How to use the Index

As with the first collection, and the 1973 and 1974 updates, concerned with the Common Market debate this update — which contains material issued during 1975 — is arranged on the same easily-used and fully-indexed system. In a matter of moments the index takes you from your need for a particular item to the exact document you require.

Harvester/PSS unique page numbers

The Harvester/PSS unique page number again appears in the top left-hand corner of each page. As before the number on the *first* page of each document is the reference allocated to that particular document. This is the reference you will find in the index. Thus an item of 16 pages with page numbers, say 80–95, will be identified by number 80. The numbering of each group in the 1975 update follows in sequence from the numbering of the material produced by the group in the last collection. For example, the last page of *Agenor in Britain and Europe during 1974* was numbered 2240, so the first page of *Agenor* in the 1975 update is 2241.

How to find an individual item on microfiche

This follows the same principles as in the previous collections. Consult either the Chronological Index, the Author Index, or the Title Index to find the title you want. Each document has been allocated a two-letter code. Before this code is a number, which identifies the 'package', followed by 1975 in brackets, which signifies the year of the update. The number after the two letter code is the number of the specific document.

Suppose you want James Callaghan's *Speech at Cardiff 4 June 1975* on the eve of the Referendum, which was issued by the Labour Party. You can look for this in any of three places.

A. Chronological Index

You may know that the item was issued by the Labour Party. In the Chronological Index this group is given the *Britain and Europe since 1945* package number 1, the update number (1975) and the two-letter code PB. Thus the Labour Party looks like this:

1(1975) PB

1 is the 'package' reference. (1975) is the year of the update. PB is the group reference.

Each document has been allocated a unique number within the group and this particular document will look like this:

1(1975) PB 869 CALLAGHAN, James. *Speech at Cardiff 4 June 1975*. 1975, 6pp.

B. Author Index

1(1975) PB 869 is the unique code for this specific document and in the Author Index it appears like this:

Callaghan, James, *Speech at Cardiff 4 June 1975*. Labour Party, 1975, 6pp.
1(1975) PB 869.

C. Title Index

In the Title Index it appears like this:

Speech at Cardiff 4 June 1975, by James Callaghan. Labour Party, 1975, 6pp.
1(1975) PB 869.

When you have the complete code for the document, find the 'package' in the Harvester/PSS collection. This is easily identified by the colour yellow used on all microfiche in this 'package' and through the 'package' number '1' which precedes each code. To identify the year of the update look at the date in brackets next to the package number e.g. (1975).

Then locate the group by the two-letter code. Then pick out the fiche on which the document appears. Several documents are often filmed on one fiche and the fiche reference will read 1(1975) PB 844-940. Your document 1(1975) PB 869 will appear on this fiche.

Insert the fiche into the micro-viewer and move the fiche to read the document you want.

DESCRIPTIONS OF GROUPS AND ORGANISATIONS

BRITAIN IN EUROPE (1975)

Now defunct.

In early January 1975 the European Movement and the European League for Economic Co-operation joined forces in recruiting Sir Con O'Neill to co-ordinate their campaign in the Referendum. Sir Con, who had led the official British delegation in the entry negotiations, was author of the official Foreign Office history of the negotiations. On Wednesday 26 March, the Britain in Europe campaign was officially launched at a press conference in London. With Roy Jenkins, MP as President it was an all-party campaign. The Vice-Presidents were Lord Feather, Jo Grimond, MP, Edward Heath, MP, Cledwyn Hughes, MP, Reginald Maudling, MP, Sir Henry Plumb (President of the National Farmers Union), William Whitelaw, MP, and Shirley Williams, MP. Set up as an umbrella group representing the broad front of pro-Europe supporters they used 17 full-time regional organisers, many of whom had

been at work long before the campaign was officially launched. Numerous meetings and rallies were organised throughout the country and offices issuing national and local literature were set up in prominent positions in major towns and cities to support the entry into Europe. It worked very closely with all pro-Europe organisations and groups, and co-ordinated efforts and activities whenever possible. Apart from having the backing of big business and the Confederation of British Industry, it also had the majority of the Cabinet and the other two main parties supporting it.

