of the issuing body.

## HOW TO USE THE INDEX

As with the first collection and previous updates concerned with the Common Market debate, this update - which contains 1983 material issued during 1983 is arranged on the same easily-used and fully-indexed system. In a matter of moments the index takes you from your need for a particular item to the exact document you require.

### HARVESTER/PSS UNIQUE PAGE NUMBERS

The Harvester/PSS unique page number again appears in the top left-hand corner of each page. As before the number on the first page of each document is the reference allocated to that particular document. This is the reference you will find in the index. Thus an item of 16 pages with the page numbers, say 80 - 95, will be identified by number 80. The numbering of each group in the 1983 update follows in sequence from the numbering of the material produced by the group in the last collection. For example, the last page of Agenor in Britain and Europe during 1982 was numbered 3706, so the first page of Agenor in the 1983 update is 3707.

### HOW TO FIND AN INDIVIDUAL ITEM ON MICROFICHE

This follows the same principles as in the previous collection. Consult either the Chronological Index, the Author Index, or the Title Index to find the title you want. Each document has been allocated a two-letter code. Before this code is a number, which identifies the 'package' followed by 1983 in brackets, which signifies the year of the update. The number after the two-letter code is the number of the specific document.

Suppose you want to read the European Democratic Group pamphlet by Derek Prag entitled Lobbying the European Community issued in October 1983. You can look for it in any of three places.

#### A. Chronological Index

You know that the item was issued by the European Democratic Group. In the Chronological Index this group is given the Britain and Europe since 1945 package number 1, the update number (1983) and the two-letter code LA. Thus the European Democratic Group looks like this:

1(1983)LA

1 is the 'package' reference. (1983) is the year of the update. LA is the group reference.

Each document has been allocated a unique number within the group and this particular document will look like this: 1(1983)LA 2332. PRAG, Derek. Lobbying the European Community. October 1983, 33pp.

#### B. Author Index

1(1983)LA 2332 is the unique code for this specific document and in the Author Index it appears like this:

Prag, Derek, Lobbying the European Community. European Democratic Group, October 1983, 33pp. 1(1983)LA 2332.

#### C. Title Index

In the Title Index it appears like this:

Lobbying the European Community, by Derek Prag. European Democratic Group, October 1983, 33pp. 1(1983)LA 2332.

When you have the complete code for the document, find the 'package' in the Harvester/PSS collection. This is easily identified through the eye-readable name of the 'package' and through the 'package' number '1' which precedes each code. To identify the year of the update look at the date in brackets next to the package number e.g. (1983).

Then locate the group by the two-letter code. Then pick out the fiche on which the document number appears. Several documents are often filmed on one fiche and the fiche reference will read 1(1983)LA 2283-2370. Your document 1(1983)LA 2332 will appear on this fiche.

Insert the fiche in the micro-viewer and move the fiche to read the document you want.

#### DESCRIPTIONS OF GROUPS AND ORGANISATIONS

There follows a description of groups that are new to this collection.

#### CHRISTIANS FOR EUROPE (1974-continuing)

1 Europe House, 1a Whitehall Place, London SW1A 2HA

With the imminent prospect of Britain's entry into the EEC in the 1970's, the movement grew for a British initiative parallel to that begun in Europe two decades earlier by Catholic and Protestant representations to take seriously the responsibilities and problems of Church and society in the European Community and to represent officially the Church's views to the European institutions. Discussions between the leading British figures in this initiative, Father Thomas Corbishley SJ, (Chairman of the Committee), Peter Storr (Secretary), and Noel Salter (previously Clerk to the Assembly of Western European Union, later Secretary of the Department of International Affairs of the British Council of Churches, and subsequently an EEC director in the field of overseas

aid), with the Ecumenical Association and the 'Office catholique d'information sur les problèmes européens' (OCIPE) resulted in the convening of the conference 'Christians and the European Community' in 1974. Extending this move, there arose the 'Christians for Europe' group, encompassing a variety of Christian traditions from fourteen European countries. They are now under the Chairmanship of the Rev. Alan Booth, OBE, with Rev. Bruno Brinkman SJ, being vice-chairman, and Peter Storr continues his Secretarial role jointly with John Selwyn Gummer, MP.

While respecting the differences both within itself and the EEC, the group stresses the interdependence of the various churches - a 'Unity in Diversity' - whose combined responsibility is collectively to ensure that "Christian communities in the member states should take seriously their role in helping the European Community, as it develops, to be worthy of the influence it exerts in the world." In such a role, 'Christians for Europe' aims to provide information about EEC policies and performance for disparate Churches and Christians through such publications as their series of 'Occasional Papers', to set up specialist working parties which identify issues for Christian involvement, and to promote and maintain contact with, and understanding between Christians in Britain, Europe, and the world by such moves as twinning continental and British towns. More recently a wider network of activities has ensued from the establishment of regional groupings of 'Christians for Europe'.

SOCIALIST GROUP OF THE EUROPEAN PARLIAMENT (1953-continuing)  
97-113, rue Belliard, 1040, Brussels, Belgium.

The Socialist Group of the European Parliament was established in 1953 under the Chairmanship of Guy Mollet. With Britain's entry into the European Community in 1975, British Labour Party MPs joined and by 1978 the Group had become the largest political group in the European Parliament, having 66 members from ten countries, with Britain having the largest number of members in that year. The aim of the Group is to maintain the principles and awareness of socialism within the European Community. After the introduction of direct election in 1979 the Group's membership doubled and it acquired even more influence on the European Parliamentary Committees. The Group meets regularly before and during each part-session of the European Parliament, convenes international seminars, and holds bi-annual study meetings. Press conferences and press releases deal with specific issues as they arise, and specialists produce reports arising from the work of the working parties. But it is the magazine 'EUSO' which publicizes the activities of the Socialist Group and it has been the primary informative source on its efforts to influence policy on the budget, the iron and steel industry, women's rights, the energy policy programme, and human rights in Europe and worldwide.