COMMUNISTS FOR EUROPE (1975—continuing)

138 Lordship Lane, London N16.

"Communists for Europe was set up in the Common Market referendum campaign as a voice for those on the left who were disgusted with the petty chauvinism of the anti-Marketees and who wished to reassert the internationalist tradition of the working class movement in a politically practical way." They set out to make sure that the working class recognised that the TUC, the Labour Left and the Communist Party had taken a conservative position on Europe. They not only argued against the Communist Party of Great Britain (CPGB) and the *Tribune* Group but, where it did not compromise their position, participated in the general Britain in Europe campaign. Membership was open to all individuals and groups and at the end of the Referendum membership numbered about 200, among which were included the British and Irish Communist Organisation. Bill Warren (ex-Economic Committee, CPGB), Alan Jones (ex-Welsh Secretariat, CPGB), and John Lloyd (ex-CPGB) were all active in Communists for Europe, all having resigned from the Communist Party because they considered "the Party's policy over the EEC is a violation of elementary principles." Richard Spicer was Secretary, and Nina Fishman a member of the executive committee.

CONSERVATIVES AGAINST THE TREATY OF ROME (1974?—1975)

Now defunct.

This group, in its opposition to the Treaty of Rome, maintained that the re-negotiations had been farcical because "if the Common Market was bad and unacceptable before, it is the same now. . ." Aimed at those whose general political sympathy was to the Right rather than to the Left, the Chairman, Hugh Simmonds, claimed to "know personally of a considerable number of well placed and leading Conservatives who are admitting in a private conversation that they will vote NO, although campaigning in public for a YES vote." In a press interview he refused to name anyone, but alleged that they were doing it out of a "misplaced sense of party loyalty". Its objective was to act as a pressure group within the Conservative Party and to serve as a focus for those members of the Conservative Party who were opposed to continuing Common Market membership.

FEDERATION OF CONSERVATIVE STUDENTS (1931—continuing)

32 Smith Square, London SW1.

With over 10,000 members, the Federation of Conservative Students is the largest student political party organisation in Britain. It is active not only in pressurising for youth policies within the Conservative Party but also in putting forward a Conservative case in college student unions and at the National Union of Students level. In recent years it has devoted even more

of its time to supporting its commitment to Europe and was the only major student organisation promoting EEC membership prior to the Referendum Campaign. After the Referendum they began to press actively for a directly elected European Parliament and a unification of centre-right groups within that Parliament. The President is Edward Heath, MP, the Chairman Mark Hapgood, and the Secretary Wilf Weeks.

LABOUR CAMPAIGN FOR BRITAIN IN EUROPE (1975)

Now defunct.

Organised to support "Harold Wilson and the majority opinion of the Labour Government", under the directorship of Jim Cattermole it rapidly set up 70 provincial working parties and was central in circulating full details of convenors, organisers, meetings and background information. Among its many information sheets the outspoken *Weekly Briefing Note* kept members informed of events both inside and outside the Labour Party. The President was Shirley Williams, MP; and the Vice-Presidents were Lord Allen, T.S. Bradley, MP, Anthony Crosland, MP, Lord Feather, Roy Grantham, Cledwyn Hughes, MP, Roy Jenkins, MP, Harold Lever, MP, Roy Mason, MP, Ben T. Parry and Reg Prentice, MP. Ninety-two other Labour MPs were sponsors of the organisation.

LIBERAL EUROPE CAMPAIGN (1975)

Now defunct.

Organised by the Liberal European Action Group (q.v.) the Liberal Europe Campaign was set up to support the Britain in Europe Campaign (q.v.) by contributing its own campaign style and message, by joining in the pre-Referendum public information programme, and by co-operating whenever possible with all-party and non-party local groups of Britain in Europe. It was also a joint effort to co-ordinate the activities of the Liberal Party organisation and the Liberal European Action Group (LEAG). Started early in 1975 it gradually took over from LEAG all Liberal work during the Referendum. The Director of the Campaign, Aza Pinney, was also Treasurer of LEAG, and from January 1975 till about March 1975 the Campaign was financed by LEAG. From then until the end of the Referendum, it was financed by Britain in Europe. Its affairs had been wound up by August 1975.

LIBERAL EUROPEAN ACTION GROUP (1972—continuing)

Europe House, 1A Whitehall Place, London SW1.

The Liberal European Action Group is an active section of the European Movement with the aim of supporting the establishment of a Federation of Liberal Parties of the European Community and the institution of direct elections. As these aims are the practical application of Liberal policy an important part of their function is to keep Liberals fully informed on them. The Group is also concerned with the European federalism and the development of the institutions of the Community, in particular the granting of greater powers to the European Parliament. The President is Lord Banks; and the Chairman Richard Moore; other officers during 1975 were Aza Pinney, Tom Dale, Michael Steed and Stephen Foston. Patrons are Jeremy Thorpe, MP, Lord Gladwyn, Russell Johnston, MP, and David Steel, MP. The Group also organised the Liberal Europe Campaign (q.v.) with Aza Pinney as Campaign Director.

LIBERAL 'NO TO THE COMMON MARKET' CAMPAIGN
(1975—continuing)

17 Cherrywood Lane, Morden, Surrey.

The Liberal 'No to the Common Market' Campaign was launched in March 1975, under the Chairmanship of Dr. Roy Douglas, Lecturer in the Department of Humanities and Social Sciences at the University of Surrey, and with the support of a number of people who were, or had been, parliamentary candidates and other active workers in the Liberal cause. The President is Mr. S.W. Alexander, M.B.E., former proprietor of the *City Press*, one of Britain's leading financial newspapers, and on several occasions a Liberal candidate. The Honorary Secretary is Mrs. D. Norris, 17 Cherrywood Lane, Morden, Surrey. Members of the Campaign consider that the restrictions imposed by the Common Market on British trade with the outside world are completely contrary to Liberal economic principles and that Liberals should oppose these restrictions and advance in their stead the traditional Liberal policy of Free Trade. During the 1975 Referendum Campaign a series of Statements were issued and published in *Liberal News*. Correspondence was entered in the national press, and public meetings were addressed in many parts of Britain.

NATIONAL CAMPAIGN AGAINST INFLATION (1975?—continuing)
59 Sherwood Avenue, Parkstone, Poole, Dorset.

A small group opposed to EEC entry, with a conservative analysis, seeking to prevent the passing of power from a democratically-elected 'local' Parliament into the hands of a more distant European assembly: "Keep your power to control government by voting No in the Referendum." Argued that EEC entry, with its attendant decimalisation of the currency and metrication of measurement systems, was a major part of the cause of Britain's rapidly escalating inflation throughout 1974 and 1975. A leading participant was C. Howard Jones of Poole, the residential area adjacent to the Conservative-controlled 'retirement area' of Bournemouth on the South Coast of England.

NATIONAL REFERENDUM CAMPAIGN (1975)
Now defunct.

A National Referendum Campaign was formed on an all-party basis on 7 January 1975 by the Committees of the Anti-Common Market League, British Business for World Markets, the Common Market Safeguards Campaign, and the Get Britain Out Referendum Campaign. These four founding organisations agreed that a focal point was needed in co-ordinating activities for the referendum. Other affiliated organisations included Conservatives against the Treaty of Rome, Labour Committee for Safeguards on the Common Market, and Liberal 'No to the Common Market' Campaign. The basic aim was to "restore to the British Parliament the exclusive right to pass laws and impose taxation binding on citizens of the U.K." and to "re-establish the power of the U.K. to trade freely, particularly in the case of food, with any country in the world." Members of the Central Committee were: Neil Marten, MP, Chairman; Christopher Frere-Smith and Douglas Jay, MP, Vice-Chairmen; Peter Clarke, Secretary; Richard Kitinger, Treasurer; Richard Body, MP; Lord Briginshaw; Harry Creighton; Clive Jenkins; Jack Jones; Sir Ian Mactaggart; James Towler; and Bob Wright. John Allen was the Press spokesman. The aim of the Committee was to co-ordinate, and not to supersede member

organisations. It collated information about services available, events such as meetings, demonstrations etc., and established a central register of pamphlets and leaflets suitable for the Campaign. One of its main functions was to make joint representations on behalf of the member groups to the Government and the media.

NATIONAL UNION OF STUDENTS (1921—continuing)
3 Endsleigh Street, London WC1.

The 700,000 strong National Union of Students passed a motion at their April 1975 conference directing members to vote "no" in the Referendum. The motion had been tabled by the Broad Left coalition of Communists, Socialists and Labour Party members on the basis that the Common Market stood for monopoly capitalism and that the NUS was an internationalist organisation and not just confined to the EEC. Even though no specific reference to education had been made in the Treaty of Rome or in Britain's Treaty of Accession "harmonisation" was a key theme of the EEC education policy as it was considered a prerequisite for the full achievement of the "free mobility of labour". And it was this "harmonisation" which caused concern to the NUS which in a report concluded that it "lowers educational standards and quality, takes educational power from the local communities where it has traditionally resided and from the participants in the education process, sets back the gains of the labour movement in establishing a better and more democratic education service, imposes a 'little European' ideology on the content of courses, and makes any future change more difficult to achieve. It assists only the interests of the buyers and sellers of internationally qualified labour — the multi-national corporations." John Randall, who had gradually moved to the right side of the Broad Left, was President at the time of the Referendum.

RADICAL YOUTH FOR EUROPE (1973—continuing)
Europe House, 1A Whitehall Place, London SW1.

Radical Youth for Europe (RYE) is the pro-European group within the Young Liberal Movement. Associated with the National League of Young Liberals, the Union of Liberal Students, the Young European Federalists, and the European Movement, it is politically independent of the Liberal European Action Group (q.v.). Its aim is to work within the Liberal Party and radical groups to propagate the development of radical policies within the European context, to foster close co-operation with other European radical groups and parties working towards the creation of a European Radical Liberal Party, and to win support among radical youth and others for political union in Europe. The Chairman is Gordon Lishman of Bradford, and the Secretary is Mike Tribe of Southampton.

YOUNG EUROPEAN FEDERALISTS (1974—continuing)
Europe House, 1A Whitehall Place, London SW1.

Young European Federalists (YEF) was set up as a political youth group, independent of any political party, with a commitment to federalism as being "the realistic and humanistic approach to the modern world", and an active link with the JEF-Europe — their European organisation — which enabled them to work together with young people from 14 other national sections. They consider that real sovereignty can no longer be exercised by nation states in many important areas such as inflation, security, environment, energy,

and they see a political European Community as a realistic means towards overcoming these problems. YEF provides information about the political situation and problems of European integration by means of seminars, speaker meetings, working groups etc., at local, national and international levels. They actively oppose narrow-minded nationalism and support direct universal suffrage for electing the European Parliament. Organised in local, regional and national groups, YEF includes Students for United Europe groups in universities and colleges. YEF is affiliated to the British Council of the European Movement and is represented on its executive, council and staff. Membership is open to everyone aged 16-28.

YOUTH FOR EUROPE (1975)

Now defunct.

Under the directorship of Mike Fallon, and organised by Archie Kirkwood, Youth For Europe was set up at Europe House as the umbrella group of the youth organisations and to co-ordinate the activities of the youth campaign. Starting in early January 1975 it set out to embrace the whole field of non-political youth. One day seminars were organised throughout the country with participants being drawn from local youth clubs, youth and community services, the Scout Association, Young Farmers Clubs, etc. Editors of magazines of special interest to the young were approached in the hope of persuading them to carry news items on the Youth For Europe Campaign. Approaches were made to young celebrities such as pop stars, actresses, disc jockeys, and professional footballers. Arrangements were made with secretarial colleges to organise debates. One of the major tasks which they undertook for the European Movement was the monitoring of anti meetings. They aimed to attend as many anti meetings as possible in order to distribute pro-Europe literature and to ask pro-Europe questions.

Britain and Europe during 1975 —Year of the Referendum

This bibliographical guide to *Britain and Europe during 1975 – Year of the Referendum* accompanies the Harvester/PSS microfiche collection of material produced throughout 1975. It is the third supplement to the 'package' *Britain and Europe since 1945*, which contains 26,000 pages of literature issued by 67 groups and organisations between 1945–72. This 1975 update includes material contributed by 53 pressure groups and organisations and contains more than eleven hundred individual documents. These have been arranged, listed, coded and filmed in a way which enables the user to locate any one of these eleven hundred documents very quickly and easily.

The year 1975 was a momentous one for Britain, being the year of the first Referendum ever held in this country, and one of momentous importance. The debate about Britain's membership of the European Community had continued at various levels of activity since 1945, and 1975 proved to be a high point when many new and unusual political formations were created to conduct the campaign under the guidance of two major umbrella organisations: Britain in Europe and the National Referendum Campaign. The complexity of these coalitions, the details of the arguments and the debates, and the complete documentation of the entire campaign can all be followed in this collection. And even though Thursday, 5 June 1975 gave an overwhelming vote in favour of Britain remaining a member of the EEC, the debate about the social, political and economic relationships within Europe continue and will continue for many years ahead.
